Prerequisites

20cp from PSY or PSYC or PSYU or PSYX units at 2000 level including PSY248 or PSYU2248 or PSYX248 or PSYX2248

Corequisites

Co-badged status

Unit description

This unit focuses on so-called abnormal behaviour. Following a general introduction to the nature and study of abnormality, each of the main forms of psychopathology are discussed, along with theories of psychopathology and their evidence (when available), as well as science-based interventions. An intermediate level of research methodology and statistical knowledge is a pre-requisite for this unit, as this knowledge is required to understand the scientific basis of psychopathology and its theories.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Demonstrate an understanding of the multiple definitions of abnormal behaviour and how to assess it.

**ULO2:** Identify the signs, symptoms and science-based treatments of the psychological disorders covered in this unit.

**ULO3:** Demonstrate awareness of the prevalence and demographics typical for the psychological disorders covered in this unit.

**ULO4:** Demonstrate a basic understanding and appreciation of theory and typical research findings relating to cause and maintenance of the psychological disorders

covered in this unit.

**ULO5:** Display communication and critical analysis skills: in particular, analyse the theoretical and empirical literature and professionally communicate research findings.

## General Assessment Information

Grade descriptors and other information concerning grading are contained in the [Macquarie University Assessment Policy](#).

All final grades are determined by a grading committee, in accordance with the Macquarie University Assessment Policy, and are not the sole responsibility of the Unit Convenor.

Students will be awarded a final grade and a mark which must correspond to the grade descriptors specified in the [Assessment Procedure](#) (clause 128).

To pass this unit, you must demonstrate sufficient evidence of achievement of the learning outcomes, meet any ungraded requirements, and achieve a final mark of 50 or better.

Further details for each assessment task will be available on iLearn.

## Late Submissions

Unless a Special Consideration request has been submitted and approved, a 5% penalty (OF THE TOTAL POSSIBLE MARK) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For example:

Number of days (hours) late	Total Possible Marks	Deduction	Raw mark	Final mark
1 day (1-24 hours)	100	5	75	70
2 days (24-48 hours)	100	10	75	65
3 days (48-72 hours)	100	15	75	60
7 days (144-168 hours)	100	35	75	40
>7 days (>168 hours)	100	-	75	0

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration (when eligibility criteria are satisfied). **No further submissions will be accepted after the marked assignments are returned and feedback is released to students.**

## Final Exam

The final exam for this unit will occur on Macquarie University campus. Students are expected to make themselves available for the final exam, at the date and time set by the University, in line with the Assessment Policy and Procedure. Sitting the final exam is compulsory in order to be eligible to pass the unit. Any student who does not attempt the final exam will be granted a Fail Absent grade.

## Illness or Significant Disruption to Assessments

In the event of illness or significant disruptions during an examination or timed assessment, students must promptly cease their work. If the incident occurs in a classroom setting, they must inform the convenor/supervisor/invigator immediately. If the disruption takes place outside the classroom, it should be reported immediately to the appropriate course authority. Subsequently, students are required to submit an application for special consideration.

Students who have already submitted an assessment or participated in an examination or timed assessment without reporting any issues during the assessment process will only be considered for a second opportunity to undertake that assessment only under exceptional circumstances. The decision to grant a second opportunity will be evaluated on a case-by-case basis, with careful consideration given to the nature and validity of the exceptional circumstances that significantly affected their performance in the initial assessment. A statement of fact cannot suffice as evidence in such cases.

## Assessment Tasks

Name	Weighting	Hurdle	Due
<a href="#">Online Quiz</a>	10%	No	Friday at 11:55pm Weeks 4, 8, & 12
<a href="#">Social Media Carousel</a>	40%	No	Friday @ 11:55pm Week 8
<a href="#">Final examination</a>	50%	No	TBD

### Online Quiz

Assessment Type <sup>1</sup>: Quiz/Test

Indicative Time on Task <sup>2</sup>: 10 hours

Due: **Friday at 11:55pm Weeks 4, 8, & 12**

Weighting: **10%**

Three online multiple-choice quizzes testing unit content.

On successful completion you will be able to:

- Demonstrate an understanding of the multiple definitions of abnormal behaviour and how to assess it.
- Identify the signs, symptoms and science-based treatments of the psychological disorders covered in this unit.
- Demonstrate awareness of the prevalence and demographics typical for the psychological disorders covered in this unit.
- Demonstrate a basic understanding and appreciation of theory and typical research findings relating to cause and maintenance of the psychological disorders covered in this unit.

## Social Media Carousel

Assessment Type <sup>1</sup>: Poster

Indicative Time on Task <sup>2</sup>: 45 hours

Due: **Friday @ 11:55pm Week 8**

Weighting: **40%**

A social media carousel containing a series of content slides with images and text to recontextualise a scientific article in an engaging manner, appropriate for posting on a social media platform, to communicate to different stakeholders.

On successful completion you will be able to:

- Identify the signs, symptoms and science-based treatments of the psychological disorders covered in this unit.
- Demonstrate a basic understanding and appreciation of theory and typical research findings relating to cause and maintenance of the psychological disorders covered in this unit.
- Display communication and critical analysis skills: in particular, analyse the theoretical and empirical literature and professionally communicate research findings.

## Final examination

Assessment Type <sup>1</sup>: Examination

Indicative Time on Task <sup>2</sup>: 35 hours

Due: **TBD**

Weighting: **50%**

Final examination held within the University's formal exam period, in accordance with relevant requirements.

On successful completion you will be able to:

- Demonstrate an understanding of the multiple definitions of abnormal behaviour and how to assess it.
- Identify the signs, symptoms and science-based treatments of the psychological disorders covered in this unit.
- Demonstrate awareness of the prevalence and demographics typical for the psychological disorders covered in this unit.
- Demonstrate a basic understanding and appreciation of theory and typical research findings relating to cause and maintenance of the psychological disorders covered in this unit.
- Display communication and critical analysis skills: in particular, analyse the theoretical and empirical literature and professionally communicate research findings.

---

<sup>1</sup> If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

<sup>2</sup> Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

## Delivery and Resources

As a student enrolled in this unit, you will engage in a range of online learning activities, including lectures, videos, and readings. Details can be found on the iLearn site for this unit. All lectures are pre-recorded and available on iLearn. Tutorial classes (2 hours each) are fortnightly and run on campus only. Students should not attend on-campus classes if you are unwell or have any cold and flu-like symptoms. For general information on unit versions, see this website <https://students.mq.edu.au/study/enrolling/choosing-units>

Tutorial availability can be seen via eStudent class enrolment.

### Required Readings

Barlow, David H. Durand, Vincent Mark ; Hofmann, Stefan G. (2022). Psychopathology An

Integrative Approach to Mental Disorders. 9 edition. Cengage Learning

For other readings, refer to the reading list (Leganto) in the iLearn unit homepage.

## Technology Used

Active participation in the learning activities throughout the unit will require students to have access to a desktop PC, laptop or similar device. Students who do not own their own computer may borrow one from the university library.

You will need consistent internet access to engage with this unit's iLearn page. iLearn is required for the following:

- Up-to-date information about the unit
- lecture recordings and tutorial content
- online quizzes
- online submission of the social media carousel
- communication with unit staff and fellow classmates

## Unit Schedule

Week	Lecture Topic/Theme
Week 1	Introduction to the Unit & Guidance on Assessments
Week 2	Introduction to Psychopathology
Week 3	Introduction to Psychopathology
Week 4	Anxiety and Related Disorders
Week 5	Anxiety and Related Disorders
Week 6	Mood Disorders and Suicide
Week 7	Eating Disorders and Obesity
Week 8	Sexual Dysfunction, Paraphilic Disorders, and Gender Dysphoria
Week 9	Substance-Related and Addictive Disorders
Week 10	Personality Disorders
Week 11	Schizophrenia Spectrum and Other Psychotic Disorders

Week 12	Neurodevelopmental Disorders
Week 13	Study Week

For further details, please see the iLearn site for this unit.

## Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central \(https://policies.mq.edu.au\)](https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- [Academic Appeals Policy](#)
- [Academic Integrity Policy](#)
- [Academic Progression Policy](#)
- [Assessment Policy](#)
- [Fitness to Practice Procedure](#)
- [Assessment Procedure](#)
- [Complaints Resolution Procedure for Students and Members of the Public](#)
- [Special Consideration Policy](#)

Students seeking more policy resources can visit [Student Policies \(https://students.mq.edu.au/support/study/policies\)](https://students.mq.edu.au/support/study/policies). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit [Policy Central \(https://policies.mq.edu.au\)](https://policies.mq.edu.au) and use the [search tool](#).

## Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: <https://students.mq.edu.au/admin/other-resources/student-conduct>

## Results

Results published on platform other than [eStudent](#), (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit [ask.mq.edu.au](https://ask.mq.edu.au) or if you are a Global MBA student contact [globalmba.support@mq.edu.au](mailto:globalmba.support@mq.edu.au)

## Academic Integrity

At Macquarie, we believe [academic integrity](#) – honesty, respect, trust, responsibility, fairness and courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free [online writing an](#)

[d maths support](#), [academic skills development](#) and [wellbeing consultations](#).

## Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

### The Writing Centre

[The Writing Centre](#) provides resources to develop your English language proficiency, academic writing, and communication skills.

- [Workshops](#)
- [Chat with a WriteWISE peer writing leader](#)
- [Access StudyWISE](#)
- [Upload an assignment to Studiosity](#)
- [Complete the Academic Integrity Module](#)

The Library provides online and face to face support to help you find and use relevant information resources.

- [Subject and Research Guides](#)
- [Ask a Librarian](#)

## Student Services and Support

Macquarie University offers a range of [Student Support Services](#) including:

- [IT Support](#)
- [Accessibility and disability support](#) with study
- Mental health [support](#)
- [Safety support](#) to respond to bullying, harassment, sexual harassment and sexual assault
- [Social support including information about finances, tenancy and legal issues](#)
- [Student Advocacy](#) provides independent advice on MQ policies, procedures, and processes

## Student Enquiries

Got a question? Ask us via [AskMQ](#), or contact [Service Connect](#).

## IT Help

For help with University computer systems and technology, visit [http://www.mq.edu.au/about\\_us/offices\\_and\\_units/information\\_technology/help/](http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/).

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.

## Inclusion and Diversity

Social inclusion at Macquarie University is about giving everyone who has the potential to benefit from higher education the opportunity to study at university, participate in campus life and flourish in their chosen field. The University has made significant moves to promote an equitable, diverse and exciting campus community for the benefit of staff and students. It is your responsibility to contribute towards the development of an inclusive culture and practice in the areas of learning and teaching, research, and service orientation and delivery. As a member of the Macquarie University community, you must not discriminate against or harass others based on their sex, gender, race, marital status, carers' responsibilities, disability, sexual orientation, age, political conviction or religious belief. All staff and students are expected to display appropriate behaviour that is conducive to a healthy learning environment for everyone.

## Professionalism

In the Faculty of Medicine, Health and Human Sciences, professionalism is a key capability embedded in all our courses.

As part of developing professionalism, students are expected to attend all small group interactive sessions including clinical, practical, laboratory, work-integrated learning (e.g., PACE placements), and team-based learning activities. Some learning activities are recorded (e.g., face-to-face lectures), however you are encouraged to avoid relying upon such material as they do not recreate the whole learning experience and technical issues can and do occur. As an adult learner, we respect your decision to choose how you engage with your learning, but we would remind you that the learning opportunities we create for you have been done so to enable your success, and that by not engaging you may impact your ability to successfully complete this unit. We equally expect that you show respect for the academic staff who have worked hard to develop meaningful activities and prioritise your learning by communicating with them in advance if you are unable to attend a small group interactive session.

Another dimension of professionalism is having respect for your peers. It is the right of every student to learn in an environment that is free of disruption and distraction. Please arrive to all learning activities on time, and if you are unavoidably detained, please join activity as quietly as possible to minimise disruption. Phones and other electronic devices that produce noise and other distractions must be turned off prior to entering class. Where your own device (e.g., laptop) is being used for class-related activities, you are asked to close down all other applications to avoid distraction to you and others. Please treat your fellow students with the utmost respect. If you are uncomfortable participating in any specific activity, please let the relevant academic know.
