Unit description

This unit introduces students to the financial world of fixed income securities and their markets, explains the risks of these securities, and presents the tools used in their valuation. The unit focuses on both the theoretical and practical aspects of fixed income investment. The topics covered include analysis of fixed income securities and markets, term structure of interest rates, valuation principles of various types of fixed income securities, and portfolio management strategies using fixed income securities.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Analyse the different types of fixed income securities and their characteristics.

**ULO2:** Examine the methods of valuing different types of fixed income securities.

**ULO3:** Evaluate the roles of fixed income securities in portfolio construction and their market operations.

**ULO4:** Apply strategies and interest rate immunization in fixed income securities management.

## General Assessment Information

### Late Assessment Submission Penalty (written assessments)

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for [Special Consideration](#).

## Delivery and Resources

Fabozzi F.J. (2022) *Bond Markets, Analysis and Strategies (10th Edition)*, you can find it from Amazon or other platform.

<https://www.amazon.com/Bond-Markets-Analysis-Strategies-tenth/dp/026204627X>

Please note: the 8th 9th edition can also be used as most of the content has not changed. Also, the eBook format is a little bit strange as some figures or tables are wrapped in different shape)

Some other research papers will also be provided on iLearn.

A lot of our offerings from this unit are suitable for students who want to attend CFA test level 1 and 2, so you may find additional readings from CFA text book as additional knowledge.
