### Unit description

This unit is intended to provide students with hands-on arts management experience within the creative and cultural industries. Through project-based and work-integrated learning activities, this unit integrates academic and industry knowledge in order to maximise students' employability in this sector. In order to fulfil the requirements of this unit, students undertake a 45 hour (minimum) Internship/PACE activity working under supervision. Students choose from 3 options for this unit. Option 1 involves student-initiated placements; students can source their own Internship/PACE activity and propose this to the University for approval. Option 2 features University-assisted placements; the University can assist students with opportunities. Option 3 involves PACE partners being invited onto campus to work with student groups on a project the group(s) have been assigned by the partner organisation(s). Students seeking to enrol in this unit should contact the Arts PACE office ([pace.arts@mq.edu.au](mailto:pace.arts@mq.edu.au)) at least six weeks before the commencement of session. Visit [Employability Connect](#) for important information on this unit.

### Seminars

**SEMINAR: Please refer to your timetable. Online students will join the seminars via Zoom (the Zoom link can be found on the units ilearn page).**

## Readings

Unit readings may be accessed via the Leganto link in ilearn

## Enrolment

Students seeking to enrol in this unit should review the information available on the [MMCC3121 CareerHub website](#) and complete the Enrolment Request Form. Please note that you do not have to submit a Special Approval request to enrol in the unit. Further resources and information about doing PACE in the Faculty of Arts can be found [here](#).

## Internship/PACE Activity

MMCC3121 is a PACE unit, which is intended to provide students with hands-on experience as part of their undergraduate studies. In order to fulfil the requirements of this unit, students must undertake a 45hour (minimum) internship/PACE activity working under supervision. All placements must be approved by the University before students can proceed. Placements must be completed within semester dates (unless Early Commencement has been approved).

Students must contact the PACE Office prior to the start of session to begin organising their placement. Students have two options in this unit. They may nominate their own internship to the unit staff for approval, or they may be allocated a university placement based on their preferences. Please see the [MMCC3121 CareerHub website](#) for due dates and forms. Please note that these due dates are prior to the start of session, and so late enrolments are very difficult to accommodate.

Once students have started their approved placement, they must keep a record of their hours using the online log sheet system (link provided in iLearn). At the end of their placement, and once they have completed a minimum of 45 hours, students need to send their log sheet to their supervisor for sign-off . This must be done before the submission of the Research Report in Week 12 (further details in iLearn).

## Website

Students are expected to regularly visit the unit's [iLearn site](#) to engage with the unit materials, utilise the assessment, and career resources, and to stay up to date with unit announcements and readings. Regularly visiting the iLearn site will also help students stay in touch with the unit staff and cohort, and will also enable them to share placement experiences and assessment queries.

## Technology used and required

Computer and Internet access are required. Basic computer skills (e.g., internet browsing), skills in word processing and powerpoint, and emailing are also a requirement.

## Unit Schedule
