Unit description

This unit provides extended formal academic support to students concurrently enrolled in the Advanced Audit and Assurance unit of the CPA program. The overall objective of this unit is to provide a body of knowledge to help students understand the nature and diversity of auditing and assurance services including quality control for audit firms and the code of ethics. It presents an overview of the auditing process and examines the objectives of the audit and assurance engagements and the environment within which an auditor or assurance practitioner operates. Ethical and professional responsibilities are emphasised to help students develop professional scepticism, professional judgement and awareness of ethical values and attitudes expected of audit professionals globally. Advanced audit techniques such as eCommerce, data analytics, group audits, using other auditors, experts, and internal auditing are analysed. Government sector auditing through performance audit engagements including attestation and direct engagements are explored along with contemporary developments in assurance engagements thereby providing future practice management opportunities in the audit and assurance services performance.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Grading Policy

MQ	CPA	Overall	Recommended Actions
(70%)	(30%)	(MQ Final Grade)	

Pass	Pass	Pass	
Pass	Fail	Incomplete	Re-enrol with CPA Australia ONLY
Pass	FA	Incomplete	Re-enrol with CPA Australia ONLY
Fail	Pass	Fail	Re-enrol with MQ ONLY
Fail	Fail	Fail	Re-enrol with MQ and CPA Australia
Fail	FA	FA	Re-enrol with MQ and CPA Australia

To be eligible to pass the unit, it is necessary to:

Gain the necessary knowledge by preparing fully and attending classes regularly and attempting **ALL** assessment components.

**Obtain at least a PASS assessment in the CPA external examination.** Note that if you do NOT pass the CPA exam, you cannot attain a pass in this Unit in this Session.

If a student passes the MQ component but fails the external CPA exam, an Incomplete grade (UL) will be given. The student must re-enrol in the failed subject with CPA Australia in the following session. If the student does not sit for the CPA exam in the following session, the UL grade will change to a Fail grade.

If a student deferred the CPA Exam in the session enrolled with MQ, the student must inform the MQBS Student Services by submitting an AskMQ inquiry so the grade can remain as UL for a session. The student will need to sit for the CPA exam in the following session and based on the CPA exam result, the grade will be finalised.

If a student has failed the same external CPA exam twice, the MQ Incomplete grade will be changed to a Fail grade, and the student will need to re-enrol with MQ and CPA Australia in the following session.

The UL grade will only be kept for one session.
