Unit description

Evaluation research is among the most common, and possibly most useful, forms of applied social science. Evaluation employs research methodologies to systematically assess a project, policy, program or social needs to set criteria. This unit surveys key topics and practice-based skills widely used in evaluation research that have potential applications in the public, non-profit, and for-profit private sectors. As this field of research is expansive, the unit primarily draws on case studies from social policy - public interventions that offer protection from social ills and are among those that impact most on everyday life - to provide focus for class sessions and assessments. Over the course of this unit, you will gain a clear understanding of key elements of evaluation research design, as well as the potential uses and misuses of this form of applied social policy research.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: demonstrate specialised knowledge of evaluation design and approaches

ULO2: create technical models of a social project, program or policy that visually presents its organising logic

ULO3: critically analyse evidence from evaluations of social policy and public policy

ULO4: research and apply evaluation tools and approaches to assess social and public policy

ULO5: communicate knowledge, skills and ideas about evaluation research to specialist and non-specialist audiences

General Assessment Information

Academic Integrity

Academic Integrity is an intergral part of the core values and principles contained in the Macquarie University Ethics Statement. Its fundamental principle is that all staff and students act with integrity in the creation, development, application and use of ideas and information. This means that:

- All academic work claimed as original is the work of the author making the claim
- All academic collaborations are acknowledged
- Academic work is not falsified in any way
- When the ideas of others are used, these ideas are acknowledged appropriately
- Self-plagiarism (resubmitting your own work - including past assignments for this or other units - without attribution) is an unacceptable academic activity
- **Chat GPT and other generative AI software programs** should not be used when preparing or drafting assessments.

University Grading Policy

The grade that a student receives will signify their overall performance in meeting the learning outcomes of the unit of study. Graded units will use the following grades

HD	High Distinction	85-100
D	Distinction	75-84
Cr	Credit	65-74
P	Pass	50-64
F	Fail	0-49

Results published on platform other than [eStudent](#), (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University.

Special Consideration (Extensions)

The University recognises that students may experience events or conditions that adversely affect their academic performance. If you experience serious and unavoidable difficulties at exam time or when assessment tasks are due, you can consider applying for Special Consideration.

You need to show that the circumstances:

1. were serious, unexpected and unavoidable
2. were beyond your control
3. caused substantial disruption to your academic work
4. substantially interfered with your otherwise satisfactory fulfilment of the unit requirements
5. lasted at least three consecutive days or a total of 5 days within the teaching period and prevented completion of an assessment task scheduled for a specific date.

More information about Special Consideration is available in the Policies and Procedures section of the unit guide. You can apply for Special Consideration via ask.mq.edu.au

Late Assessment Submission Penalty

Unless a Special Consideration request has been submitted and approved, **a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted**, up until the 7th day (including weekends). After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to non-timed sensitive assessment (including essays, reports, posters, portfolios, journals, recordings etc). **Late submission of time sensitive tasks** (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.

Student Wellbeing

Macquarie University offers a range of wellbeing services (including [but not limited to]: health, welfare, counselling, disability and student advocacy services) that are available to you at any time during your studies. Student Wellbeing is here to support you and help you succeed, both academically and personally. More information is available in the Policies and Procedures section of the unit guide.

Delivery and Resources

Delivery

This unit is delivered via 'fully online mode' and 'in person weekly scheduled mode'.

Fully online mode includes online lectures and weekly online activities. There are no on-campus sessions.

In person weekly scheduled mode includes in-person lectures and weekly tutorial activities that are both scheduled on-campus.

More information is in the Unit Schedule section of the unit guide.

Required and recommended resources

There is no required textbook for SOCI8020. Required readings are online available via Leganto (see below).

Technology used

The following technologies are used in this unit...

Email

Make sure that you regularly check your student email for correspondence with teaching staff and unit announcements.

iLearn

Important information about the weekly schedule, course readings and assessment are all available on the course *iLearn* page. If you do not have access, please contact IT help. You are required to check iLearn and your student email regularly for course updates and information.

Turnitin

All written assessments need to be submitted online via Turnitin only. A link to Turnitin is available via the Assessments tab on the iLearn page. Please contact the convenor if you cannot find it (do not leave it until the day of the assessment). There is no need to submit a hard copy of the assessment or to include a cover sheet.

Grademark

Marks will be made available via Grademark. Other feedback will be made available online via iLearn. It will take four forms (in no particular order): specific comments in the text of your paper; overall comments; a score on a qualitative rubric (that cannot be used to calculate your mark numerically); and a numeric score. Once you have received your assignment back, please make sure that you have access to these forms of feedback.

Leganto

Leganto is the electronic system for accessing unit readings that can be accessed via the iLearn page. Readings are allocated via topic. As well as the required readings for each topic, you will find recommended and optional readings on Leganto. The required readings are available in pdf or electronic format. If you are not able to access the readings, please contact the unit convenor via email.

Zoom

Zoom is an online video conferencing software platform. It will not be used for compulsory unit sessions, but may be used for optional meetings and consultation.

Unit Schedule

SOCI8020 Evaluating Social Policy is delivered via 'fulling online' and 'in-person scheduled weekly' modes. Please attend the version of the unit that you are enrolled in. It has 13 topics that are structured into four modules, as the table shows.

Module	Topic #	Topic title
Module 1. Foundations of Social Policy	1	Introducing 'Evaluating Social Policy'
	2	Defining Social Policy
	3	Understanding the Welfare State
Module 2. Evaluative Tools & Frameworks	4	Theories of Change
	5	Program Logic Models
	6	Designing Evaluation Frameworks
Module 3. Impact Evaluation	7	Measuring Outcomes, Measuring Impact?

	8	Randomised Controlled Trials: Uses & Misuses
	9	Participatory Impact Evaluations
	10	Realist Impact Evaluations
Module 4. Complexity, Social Policy & Ethical Evaluations	11	Complexity, Social Policy & Ethical Evaluation
	12	Developmental Evaluation
	13	Evidence-Informed Policy? / Unit Conclusion

The 13 topics are intended to mirror the 13 week semester. Topics 1 to 13 are available 'fully online' as well as 'on-campus' sessions. Please see the SOCI8020 iLearn page for more information.
