Unit description
This unit provides extended formal academic support for students concurrently enrolled in the Financial Risk Management unit of the CPA program. It provides knowledge, principles, skills and an appreciation of the treasury function in a corporate environment. It presents an overview of various aspects of treasury focusing on the identification and management of financial risks that organisations face. The unit also addresses investment evaluation, the sourcing of necessary funds for an organisation, and the application of and accounting for hedge instruments. In addition, the unit considers the need for suitable controls within the treasury function.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Demonstrate an understanding of the different financial risks that companies face and formulate strategies to manage these financial risks

ULO2: Analyse practical elements of accounting for derivatives, including embedded derivatives used for hedging purposes

ULO3: Apply accounting standards for recording financial transactions
ULO4: Analyse the significance for companies having adequate controls to safeguard against financial loss and propose specific policies and procedures to reduce risk

General Assessment Information

Late Assessment Submission Penalty Unless an application for Special Consideration has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of ‘0’ will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern. For any late submissions of time-sensitive tasks, such as scheduled tests, exams, performance assessments, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration

Class participation

Assessment Type: Participatory task
Indicative Time on Task: 24 hours
Due: Each week
Weighting: 10%

Students are required to actively participate in class discussions both individually and in a group context when required. Prior preparation is necessary for active participation. The participation mark will be a result of attempting to participate, as well as the quality and frequency of that participation. Class participation is designed to encourage and help students achieve the learning outcomes of this unit.

On successful completion you will be able to:
- Demonstrate an understanding of the different financial risks that companies face and
formulate strategies to manage these financial risks

• Analyse practical elements of accounting for derivatives, including embedded derivatives used for hedging purposes

• Apply accounting standards for recording financial transactions

• Analyse the significance for companies having adequate controls to safeguard against financial loss and propose specific policies and procedures to reduce risk

Class tests 1

Assessment Type 1: Quiz/Test
Indicative Time on Task 2: 20 hours
Due: Week 6
Weighting: 20%

An online class test comprising of multiple-choice questions will be conducted in computer labs. This test is designed to provide feedback to students on their level of understanding of key topics and concepts covered and to identify any particular learning challenges or areas of difficulties.

On successful completion you will be able to:

• Demonstrate an understanding of the different financial risks that companies face and formulate strategies to manage these financial risks

• Analyse practical elements of accounting for derivatives, including embedded derivatives used for hedging purposes

• Apply accounting standards for recording financial transactions

• Analyse the significance for companies having adequate controls to safeguard against financial loss and propose specific policies and procedures to reduce risk

Class test 2

Assessment Type 1: Quiz/Test
Indicative Time on Task 2: 20 hours
Due: Week 10
Weighting: 20%

An online class test comprising of multiple-choice questions will be conducted in computer labs. This test is designed to provide feedback to students on their level of understanding of key topics and concepts covered and to identify any particular learning challenges or areas of difficulties.
On successful completion you will be able to:

- Demonstrate an understanding of the different financial risks that companies face and formulate strategies to manage these financial risks
- Analyse practical elements of accounting for derivatives, including embedded derivatives used for hedging purposes
- Apply accounting standards for recording financial transactions
- Analyse the significance for companies having adequate controls to safeguard against financial loss and propose specific policies and procedures to reduce risk

**Business Report**

Assessment Type ¹: Case study/analysis  
Indicative Time on Task ²: 36 hours  
Due: **Week 12 & 13**  
Weighting: **20%**

Students will write a 1,500 word report (worth 10%) and each student will give a 5-minute presentation (worth 10%) outlining their findings and recommendations. The focus of the task will be to identify the key financial risks of a (public listed) company allocated to the team. The team will need to propose methods to manage the risks and identify suitable benchmarks to measure Treasury’s performance.

On successful completion you will be able to:

- Demonstrate an understanding of the different financial risks that companies face and formulate strategies to manage these financial risks
- Analyse practical elements of accounting for derivatives, including embedded derivatives used for hedging purposes

**CPA External Exam**

Assessment Type ¹: Examination  
Indicative Time on Task ²: 20 hours  
Due: **CPA Examination period**  
Weighting: **30%**  
*This is a hurdle assessment task (see assessment policy for more information on hurdle assessment tasks)*

Examination administered by CPA Australia. CPA Australia will advise on the format and topics included in the final exam. Students need to achieve at least a PASS mark in this CPA external
examination. If students do not pass this CPA examination, students will not pass this unit.

On successful completion you will be able to:

- Demonstrate an understanding of the different financial risks that companies face and formulate strategies to manage these financial risks
- Analyse practical elements of accounting for derivatives, including embedded derivatives used for hedging purposes
- Apply accounting standards for recording financial transactions
- Analyse the significance for companies having adequate controls to safeguard against financial loss and propose specific policies and procedures to reduce risk

1 If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the Writing Centre for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation.

**Delivery and Resources**

- Required Text CPA Program: CPA Financial Risk Management 4th Edition (enhanced) • Unit Web Page www.mq.edu.au • Technology used and required familiarity with iLearn and access to a computer • Delivery format and other details, including timetable found at http://timetables.mq.edu.au • Recommended readings mentioned in CPA Financial Risk Management text • Other course materials as suggested in the CPA text or in iLearn

### Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central](https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- Academic Appeals Policy
- Academic Integrity Policy
- Academic Progression Policy
- Assessment Policy
- Fitness to Practice Procedure
- Assessment Procedure
- Complaints Resolution Procedure for Students and Members of the Public
- Special Consideration Policy

Students seeking more policy resources can visit [Student Policies](https://students.mq.edu.au/support/study/policies). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit [Policy Central](https://policies.mq.edu.au) and use the search tool.

### Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: [https://students.mq.edu.au/admin/other-resources/student-conduct](https://students.mq.edu.au/admin/other-resources/student-conduct)

Results

Results published on platform other than eStudent, (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au

Academic Integrity

At Macquarie, we believe academic integrity – honesty, respect, trust, responsibility, fairness and courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free online writing and maths support, academic skills development and wellbeing consultations.

</tbody>
</table>

To be eligible to pass the unit, it is necessary to:

Gain the necessary knowledge by preparing fully and attending classes regularly and attempting ALL assessment components.

Obtain at least a PASS assessment in the CPA external examination. Note that if you do NOT pass the CPA exam, you cannot attain a pass in this Unit in this Session.

If a student passes the MQ component but fails the external CPA exam, an Incomplete grade (UL) will be given. The student must re-enrol in the failed subject with CPA Australia in the following session. If the student does not sit for the CPA exam in the following session, the UL grade will change to a Fail grade.
If a student deferred the CPA Exam in the session enrolled with MQ, the student must inform the MQBS Student Services by submitting an AskMQ inquiry so the grade can remain as UL for a session. The student will need to sit for the CPA exam in the following session and based on the CPA exam result, the grade will be finalised.

If a student has failed the same external CPA exam twice, the MQ Incomplete grade will be changed to a Fail grade, and the student will need to re-enrol with MQ and CPA Australia in the following session.

The UL grade will only be kept for one session.

Student Support
Macquarie University provides a range of support services for students. For details, visit [http://students.mq.edu.au/support/](http://students.mq.edu.au/support/)

**The Writing Centre**
The Writing Centre provides resources to develop your English language proficiency, academic writing, and communication skills.

- Workshops
- Chat with a WriteWISE peer writing leader
- Access StudyWISE
- Upload an assignment to Studiosity
- Complete the Academic Integrity Module

The Library provides online and face to face support to help you find and use relevant information resources.

- Subject and Research Guides
- Ask a Librarian

**Student Services and Support**
Macquarie University offers a range of Student Support Services including:

- IT Support
- Accessibility and disability support with study
- Mental health support
- Safety support to respond to bullying, harassment, sexual harassment and sexual assault
- Social support including information about finances, tenancy and legal issues
- Student Advocacy provides independent advice on MQ policies, procedures, and processes
Student Enquiries
Got a question? Ask us via AskMQ, or contact Service Connect.

IT Help
For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/.

When using the University’s IT, you must adhere to the Acceptable Use of IT Resources Policy. The policy applies to all who connect to the MQ network including students.
