Lectures and tutorials focus on developing students' knowledge and skills for managing school students' behaviour and the principles of assessment and reporting.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

On successful completion of this unit, you will be able to:

ULO1: Plan for and implement effective teaching for the relevant teaching subject(s).

ULO2: Describe key components of classroom management for effective learning.

ULO3: Plan for classroom management, taking into account the theoretical bases of behaviour and knowledge approaches.

ULO4: Describe and explain key concepts of educational assessment.

ULO5: Apply understanding of educational assessment in a variety of ways that inform and enhance pedagogy.

General Assessment Information

Academic Integrity

- Students should be aware of and apply the University policy on academic honesty (see: <https://policies.mq.edu.au/document/view.php?id=3>)
- In accordance with the Academic Integrity Policy a student must take responsibility, be proactive, take ownership and hold oneself responsible for ensuring all information and content, including citations and references in their assessment, have been generated and communicated in an ethical, honest and responsible manner. Failure to show responsibility by checking the accuracy and integrity of your own content, citations and references, or the submission of falsified content, is a breach of the Academic Integrity Policy.

Assessment Task Submission

- Unless a Special Consideration (see: <https://students.mq.edu.au/study/assessment-exams/special-consideration>) request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of, 0 (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11:55pm. A 1-hour grace period is provided to students who experience a technical issue. This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc).
- Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.
- Please format assessments using 12-point font and 1.5 spacing.
- All assessments are submitted electronically. Turnitin plagiarism detection software is

used to check all written assessments.

- Students can use Turnitin's Originality Report as a learning tool to improve their academic writing if this option is made available in the unit.
- Students should carefully check that they submit the correct file for an assessment as no re-submissions will be accepted after the due date and time, including instances where students upload an incorrect file in error.
- Word limits are strictly applied. Work above the word limit will not be marked.
- All assessments are marked using a clear marking scheme or a rubric.
- Marking of all assessments is moderated by the Unit Convenor.
- Applications for extensions must be made via AskMQ (<https://ask.mq.edu.au/>).
- It is **not the responsibility** of unit staff to contact students who have failed to submit assessments. If you have any missing items of assessment, it is your responsibility to make contact with the unit convenor.

Units with Exams

- The [exam timetable](#) is not typically finalised until mid-semester. Once it is available, please take careful note of the date and time of the exam. No early examinations can be set for individuals. Do not plan leave until you have seen the exam timetable.
- The exam is an invigilated, on-campus exam. Students are expected to be available at the date and time designated in the exam timetable. If you experience serious and unavoidable difficulties at exam time, you can consider applying for [Special Consideration](#). For students who have experienced serious and unavoidable difficulties at exam time, a later supplementary exam will be held, and any such students must make themselves available for whenever that is scheduled.

Changes from Previous Offering

Change to Professional Experience

From 2024 the Professional Experience (PEX) requirement changes in duration from 10 to 15 days.

5Rs Framework

At Macquarie University we aim to produce graduates who not only have relevant discipline knowledge and teaching know-how, but who also understand and strive for those capabilities that will make teaching a sustaining career for years to come. Embedded in all our teaching courses is the Macquarie's 5R's framework which helps develop our graduates to be:

1. *Resilient*
2. *Reflexive in their teaching practice*
3. *Responsive to children, colleagues, parents, professionals and communities*
4. *Ready to learn, and*
5. *Research engaged*

In this unit you will learn using the 5Rs framework in the following ways:

RESILIENT Students will need to balance a long PEx with their unit assessments as well as other life demands.

REFLEXIVE Students are required to reflect on practice and act on their insights during PEx and for AT2.

RESPONSIVE Students will respond to needs of students as well as the class in general during PEx.

READY TO LEARN Constant reflection in and on practice means that students must be ready to learn from what they experience and apply it.

RESEARCH ENGAGED Students will use current research to inform decisions and practice relating to student behaviour and learning.

Acknowledgment of Country

The Macquarie School of Education recognizes the Darug people as the traditional custodians of the land upon which we learn and teach. In particular, we would like to acknowledge the Wallamattagal clan of the Darug Nation, the traditional custodians of the land on which Macquarie University lies, whose customs have nurtured and continue to nurture the land on which we are meeting and learning. The totem of the Wallamattagal clan is Wallumai, a black snapper fish that has been described this as a “shy but clever fish who uses the shadows and patterns created by the mangroves to protect the younger fish. The mangroves are their nursery, their school and their home. The mangroves represent life – the obstacles and tangles that we need to navigate. Once we learn the right path to take, we are safe in that knowledge and in our lives.” ¹

Professional Experience Information

Passing a Professional Experience Unit

To pass a Professional Experience unit, students must achieve a satisfactory result for their professional experience placement AND achieve a satisfactory result overall for their academic assessment tasks (where applicable) in the unit.

Professional Experience Unit Placement Expectations

- Students must be able to present evidence of completion of several tasks prior to session census date (or as otherwise advised) in order to receive a placement for Professional Experience. Please check your email from the Work Integrated Learning

(WIL) Office. Requirements are outlined here as well: <https://education.nsw.gov.au/teaching-and-learning/professional-learning/pl-resources/pre-service-teacher-resources/induction-for-pre-service-teachers/mandatory-pre-requisites-for-pre-service-teachers-participating->

- Students must have submitted all written assessment tasks and/or associated unit component requirements prior to the commencement of the block.
- Students who are completing a unit offered by another department are expected to inform and negotiate with that unit convenor about their professional experience block dates and to discuss how that unit's requirements can be met. For some situations, it may mean that you are enrolled externally for that unit so that your attendance for tutorials for that unit is not impacted.
- Feedback from Tertiary Supervisors and/or Supervising Teachers is of a general nature. It is incumbent on the student to check the requirements of any assessments or bookwork prior to submission.
- If a Student is identified as being **in need of additional support** for Professional Practice and/or Bookwork, the School of Education's '**Additional Support**' procedure will be activated.
- Students may not be able to commence their placement until all alleged academic honesty breaches have been investigated and concluded.
- The timing of placements can vary. For placements early in the Session, Fail grades may be approved by the University prior to the end of Session for students who do not meet the placement expectations of the Unit.

Fitness to practice requirements

Macquarie University operates under a 'Fitness to Practice' model as specified in the University's Academic Progression Policy. For this Unit, this means that, when undertaking a placement, a student is declaring that they are able to demonstrate professional competence, acceptable professional behaviour, freedom from impairment, and compliance with program specific requirements needed for a student to practice properly and safely throughout their Practical, Clinical or Professional program or unit. It is the responsibility of the student to determine whether they are fit to undertake a placement. Therefore, if a student is feeling unfit to undertake a placement, they should not do so. For more information <https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/academic-progression>

Fail Rule

This unit is a part of a professional course listed on Schedules 2 and 3 of the Academic Progression Policy. This course has additional requirements that are applicable for the full duration of the course, including course-specific inherent requirements, Fitness to Practice requirements and other compulsory course requirements. It also has rigorous academic progression standards. Inability to meet these requirements may result in a withdrawal of offer of admission and/or permanent exclusion from the course in accordance with the General Coursework Rules.
