<tbody>
<tr>
<td>This unit focuses on the role of accounting in governance and accountability. The link between accounting and governance is discussed through the concepts of measurement, valuation, conceptual framework, reporting and communication of financial and non-financial information. The unit also acquaints students with how to apply computerised accounting software to record financial transactions and adjust accounting entries, and to prepare bank reconciliation and financial statements. On the completion of this unit, students are expected to understand the role of accounting in discharging accountability, provide accounting treatment for assets, liabilities and equity, analyse and interpret financial statements, and understand the regulatory accounting environment. Critical, analytical and integrative thinking, problem solving, communication and teamwork skills are developed through treatments of accounting transactions and events, and the completion of a business report and group project.</td>

### Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at [https://www.mq.edu.au/study/calendar-of-dates](https://www.mq.edu.au/study/calendar-of-dates)

### Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Identify and describe the role of accounting in organisational governance and
stewardship, and in discharging accountability to stakeholders.

**ULO2:** Apply skills in processing accounting information and explain classifications and/or treatments to essential accounting processes and the use of accounting software.

**ULO3:** Analyse financial statements and integrate knowledge and skills to solve business problems including working capital.

**ULO4:** Explain the regulatory accounting environment and its impact for the accounting profession.

**ULO5:** Prepare financial statements, and provide advice on routine accounting issues from appropriate regulatory and/or governance perspectives.

### General Assessment Information

**Late Assessment Submission Penalty (written assessments)**

*Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of ‘0’ will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.*

*For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to apply for [Special Consideration].*

### Participatory Task

**Assessment Type:** Participatory task  
**Indicative Time on Task:** 24 hours  
**Due:** **Continuous - Weeks 3 to 12**  
**Weighting:** 25%

This assessment task requires students to actively participate in a range of activities during tutorials. The purpose of this assessment is for students to show, with evidence, that you are
working progressively and continuously throughout the session, to achieve the unit’s learning outcomes. Participatory tasks may include all or any of the following: contribution to tutorial discussions, class tests, short in-tutorial quizzes, in-class presentations, and the completion of various in-class activities, both individual and in groups, requiring submission at the completion of tutorials. Participatory tasks start in Week 3 and end in Week 12.

On successful completion you will be able to:

• Identify and describe the role of accounting in organisational governance and stewardship, and in discharging accountability to stakeholders.
• Apply skills in processing accounting information and explain classifications and/or treatments to essential accounting processes and the use of accounting software.
• Analyse financial statements and integrate knowledge and skills to solve business problems including working capital.
• Explain the regulatory accounting environment and its impact for the accounting profession.
• Prepare financial statements, and provide advice on routine accounting issues from appropriate regulatory and/or governance perspectives.

Business Report

Assessment Type: Practice-based task
Indicative Time on Task: 20 hours
Due: Week 9
Weighting: 15%

During the session students are required to prepare a business report that analyses a company’s reporting of specific accounting transactions and corporate governance

On successful completion you will be able to:

• Identify and describe the role of accounting in organisational governance and stewardship, and in discharging accountability to stakeholders.
• Apply skills in processing accounting information and explain classifications and/or treatments to essential accounting processes and the use of accounting software.
• Analyse financial statements and integrate knowledge and skills to solve business problems including working capital.
• Prepare financial statements, and provide advice on routine accounting issues from
appropriate regulatory and/or governance perspectives.

MYOB Assignment
Assessment Type 1: Quantitative analysis task
Indicative Time on Task 2: 15 hours
Due: Week 11
Weighting: 10%

During the session students are required to undertake an accounting task using the MYOB accounting software

On successful completion you will be able to:
- Apply skills in processing accounting information and explain classifications and/or treatments to essential accounting processes and the use of accounting software.
- Analyse financial statements and integrate knowledge and skills to solve business problems including working capital.
- Prepare financial statements, and provide advice on routine accounting issues from appropriate regulatory and/or governance perspectives.

Final Examination
Assessment Type 1: Examination
Indicative Time on Task 2: 35 hours
Due: University Exam Period
Weighting: 50%

A two-hour examination will be held during the University Examination period.

On successful completion you will be able to:
- Identify and describe the role of accounting in organisational governance and stewardship, and in discharging accountability to stakeholders.
- Apply skills in processing accounting information and explain classifications and/or treatments to essential accounting processes and the use of accounting software.
- Analyse financial statements and integrate knowledge and skills to solve business problems including working capital.
- Explain the regulatory accounting environment and its impact for the accounting
profession.
• Prepare financial statements, and provide advice on routine accounting issues from appropriate regulatory and/or governance perspectives.

1 If you need help with your assignment, please contact:
• the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
• the Writing Centre for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation.

Delivery and Resources
PRESCRIBED TEXTBOOK:

• Access to the textbook is essential for lecture references and for tutorial questions. All chapter references in the unit schedule refer to the prescribed textbook unless otherwise indicated.
• There are various options available to access/purchase the textbook. Please refer to iLearn for more information on these options.

Recommended additional materials:
• Solomon, L (2013) ‘Corporate governance and accountability’, Wiley, Chichester, United Kingdom. (CHAPTER 1 only).

TECHNOLOGY USED AND REQUIRED
• You must be familiar with the learning management system, iLearn;
• Leganto where access to the e-textbook and other recommended readings are available can be found in ACCG1001 iLearn website;
• You will need to conduct research and be familiar with Internet search engines and library database to source materials;
• You will be required to use the MYOB software to complete the MYOB tasks.
UNIT WEB PAGE

- Course materials will be made available on the learning management system (iLearn). It is essential that you regularly visit the unit’s web page. It is here that you will have access to the Unit Guide, announcements, supplementary reading materials, lecture and tutorial materials, and staff consultation hours.
- The web page for this unit can be found at: http://ilearn.mq.edu.au. To access the web page, you need to enter your username, password and second factor authentication. You should contact IT Helpdesk if you need any assistance at: https://students.mq.edu.au/support/technology/service-desk

LEARNING AND TEACHING ACTIVITIES:
Classes for ACCG1001 in Session 1 2024 comprise of (1) weekly face-to-face on campus lectures and (2) weekly face-to-face on campus tutorials/online zoom tutorials.
