Unit description
The capacity to identify and solve business problems is a sought after skill. Businesses seek employees who can identify and systematically assess the problems they face, propose innovative solutions, and evaluate the impact of solutions on business performance. This unit provides participants with the opportunity to directly interact with business partners and work on authentic, challenging business problems. In this unit, participants will work individually and in teams on business challenges to innovatively solve authentic problems posed by a business. Participants will develop knowledge of basic theories and skills related to teamwork, problem-solving, business analysis, and time management. Participants will also learn how to assess the significance and relevance of different solutions and their impact on social, economic and environmental factors.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Identify and apply methodologies to analyse a business problem.
ULO2: Work in teams and individually to identify and solve business problems.
ULO3: Communicate in both written and oral form to diverse stakeholders about business problems and solutions.
ULO4: Critically self-reflect on personal business problem-solving practices.

General Assessment Information

Late Assessment Submission Penalty (written assessments)

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of ‘0’ will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration.
