5Rs Framework

5Rs Framework

The 5Rs Framework, developed by the School of Education at Macquarie University, is embedded throughout your teacher education course.

Responsive: Throughout the session, you will develop your understanding of how to plan quality lessons for Commerce. Assessment Task 2 will focus specifically on developing your understanding of lesson design in Commerce.

Ready to learn: Your ongoing and active participation in tutorials will help you to understand the factors shaping how students learn in Commerce and to make appropriate adjustments to ensure that all students have adequate opportunities to learn.

Research-engaged: through an exploration and application of empirical research about pedagogical practice in the Commerce classroom.
