Unit description

Students in this unit have the opportunity to complete a major research project that deals with current issues in economics, under the supervision of an academic research adviser. Real world research problems are provided by an industry partner. The unit provides an opportunity for students to gain a sound understanding of how to conduct a fully-fledged research project. Students will contextualise their graduate capabilities in their final group research report.

Visit Employability Connect for important information on this unit including required preparation and closing dates for PACE activities.

### Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <a href="https://www.mq.edu.au/study/calendar-of-dates">https://www.mq.edu.au/study/calendar-of-dates</a>

## **Learning Outcomes**

On successful completion of this unit, you will be able to:

**ULO1:** Create economic knowledge-based solutions that can be applied to problems faced by key economic decision makers.

**ULO2:** Critically analyse economic issues and make policy recommendations based on economic theories and sound statistical or econometric evidence.

**ULO3:** Effectively communicate solutions to economic problems to specialist and non-specialist audiences, in written reports and oral presentations.

**ULO4:** Work in a team to develop a major group economic research report for an Industry Partner.

### **General Assessment Information**

Late Assessment Submission Penalty (written assessments)

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for <u>Special Consideration</u>.

#### **Assessment Tasks**

Name	Weighting	Hurdle	Due
Research Project Pitch	10%	No	Week 5
Problem-based learning	30%	No	Week 9
Final Research Project	60%	No	Week 13

### Research Project Pitch

Assessment Type 1: Project

Indicative Time on Task 2: 20 hours

Due: Week 5 Weighting: 10%

At the beginning of the session, students will be placed into teams of 5. Each team is then expected to complete a research project pitch, which aims to help students develop a clear sense of direction early on in their project and to support teams in organising, planning and monitoring their progress as they move forward during the session. Each research project pitch will contain information pertaining to both the individual research goals of the student and the overall research goals of each team. Completed research project pitches must be uploaded to Turnitin by week 5.

On successful completion you will be able to:

Create economic knowledge-based solutions that can be applied to problems faced by

key economic decision makers.

- Critically analyse economic issues and make policy recommendations based on economic theories and sound statistical or econometric evidence.
- Effectively communicate solutions to economic problems to specialist and non-specialist audiences, in written reports and oral presentations.
- Work in a team to develop a major group economic research report for an Industry Partner.

## Problem-based learning

Assessment Type 1: Project Indicative Time on Task 2: 30 hours

Due: Week 9 Weighting: 30%

Students will be asked to analyse economic issues in the context of the session's industry partner. The exact format will depend on the topic and the assessment will be due in week 9.

On successful completion you will be able to:

- Create economic knowledge-based solutions that can be applied to problems faced by key economic decision makers.
- Critically analyse economic issues and make policy recommendations based on economic theories and sound statistical or econometric evidence.

### Final Research Project

Assessment Type 1: Project Indicative Time on Task 2: 55 hours

Due: Week 13 Weighting: 60%

The team research project consists of both presentations and a written report. The presentations are designed to provide opportunities for constructive feedback from peers and academic staff that can be used to inform the remainder of their research projects. Selected teams will be asked to present their final research findings to the industry partner along with their peers and academic staff. Each team is required to submit to Turnitin a 5,000-word economic research paper based on the topics presented by the industry partner at the beginning of the session.

On successful completion you will be able to:

- Create economic knowledge-based solutions that can be applied to problems faced by key economic decision makers.
- Effectively communicate solutions to economic problems to specialist and non-specialist audiences, in written reports and oral presentations.
- Work in a team to develop a major group economic research report for an Industry Partner.

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- · the Writing Centre for academic skills support.

## **Delivery and Resources**

Lecture time: Friday 10am - 1pm

**Learning and teaching strategy** The learning and teaching strategy in ECON3081 recognises that students learn from contact with academic staff and their peers. It also recognises that students must take responsibility for their learning process, which includes independent study and reflection.

**Lectures and consultation seminars** The timetabled three-hour lectures for ECON3081 are in a mixed format, comprising of a variety of formal lectures, industry partner presentations, student presentations and consultation seminars. As ECON3081 is a participation and capstone unit, you are strongly encouraged to get engaged each and every lecture in order to gain vital hands-on experience and exposure to the ideas of peers, academic staff and the industry partner.

**Required and Recommended Texts** There is no set textbook for the course. Recommended reading material will be posted to the unit iLearn during the session.
