Unit description

This unit is offered on a pass/fail basis. This unit enables students to attain well-developed cognitive and practical key legal skills (legal reasoning, case analysis and statutory interpretation) and to acquire an advanced level of foundational legal knowledge (Australian legal institutions; legal theory; comparative legal systems; parliamentary process; role of the judiciary) necessary for further graduate study in law. Students will also engage in reflective practice.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Recognise, comprehend and apply conventions for legal writing and referencing

ULO2: Locate relevant primary and secondary sources through legal research using

online databases, library resources and internet sources, and apply research skills to legal analysis.

ULO3: Apply principles of statutory interpretation and the doctrine of precedent to interpret and relate primary legal sources (case law and legislation) for the purpose of deriving legal rules and principles.

ULO4: Apply principles of reflective practice.

ULO5: Identify, describe and relate sources of legal norms and foundational elements of the Australian legal system.

General Assessment Information

Further instructions for each assessment task are available on the unit's iLearn page.

Students are advised that all assessments in this unit are 'hurdle' assessments, which means that each assessment task must be completed at a satisfactory level (to the standard prescribed for each assessment task) in order to pass this unit as follows:

- For the Core Skills Assessment and the Statutory Interpretation Task students must achieve a minimum of a Pass as per the grading rubric
- For Class Participation students must meet the minimum requirements as per the grading rubric.

The deadline for submission of supplementary work where students have failed to demonstrate learning outcomes to achieve a hurdle requirement will be two weeks from the return of written work (Core Skills Assessment and Statutory Interpretation Task) or as advised by the Convenor (Participation). The deadline for submission of supplementary work for the participation task will be communicated by the Convenor.

In cases where students fail to complete one assessment task at the satisfactory level (provided that they have made genuine attempts at both initial and supplementary work on that task), the Convenor may provide one further opportunity to reattempt the task or carry out supplementary work in order to achieve the required learning outcome(s). The Convenor will base this decision on a review of the student's work across the unit in consultation with the student's tutor(s) and/or marker(s).

Late Assessment Submission Penalty

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will

only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic. The rule does not apply to a subsequent deadline prescribed for an assessment task for the purpose of completing supplementary work or re-attempts of online quizzes in order to satisfy hurdle requirements.

This unit is ungraded and will not count towards a student's LAWS WAM (Weighted Average Mark in LAWS units). Students will be awarded 'Satisfactory' or 'Fail' at the end of the unit.
