Unit description

This unit surveys the history of magic from the ancient world to the present day, covering cultures from the Ancient Near East, Egypt and the Graeco-Roman world, Late Antiquity, Medieval and Renaissance Europe, down to the early modern world, as well as aspects of cognitive psychology such as perceptual illusions and delusional beliefs. It provides thorough coverage of the way magic has been defined, understood, and used in these civilisations, and the way it has been conceived and studied in the history of modern scholarship over the past two centuries. Students will focus closely on the material sources for ancient magic, especially handbooks of spells and amulets on papyrus. There will also be close consideration of the construction of magic as an antithesis to religion in the ancient and modern worlds, and a focus on the role, use, and understanding of magic in wider historical, literary, and scientific contexts.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

General Assessment Information

Marking criteria and standards

Guidelines on the criteria and standards required for assessment tasks, as well as rubrics where appropriate, will be placed on the iLearn site.

The use of Large Language Models like ChatGPT as a tool to assist the comprehension of concepts or to help refine expression (as opposed to generating expression, interpretation and analysis for assessments) is permitted. Specific guidance on appropriate use and the ethical issues of LMM will be provided. This technology has significant limitations which may result in poor performance on assessment tasks if appropriate use is not followed.

Assignment Submission

ALL written assignments must be submitted via Turnitin within iLearn. Multichoice quiz components will be administered via the iLearn page.

Extensions

ALL deadlines are firm unless an extension has been requested in writing one (1) week before the due date. All requests for extensions must be submitted via ask.mq.edu.au and be supported by appropriate documentation. A penalty for lateness (see below) will apply unless a medical certificate or other written substantiation is supplied. Assignments handed in early will not be marked and returned before the due date. Always retain a copy of work you submit in case it is lost in the online system.

Late Submission Penalty

Unless a Special Consideration request has been submitted and approved, **a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted**, up until the 7th day (including weekends). After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). **Late submission of time sensitive tasks** (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) **will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.**
