<td>This unit focuses on key aspects of the financial management of an organisation, including the role and responsibility of a senior financial executive and adviser in ensuring accurate reporting and managing and running all financial activities of an organisation. A variety of readings, resources and case studies are used in this unit to develop an understanding of the key issues that a senior financial executive and adviser operating in either the private or public sector will be required to address. Students will apply relevant knowledge and skills, and exercise professional judgement as expected of a senior financial executive and adviser, in taking or recommending decisions relating to the financial management of an organisation.</td>

Assessed coursework

Assessment Type 1: Participatory task
Indicative Time on Task 2: 39 hours
Due: Weekly
Weighting: 15%

Doing homework exercises and class quizzes form a critical part in the study process, as they serve to reinforce concepts that are covered in class. Students will be assessed based on:

1. weekly homework submitted online (10%). The homework submissions will be assessed on five (5) occasions without prior notice. Each homework assessment is worth a maximum of 2 marks. Marks are awarded for original effort, completeness and evidence that corrections are made as appropriate.
2. in-class online weekly quizzes (5%). They will be assessed based on student participation in weekly quizzes commencing Week 2.

On successful completion you will be able to:

- Evaluate and explain the role and responsibilities of a senior financial executive and adviser and the finance function in an organisation.
- Predict the financial and strategic consequences of potential investment and financing decisions and propose justified recommendations that effectively take these factors into account.
- Analyse the financial and strategic impact of a proposed merger, acquisition or corporate re-organisation.
- Apply and evaluate advanced treasury and risk management techniques.
- Evaluate the role of international financial institutions in the financial management of multinationals including the relevance of the economic environment.

Class Test

Assessment Type 1: Quiz/Test
Indicative Time on Task 2: 10 hours
Due: Week 7
Weighting: 15%

The online-class test is a diagnostic summative assessment designed to let students demonstrate the knowledge and skills they have attained in the first six sessions.
On successful completion you will be able to:

- Evaluate and explain the role and responsibilities of a senior financial executive and adviser and the finance function in an organisation.
- Predict the financial and strategic consequences of potential investment and financing decisions and propose justified recommendations that effectively take these factors into account.
- Evaluate the role of international financial institutions in the financial management of multinationals including the relevance of the economic environment.

Written assignment

Assessment Type 1: Case study/analysis
Indicative Time on Task 2: 20 hours
Due: Week 9
Weighting: 15%

The purpose of the professional assignment is to allow students to put financial management concepts into practice in a real life setting and allow students to demonstrate their knowledge on a group and individual basis. The assignment should help students reflect on their learning and link concepts learned in the unit to professional practice. In addition to approximately 1 500 word written assignment (7.5%), there is a group-based presentation (7.5%) based on the assignment in which students are marked individually. This is a formative assessment designed to prepare students for the final exam.

On successful completion you will be able to:

- Evaluate and explain the role and responsibilities of a senior financial executive and adviser and the finance function in an organisation.
- Predict the financial and strategic consequences of potential investment and financing decisions and propose justified recommendations that effectively take these factors into account.
- Analyse the financial and strategic impact of a proposed merger, acquisition or corporate re-organisation.
- Apply and evaluate advanced treasury and risk management techniques.
- Evaluate the role of international financial institutions in the financial management of multinationals including the relevance of the economic environment.
Final Examination

Assessment Type ¹: Examination
Indicative Time on Task ²: 20 hours
Due: Exam Period
Weighting: 55%

A two-hour examination will be held during the University Examination period.

On successful completion you will be able to:

- Evaluate and explain the role and responsibilities of a senior financial executive and adviser and the finance function in an organisation.
- Predict the financial and strategic consequences of potential investment and financing decisions and propose justified recommendations that effectively take these factors into account.
- Analyse the financial and strategic impact of a proposed merger, acquisition or corporate re-organisation.
- Apply and evaluate advanced treasury and risk management techniques.
- Evaluate the role of international financial institutions in the financial management of multinationals including the relevance of the economic environment.

¹ If you need help with your assignment, please contact:
  - the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
  - the Writing Centre for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation
