Unit description
This unit is offered on a pass/fail basis. This unit enables students to attain well-developed cognitive and practical key legal skills (legal reasoning, case analysis and statutory interpretation) and to acquire an advanced level of foundational legal knowledge (Australian legal institutions; legal theory; comparative legal systems; parliamentary process; role of the judiciary) necessary for further graduate study in law. Students will also engage in reflective practice.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Recognise, comprehend and apply conventions for legal writing and referencing
ULO2: Locate relevant primary and secondary sources through legal research using online databases, library resources and internet sources, and apply research skills to
legal analysis.

**ULO3:** Apply principles of statutory interpretation and the doctrine of precedent to
interpret and relate primary legal sources (case law and legislation) for the purpose of
deriving legal rules and principles.

**ULO4:** Apply principles of reflective practice.

**ULO5:** Identify, describe and relate sources of legal norms and foundational elements of
the Australian legal system.

**General Assessment Information**

Further instructions for each assessment task are available on the unit's iLearn page.

Students are advised that all assessments in this unit are ‘hurdle’ assessments, which means
that each assessment task must be completed at a Satisfactory level (to the standard prescribed
for each assessment task) in order to pass this unit as follows:

- All criteria set out in the grading rubric for the Core Skills Assessment, the Statutory
  Interpretation Task and Class Participation must be ticked off as satisfactory.

The deadline for submission of supplementary work where students have failed to demonstrate
learning outcomes to achieve a hurdle requirement will be two weeks from the return of written
work (Core Skills Assessment and Statutory Interpretation Task) or as advised by the Convenor
(Participation). The deadline for submission of supplementary work for the participation task will
be communicated by the Convenor.

In cases where students fail to complete one assessment task at a Satisfactory level (provided
that they have made genuine attempts at both initial and supplementary work on that task), the
Convenor may provide one further opportunity to reattempt the task or carry out supplementary
work in order to achieve the required learning outcome(s). The Convenor will base this decision
on a review of the student's work across the unit in consultation with the student's tutor(s) and/or
marker(s).

**Late Assessment Submission Penalty**

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the
total possible mark) will be applied each day a written assessment is not submitted, up until the
7th day (including weekends). After the 7th day, a mark of ‘0’ (zero) will be awarded even if the
assessment is submitted. Submission time for all written assessments is set at 11.55pm. A
1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters,
portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/
exams, performance assessments/presentations, scheduled practical assessments/labs etc) will
only be addressed by the unit convenor in a Special consideration application. Special
Consideration outcome may result in a new question or topic. The rule does not apply to a
subsequent deadline prescribed for an assessment task for the purpose of
completing supplementary work or re-attempts of online quizzes in order to satisfy hurdle
This unit is ungraded and will not count towards a student's LAWS WAM (Weighted Average Mark in LAWS units). Students will be awarded 'Satisfactory' or 'Fail' at the end of the unit.
