Unit description

The unit aims to evaluate the assurance engagement and other audit and assurance issues in the context of best practice and current developments. It covers the legal and regulatory environment and professional and ethical considerations, including professional liability, procedures in practice management, together with quality control and the acceptance and retention of professional engagements. The unit also covers the process of auditing of financial statements, including prospective financial information, due diligence and forensic audit. The current issues and developments as they relate to the provision of audit-related and assurance services are also covered.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Delivery and Resources

Unit delivery

Students are required to attend a weekly 3-hour seminar (commencing in Week 1). There are also learning resources that students are required to engage with to complement the weekly seminar.

Seminars will be held in an interactive format designed to facilitate further students' understanding and ability to apply concepts covered in learning resources to practical cases. Students will be expected to attend seminars prepared and willing to participate in exercises.

The timetable for classes can be found on the University website at: http://www.timetables.mq.ed u.au/

Required texts and/or materials

Students are required to purchase two texts published by BPP Learning Media:

- ACCA Advanced Audit and Assurance (International) (AAA INT) Workbook
- ACCA Advanced Audit and Assurance (International) (AAA INT) Practice & Revision Kit

Students are also expected to read relevant standards and guidance, which are available online

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

at https://www.ethicsboard.org/ and https://www.ifrs.org/issued-standards/. s/list-of-standards/.

Additional readings and resources will be available on the unit iLearn site as required.

Technology Used and Required

Students will need access to a personal computer and the internet to attend class and to review and complete learning activities and resources, including assessment details and notices from the ACCG8145 iLearn site, as well as to complete and make submissions for the assessment tasks in this Unit.

Further information on technology requirements will be available on the unit iLearn site.

The unit iLearn can be found at: http://iLearn.mq.edu.au.

You are strongly encouraged to regularly visit the website to check for important announcements and use it as a resource to enhance your learning experience.

What is required to complete this unit satisfactorily?

Students are required to achieve an overall pass for the unit to achieve a passing grade in this unit. Students are expected to be independent learners who assume personal responsibility for their learning and take a proactive approach to address any deficiencies in their understanding of the course material through independent research, inquiry, and consultations with peers and instructors as appropriate.
