Unit description

This unit is the first of a three-unit sequence that introduces students to English teaching in the primary years. It includes the first Professional Experience placement for the course. Learning will include a focus on language, literacy and children's literature in Australian curriculum and other policy documents, and a focus on quality research-informed teaching strategies. The unit offers a systematic, research-based introduction to foundational knowledge of language and literacies, and provides opportunities to develop knowledge of the language system and its uses, purposes, and practices in reading and writing for a range of audiences and purposes and in a range of mediums including visual and multi-modal forms. Learning and teaching will develop understanding of the integration of technology, the role of quality texts in supporting literacy learning, and how to nurture creativity and engagement in English during the primary years. Students complete a professional experience placement where they work with a Supervising Teacher and gain experience in curriculum, pedagogy, and classroom management in a school environment. During this professional experience placement, students will engage in reflexive practices to evaluate and critique their experiences and knowledge, and gain experience in evidence-based teaching practice.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Analyse the features and role of the language modes (reading, writing, speaking, listening, viewing and representing) and apply this knowledge to enhance one's own and students' learning.

**ULO2:** Evaluate the features of language systems and communication critical to code breaking and meaning making and apply this knowledge to enhance teaching and learning.

**ULO3:** Understand and analyse the features of language systems, communication practices, and text genres critical for using and producing effective texts to enhance own and students' learning.

**ULO4:** Apply a foundational knowledge of language, images, and context to analyse and evaluate instructional practices and texts, their linguistic features, effectiveness, and social purposes.

**ULO5:** Develop and apply research-informed strategies to create Syllabus aligned classroom learning experiences that utilise a range of mediums, pedagogies and language modes including multi-modal texts and respond to the diversity of K-6 student learners.

## General Assessment Information

- Students should be aware of and apply the University policy on academic integrity (see: <https://policies.mq.edu.au/document/view.php?id=3>)
- Unless a Special Consideration (see: <https://students.mq.edu.au/study/assessment-exams/special-consideration>) request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of, 0 (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11:55pm. A 1-hour grace period is provided to students who experience a technical issue. This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc).

- Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.
- Please format assessments using 12-point font and 1.5 spacing.
- All assessments are submitted electronically. Turnitin plagiarism detection software is used to check all written assessments.
- Students can use Turnitin's Originality Report as a learning tool to improve their academic writing if this option is made available in the unit.
- Students should carefully check that they submit the correct file for an assessment as no re-submissions will be accepted after the due date and time, including instances where students upload an incorrect file in error.
- Word limits are strictly applied. Work above the word limit will not be marked.
- All assessments are marked using a clear marking scheme or a rubric.
- Marking of all assessments is moderated by the Unit Convenor.
- Applications for extensions must be made via AskMQ (<https://ask.mq.edu.au/>).
- It is **not the responsibility** of unit staff to contact students who have failed to submit assessments. If you have any missing items of assessment, it is your responsibility to make contact with the unit convenor.

### **Quiz Assessments**

Quizzes are an individual assessment task and **MUST BE COMPLETED by each student individually**. Similarities in responses between students will be checked and investigated for possible collusion.

### **A Note on AI Use in this Unit**

Artificial intelligence software cannot be used for quizzes.

Your assignments cannot report content generated by a third party or AI sources. Please note that information or references generated by a third party or AI (e.g. Multisearch, Google Scholar, Chat GPT, etc.) needs to be checked for accuracy and reliability. AI and third party information generators are notorious for providing wrong, false, and incomplete information.

## University policy on grading

### Criteria for awarding grades for assessment tasks

Assignments will be awarded grades ranging from HD to F according to guidelines set out in the University's Grading Policy. For Professional Experience (PEX) units the PE Report is marked as satisfactory or unsatisfactory and the Teaching Performance Assessment (in final PE units) is marked as not meets, meets or exceeds.

### Descriptive Criteria for awarding grades in the unit

To meet the unit outcomes and successfully pass this unit, students should attempt all assessment tasks.

Grade	Descriptor
<b>HD</b> (High Distinction)	Provides consistent evidence of deep and critical understanding in relation to the learning outcomes. There is substantial originality and insight in identifying, generating and communicating competing arguments, perspectives or problem-solving approaches; critical evaluation of problems, their solutions and their implications; creativity in application as appropriate to the discipline.
<b>D</b> (Distinction)	Provides evidence of integration and evaluation of critical ideas, principles and theories, distinctive insight and ability in applying relevant skills and concepts in relation to learning outcomes. There is demonstration of frequent originality in defining and analysing issues or problems and providing solutions; and the use of means of communication appropriate to the discipline and the audience.
<b>Cr</b> (Credit)	Provides evidence of learning that goes beyond replication of content knowledge or skills relevant to the learning outcomes. There is demonstration of substantial understanding of fundamental concepts in the field of study and the ability to apply these concepts in a variety of contexts; convincing argumentation with appropriate coherent justification; communication of ideas fluently and clearly in terms of the conventions of the discipline.
<b>P</b> (Pass)	Provides sufficient evidence of the achievement of learning outcomes. There is demonstration of understanding and application of fundamental concepts of the field of study; routine argumentation with acceptable justification; communication of information and ideas adequately in terms of the conventions of the discipline. The learning attainment is considered satisfactory or adequate or competent or capable in relation to the specified outcomes
<b>F</b> (Fail)	Does not provide evidence of attainment of learning outcomes. There is missing or partial or superficial or faulty understanding and application of the fundamental concepts in the field of study; missing, undeveloped, inappropriate or confusing argumentation; incomplete, confusing or lacking communication of ideas in ways that give little attention to the conventions of the discipline.

*Note: If you fail a unit with a professional experience component, the fail grade will be on your transcript irrespective of the timing of the placement.*

### Withdrawing from this unit

If you are considering withdrawing from this unit, please seek academic advice via <https://ask.mq.edu.au> before doing so as this unit may be a co-requisite or prerequisite for units in the following sessions and may impact your course progression.

## Results

Results shown in iLearn, or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit <https://ask.mq.edu.au>

## Assessment Tasks

Name	Weighting	Hurdle	Due
<a href="#">Literacy across the language modes quiz</a>	40%	No	Q 1–3 18:00-19:00 13/03; 03/04; 01/05/24. Q4 09:00 05/06/24
<a href="#">Planning for Professional Experience: text analysis and lesson planning with justification</a>	60%	No	Part A 23:55 24/04/2024; Part B 23:55 12/06/2024
<a href="#">Professional Experience Report</a>	0%	Yes	Placement 13/05/2024–31/05/2024. Report due 23:55 03/06/2024

### Literacy across the language modes quiz

Assessment Type <sup>1</sup>: Quiz/Test

Indicative Time on Task <sup>2</sup>: 15 hours

Due: **Q 1–3 18:00-19:00 13/03; 03/04; 01/05/24. Q4 09:00 05/06/24**

Weighting: **40%**

2 hours in total (may be administered as 4 x 30 mins quizzes, for example). Apply knowledge of literacy instruction and knowledge about language and images across the six language modes, and design productive literacy learning activities for given text/s.

On successful completion you will be able to:

- Evaluate the features of language systems and communication critical to code breaking and meaning making and apply this knowledge to enhance teaching and learning.
- Understand and analyse the features of language systems, communication practices, and text genres critical for using and producing effective texts to enhance own and students' learning.

- Apply a foundational knowledge of language, images, and context to analyse and evaluate instructional practices and texts, their linguistic features, effectiveness, and social purposes.

## Planning for Professional Experience: text analysis and lesson planning with justification

Assessment Type **1**: Portfolio

Indicative Time on Task **2**: 20 hours

Due: **Part A 23:55 24/04/2024; Part B 23:55 12/06/2024**

Weighting: **60%**

A/ 1000 words. Textual analysis and annotation. Students analyse and interpret the language of one fictional and one non fictional instructional text to demonstrate fundamental understandings of language relevant to English/literacy instruction.

B/ 1500 words. Learning and teaching sequence including justification. Students use applied literacy examples to design and plan literacy learning experiences aligned to English curriculum documents and appropriate for target learners. Students justify learning experiences using understanding of fundamental concepts in language and literacy education and research.

On successful completion you will be able to:

- Analyse the features and role of the language modes (reading, writing, speaking, listening, viewing and representing) and apply this knowledge to enhance one's own and students' learning.
- Evaluate the features of language systems and communication critical to code breaking and meaning making and apply this knowledge to enhance teaching and learning.
- Understand and analyse the features of language systems, communication practices, and text genres critical for using and producing effective texts to enhance own and students' learning.
- Apply a foundational knowledge of language, images, and context to analyse and evaluate instructional practices and texts, their linguistic features, effectiveness, and social purposes.
- Develop and apply research-informed strategies to create Syllabus aligned classroom learning experiences that utilise a range of mediums, pedagogies and language modes including multi-modal texts and respond to the diversity of K-6 student learners.

## Professional Experience Report

Assessment Type **1**: Field work task

Indicative Time on Task <sup>2</sup>: 0 hours

Due: **Placement 13/05/2024–31/05/2024. Report due 23:55 03/06/2024**

Weighting: 0%

**This is a hurdle assessment task (see [assessment policy](#) for more information on hurdle assessment tasks)**

Supervising Teacher submits PE Evaluation Report on Teacher Education Student.

While on placement, Teacher Education Students must implement two connected literacy lesson plans and are required to read to the children using quality children's literature texts. TESs will demonstrate facility in using NSW Foundation Style handwriting when teaching.

On successful completion you will be able to:

- Analyse the features and role of the language modes (reading, writing, speaking, listening, viewing and representing) and apply this knowledge to enhance one's own and students' learning.
- Evaluate the features of language systems and communication critical to code breaking and meaning making and apply this knowledge to enhance teaching and learning.
- Understand and analyse the features of language systems, communication practices, and text genres critical for using and producing effective texts to enhance own and students' learning.
- Apply a foundational knowledge of language, images, and context to analyse and evaluate instructional practices and texts, their linguistic features, effectiveness, and social purposes.
- Develop and apply research-informed strategies to create Syllabus aligned classroom learning experiences that utilise a range of mediums, pedagogies and language modes including multi-modal texts and respond to the diversity of K-6 student learners.

<sup>1</sup> If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

<sup>2</sup> Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

## Delivery and Resources

### Compulsory Texts

Fellowes, J. & Oakley, G. (2024). *Language, literacy and early childhood education* (4<sup>th</sup> ed.). Oxford University Press.

Derewianka, B. (2022). *A new grammar companion for teachers* (3<sup>rd</sup> ed.). Primary English Teaching Association Australia.

### Highly recommended

Cavanagh, M. & Prescott, A. (2022). *Your professional experience handbook: A guide for preservice teachers* (2<sup>nd</sup> ed.). Pearson. **This is highly recommended as it is relevant to all your professional experience units of study.**

Humphrey, S., Droga, L., & Feez, S. (2012). *Grammar and meaning* (2<sup>nd</sup> ed.). Primary English Teaching Association Australia (PETAA). **This book includes activities with answers, for developing and applying your grammar knowledge.**

### iLearn site

This unit has a full web presence through *iLearn*.

Students will need regular access to a computer and the internet to complete this unit.

Weekly access to iLearn is compulsory for all students. Important assessment information will be posted there, as will other relevant unit notices and materials.

Various activities and materials for discussion and tutorial preparation will be provided. Electronic links and suggested references will be included in the Leganto section, which is linked to the library. **Please check the *iLearn* site for the unit regularly.**

### Structure

The unit will be delivered using a combination of lectures and tutorials, and there is a three-week block professional experience placement in schools towards the end of the session.

#### Lectures

Lectures are pre-recorded and are available along with lecture slides from the iLearn site's Echo360 component. Students must listen to *and view* all lectures, making use of the full multimodal text of the lectures (i.e., not merely listening without watching). **It is expected that students will engage in the active learning strategy of note-making**, that is, creating their own notes of all lectures. This helps to build long-term memory and develop deeper understanding, because selecting key points to write down involves more thought than mere transcription.

There are 16 hours of lecture content, some of which is delivered in shorter mini-lectures although most are roughly 1-hour lectures. There is an *average* of 3 hours of lectures across each fortnight of the teaching weeks.

The weekly program for the course with the accompanying readings/ preparation will be available on the unit iLearn site.

### Tutorials (and on-campus session for Infrequent mode)

For students enrolled in the **'In-person - Weekday' attendance mode**, there are **weekly 1.5-hour tutorials held in Weeks 1 to 10** (note - no tutorials on Easter Monday). Total tutorial time: 13.5 hours. Attendance at all tutorials is expected.

For students enrolled in the **'In-person - Infrequent' attendance mode**, there is a combination of **online 1.5-hour tutorials (on 20/2, 27/2, 5/3, 12/3, 2/4, 30/4 and 7/5) and one half-day on-campus session (on 22/3)**. Total online tutorial plus seminar time: 13.5 hours, made up of 10.5 hours in online tutorials and 3 hours in the on-campus session. Attendance at all online tutorials and on-campus sessions is expected.

In tutorials and at on-campus sessions (as relevant to their enrolment mode), students will discuss issues and questions arising from the lectures and prescribed readings. **In most weeks short class preparation tasks will be set and should be completed before tutorials.** Students are required to participate in small group activities and whole class discussion, to read the weekly material in advance, and to complete brief tasks either as individuals or in pairs. Students are expected to base their arguments/discussions on evidence from published research and other relevant material.

### Access and technical assistance

Information for students about access to the online component of this unit is available at <https://ilearn.mq.edu.au/login/index.php>. You will need to enter your student username and password.

Please do **NOT** contact the Unit Convenor regarding *iLearn* technical help.

Assistance is available from IT Helpdesk

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.

## School of Education Procedures

In addition, the following policies and procedures of the School of Education are applicable in this unit.

### Attendance for Master of Teaching (Primary and Secondary) units

*Attendance at all synchronous activities, completion of non-synchronous formative/diagnostic class tasks and involvement in professional forums is compulsory as the Master of Teaching is a professional qualification. All students must meet the 80% attendance requirement.*

Activities completed during tutorials or on-campus sessions are essential for building the core knowledge and/or skills required to demonstrate the learning outcomes of this unit and to meet the AITSL Graduate Teacher Standards. Attendance at all tutorials or on campus days is expected and the roll will be taken.

Students are required to attend the tutorial in which they are enrolled. Any changes to tutorial enrolments must be completed officially through e-Student. Please do not contact the unit convenor requesting a change.

**All classes** in this unit for both 'Weekday' and 'Infrequent' offerings **begin in Week 1**.

### Electronic Communication

It is the student's responsibility to check all electronic communication on a regular weekly basis. Communication may occur via:

- Official *MQ Student Email Address*
- The *Dialogue* function on iLearn
- Other iLearn communication functions

### Infrequent Attendance Students

**Information about the dates of the on-campus sessions for all your units of study can be found in the university timetable. [Creating your timetable - Enrolling | Macquarie Universit](#)**

## y, Sydney (mq.edu.au)

- The on-campus sessions are essential to student engagement and learning and attendance is expected. Failure to attend or to have an approved Special Consideration may result in a Fail grade for the unit.
- Prior to the on-campus sessions, you should have read the prescribed readings and listened to the lectures. Summarise the main points and make a note of the key terms and definitions. Prepare any discussion questions of your own that you wish to share.
- Please make effective use of the online component of the unit and access iLearn regularly. Keep up to date with listening to the lectures on a weekly basis.
- Further specific details and any updates about times and locations will be posted on iLearn as an Announcement during first half of the semester.

### **Fail Rule**

This unit is a part of a professional course listed on Schedules 2 and 3 of the Academic Progression Policy. This course has additional requirements that are applicable for the full duration of the course, including course-specific inherent requirements, Fitness to Practice requirements and other compulsory course requirements. It also has rigorous academic progression standards. Inability to meet these requirements may result in a withdrawal of offer of admission and/or permanent exclusion from the course in accordance with the General Coursework Rules.

### **LANTITE**

In order to enrol in your EDST8240 professional experience unit, you must have met the standard for both the Literacy and Numeracy test prior to commencing the unit. Enrolling in EDST8240 while waiting for your results will not be accepted.

### **Passing a Professional Experience Unit**

To pass a Professional Experience unit, students must achieve a satisfactory result for their professional experience placement AND achieve a satisfactory result overall for their academic assessment tasks (where applicable) in the unit.

### **Professional Experience Unit Placement Expectations**

- Students must be able to present evidence of completion of several tasks prior to session census date (or as otherwise advised) in order to receive a placement for

Professional Experience. Please check your email from the Work Integrated Learning (WIL) Office. Requirements are outlined here as well: <https://education.nsw.gov.au/teaching-and-learning/professional-learning/pl-resources/pre-service-teacher-resources/induction-for-pre-service-teachers/mandatory-pre-requisites-for-pre-service-teachers-participating->

- Students must have submitted all relevant written assessment tasks and/or associated unit component requirements prior to the commencement of the block.
- Students who are completing a unit offered by another department are expected to inform and negotiate with that unit convenor about their professional experience block dates and to discuss how that unit's requirements can be met. For some situations, it may mean that you are enrolled externally for that unit so that your attendance for tutorials for that unit is not impacted.
- Feedback from Tertiary Supervisors and/or Supervising Teachers is of a general nature. It is incumbent on the student to check the requirements of any assessments or bookwork prior to submission.
- If a Student is identified as being **in need of additional support** for Professional Practice and/or Bookwork (Documentation), the School of Education's '**Additional Support**' procedure will be activated.
- Students may not be able to commence their placement until all alleged academic honesty breaches have been investigated and concluded.
- The timing of placements can vary. For placements early in the Session, Fail grades may be approved by the University prior to the end of Session for students who do not meet the placement expectations of the Unit.

### **Fitness to practice requirements**

- Macquarie University operates under a 'Fitness to Practice' model as specified in the University's Academic Progression Policy. For this Unit, this means that, when undertaking a placement, a student is declaring that they are able to demonstrate professional competence, acceptable professional behaviour, freedom from impairment, and compliance with program specific requirements needed for a student to practice properly and safely throughout their Practical, Clinical or Professional program or unit. It is the responsibility of the student to determine whether they are fit to undertake a

placement. Therefore, if a student is feeling unfit to undertake a placement, they should not do so. For more information <https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/academic-progression>

## 5Rs Framework

The 5Rs Framework, developed by the School of Education at Macquarie University, is embedded throughout your teacher education course.

Your use of the 5Rs Framework will help you develop the capabilities that will make your teaching career sustainable and fulfilling.

In this unit, you will learn using the 5Rs framework in the following important ways:

- **Resilience** practised inside and outside of the classroom.

*Students will build resilience by engaging strongly with intellectually challenging content relevant to teaching. During teaching weeks and during the professional experience placement, students will draw on social and structural supports including meaningful interaction with a range of peers as well as teaching staff in the unit, tertiary supervisors, and staff in schools. They will build foundational skills of managing new and complex contexts during the professional experience placement, and practise resilience as they engage with feedback on their teaching practice.*

- **Reflexive** in their teaching practice.

*Students learn about the 'ladder of inference' as a tool for reflecting on practice from different standpoints and to prepare for making thoughtful classroom observations. Opportunities to develop professional reflexivity will be specifically afforded by the professional experience placement, in which students will reflect upon their own practice and make effective decisions in light of their own and supervising teacher evaluations.*

*Reflexivity is also developed across the assessment tasks, as students reflect upon feedback and then feed forward relevant advice to subsequent assessment tasks and/or into their teaching practice in professional experience placements in this unit and in the future.*

- **Responsive** to students, colleagues, parents and professional communities.

*Students will understand and respect the roles adults play in children's literacy development, the importance of oral language as foundational for literacy success, and the development of reading, writing, and multimodal and critical literacy in homes/communities as well as in formal educational contexts. Students will begin to develop an understanding of the role of literacy education in promoting social justice for children experiencing difficulties in literacy learning, Indigenous learners, and EAL/D (English as an additional language or dialect) learners - and their responsibilities as educators in being responsive to student diversity.*

*During the professional experience placement, students will demonstrate positive professional relationships with children, parents/families (as opportunity affords) and colleagues. Students will draw on their knowledge of curriculum content and how to teach it to promote children's language and literacy development and to provide meaningful feedback as responsive teachers.*

- **Ready to learn.**

*Students will develop a foundational understanding of the role and value of language, literacy and children's literature across the curriculum in school (K–6) contexts. They will demonstrate a basic working knowledge of aspects of language and literacies including phonology, grammar and text types including multimodal texts. This will form the basis for future learning in other units, that is, students are encouraged to see this unit as foundational and not an end point. Students will practise positive dispositions to professional learning, for example, they will come to tutorials prepared for learning, including having completed prior reading and preparatory tasks, and bringing their own questions and key understandings to share. They will engage in small group activities and discussions. They will cultivate positive attitudes towards lifelong professional learning about language, literacy education and literature.*

- **Research-engaged** throughout their career.

*Students will engage, individually and collaboratively, with research-informed lecture content, tutorials and scholarly readings. In assessment tasks, students will apply analytical skills to texts, which will provide practice for similarly informed analysis in future professional work e.g. understanding students' phonemic awareness skills; applying knowledge of language to texts for and by children. Weekly readings will engage students with research-informed principles and practices in English/literacies education.*

*During the professional experience placement, students will develop a tracking system for assessment purposes, collecting observations of at least 5 students per week. They will undertake observations to compile information which could be used for a mid-year report for 1 student by the completion of Professional Experience. These activities will develop understandings of how 'small data' from classroom assessment help to give us details about children's learning and progress.*
