Unit description

This unit gives students the opportunity to test how their finance skills can be applied in practice by exposure to leading industry professionals. The topics selected go beyond traditional corporate and investment finance, and include coverage of the latest issues and real world scenarios. Students will learn first hand from practitioners on current and future trends and skills required in finance to prepare them as they embark on their careers in the industry. The projects completed in the unit are carefully set in conjunction with the industry professionals, giving students the opportunity to show evidence of demonstrated learning and the application of finance knowledge from a broader perspective. Visit [Employability Connect](#) for important information on this unit.

Important Academic Dates

General Assessment Information

Late Assessment Submission Penalty (written assessments)

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for [Special Consideration](#).

Assessment Tasks

Name	Weighting	Hurdle	Due
Industry Partner Project	40%	No	Week 8
Final Report	30%	No	Week13
Group Presentation	30%	No	Week13

Industry Partner Project

Assessment Type ¹: Case study/analysis

Indicative Time on Task ²: 40 hours

Due: **Week 8**

Weighting: **40%**

In collaboration with our industry partners, students will be engaged in a significant project that reflects the real-world challenges and practices of the finance industry. The project will encourage students to apply their theoretical knowledge to real-world situations, develop innovative solutions, and engage in analytical thinking. The nature and focus of the project will vary depending on the specific industry partner and current trends in the industry.

On successful completion you will be able to:

- Synthesise financial theory with real-world practice.
- Apply critical thinking to complex financial problems.

Final Report

Assessment Type ¹: Report

Indicative Time on Task ²: 20 hours

Due: **Week13**

Weighting: **30%**

At the end of the semester, students are expected to submit a final report that critically evaluates the strategies employed and the outcomes of the project. This report should display the students' understanding of the relevant financial concepts, critical evaluation of their application, and reflection on the learnings from the project.

On successful completion you will be able to:

- Synthesise financial theory with real-world practice.
- Reflect on the impact of financial decisions on various stakeholders and the wider community.

Group Presentation

Assessment Type ¹: Presentation

Indicative Time on Task ²: 20 hours

Due: **Week13**

Weighting: **30%**

Each group will present their project to the class, including a critical analysis of the process, strategies used, results achieved, and their reflections. The presentation should showcase the group's problem-solving skills, teamwork, and their ability to communicate complex financial concepts and strategies effectively.

On successful completion you will be able to:

- Demonstrate effective teamwork and communication skills.
- Integrate technology and sustainability considerations into financial decision-making.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment

- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation
