Unit description
This unit introduces students to the specialised and burgeoning area of environmental law on both the national and international stage. It evaluates the effectiveness of current environmental law in the context of ongoing and emerging challenges. The unit adopts a multidisciplinary perspective to help augment understanding of the complexity of environmental challenges and enhance the analysis of relevant legislation and case law.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Identify the major global and Australian environmental challenges.
ULO2: Describe key ethical and multidisciplinary perspectives on the environment.
ULO3: Apply environmental law at multiple governance scales, taking into account contextual factors.
ULO4: Analyse the capacity of different forms of environmental regulations to manage environmental challenges.
**General Assessment Information**

Please consult the unit iLearn page for detailed instructions for assessments in this unit.

**Class participation**

This assessment is about active engagement in tutorials; not mere attendance. Contributing to tutorial discussions and tutorial exercises throughout the entire semester will be the primary activity marked for this assessment. Online contributions to the weekly discussion forums can add to the class participation, not replace it - except when absence from a tutorial is notified in advance and approved as justified.

**Late Assessment Submission Penalty**

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of ‘0’ (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue. This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.

Delivery and Resources

Delivery

Tutorials will commence in Week 2 and conclude in Week 13. Please consult the official timetable. Students are expected to watch pre-recorded weekly lectures that will be made available for each week in Echo 360 via the iLearn unit page.

Students are expected to have prepared for the tutorials by watching the lecture and reading the prescribed materials for that week, and preparing any tutorial exercises assigned for that week on iLearn. Active participation in tutorials is assessed.

Resources

Additional readings may be prescribed through iLearn.
