Unit description

This unit will introduce students to core financial and legal aspects of selecting, forming, structuring and running a business. Students will develop an understanding of relevant legal concepts and principles underpinning the regulation of business including corporate management responsibilities. By exposure to key aspects of financial planning, budgeting and capital raising students will be able to make commercially sound choices in relation to starting a business and comparing business structures. At the conclusion of the unit students will have gained a valuable perspective on commencing and running business operations and will have developed an understanding of the planning and financing of a business venture.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>
