Unit description

This unit is designed to give students a comprehensive understanding of the sustainability challenges facing organisations, and to highlight business risks and opportunities that are emerging as a consequence of global environmental change. Furthermore, the unit is designed to enable students to challenge the status quo of "business-as-usual" and to search for innovative solutions to some of the pressing issues impacting organisations, including changes in ecological parameters through climate change, more frequent and/or severe extreme weather events and natural resource scarcity. The unit seeks to use frame-breaking approaches to problem solving and the development of organisational strategies.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Explain the range of challenges organisations are facing resulting from changing environmental conditions.

**ULO2:** Critically evaluate the strengths and limitations of policy development related to sustainability and climate change.

**ULO3:** Consider the rational and process for undertaking a greenhouse gas/carbon emission and energy audit.

**ULO4:** Use a framework to help identify the innovation and response needs of an organisation.

**ULO5:** Work productively in a group to prepare and present a research project.

## General Assessment Information

The table below provides a summary of the assessment tasks you are required to complete for this unit. Details of each task are provided in the links below. The assessment tasks are key learning activities for the unit. If you are unclear about anything in the task details, please ask the teaching staff sooner rather than later.

### Late Assessment Submission Penalty (written assessments)

*Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.*

## Assessment Tasks

Name	Weighting	Hurdle	Due
