Unit description
This unit further develops macroeconomic models with a focus on key contemporary policy and operational issues such as variable inflation rates, interest rates, alternative monetary policy frameworks, fiscal policy constraints, climate change, understanding financial crises, financial regulation and cryptocurrencies. Students develop an understanding of the factors that behind these issues and how key policy institutions such as the RBA, APRA and Treasury seek to address them.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Analyse and explain macroeconomic policy within a general framework.
ULO2: Appraise how monetary and fiscal policies are determined in the context of the current economic environment.
ULO3: Critically evaluate the effectiveness of current macroeconomic policy in achieving its stated goals.
### General Assessment Information

#### LATE SUBMISSION PENALTY

A maximum penalty of five percentage points of the total possible marks will be applied per day to late submissions, for up to a maximum of seven calendar days. Tasks that have not been submitted within the maximum number of additional late days will receive a mark of zero, unless otherwise specified in the late penalties section of the Unit Guide. Late submission for a task will only be permitted when specified in the unit guide. This provision does not apply to online exams or other assessment with a time-limit of less than 24 hours.

Where an application for Special Consideration is approved and the outcome is an extension to the due date of a task, submissions that are received after the new due date will be subject to late penalties that are calculated from the new due date. This only applies where the outcome is an extension to the due date – see the Special Consideration Policy for a schedule of all possible outcomes.
