General Information

Unit convenor and teaching staff

Emily Hill

esps3200@mq.edu.au

Tim Doyle

esps3200@mq.edu.au

Credit points

10

Prerequisites

ESPS2200 and admission to BExerSpSc

Corequisites

Co-badged status

Unit description

This unit will expand your professional practice knowledge and capabilities. You will learn how to be work ready and what that means for an exercise scientist. You will learn how and when to apply the skills and knowledge you have learnt and how to demonstrate this knowledge to others. You will also learn about career pathways and options that are available to you.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Apply effective verbal and nonverbal communication skills within a work context

ULO2: Develop a professional profile suitable for the exercise and sports science industry including an electronic presence and resume

ULO3: Demonstrate employability skills, essential to the exercise and sports science industry

ULO4: Demonstrate problem solving and effective communication skills appropriate to the workplace of an exercise scientist

General Assessment Information

Grade descriptors and other information concerning grading are contained in the [Macquarie University Assessment Policy](#).

All final grades are determined by a grading committee, in accordance with the Macquarie University Assessment Policy, and are not the sole responsibility of the Unit Convenor.

Students will be awarded a final grade and a mark which must correspond to the grade descriptors specified in the [Assessment Procedure](#) (clause 128).

To pass this unit, you must demonstrate sufficient evidence of achievement of the learning outcomes, meet any ungraded requirements, and achieve a final mark of 50 or better. You must also make a serious attempt at all assessment items.

Further details for each assessment task will be available on iLearn.

Late Submissions

Unless a Special Consideration request has been submitted and approved, a 5% penalty (OF THE TOTAL POSSIBLE MARK) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For example:

Number of days (hours) late	Total Possible Marks	Deduction	Raw mark	Final mark
1 day (1-24 hours)	100	5	75	70
2 days (24-48 hours)	100	10	75	65
3 days (48-72 hours)	100	15	75	60
7 days (144-168 hours)	100	35	75	40
>7 days (>168 hours)	100	-	75	0

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration.

- Special Consideration Policy - <https://policies.mq.edu.au/document/view.php?id=136>
- Special Consideration Procedure - <https://policies.mq.edu.au/document/view.php?id=137>

* Please note changes to 10 and 11 in the special consideration procedure

(10) In the event of illness or significant disruptions during an examination or timed assessment, students must promptly cease their work. If the incident occurs in a classroom setting, they must inform the supervisor or invigilator immediately. If the disruption takes place outside the classroom, it should be reported immediately to the appropriate course authority. Subsequently, students are required to submit an application for special consideration.

(11) Students who have already submitted an assessment or participated in an examination or timed assessment without reporting any issues during the assessment process will only be considered for a second opportunity to undertake that assessment only under exceptional circumstances. The decision to grant a second opportunity will be evaluated on a case-by-case basis, with careful consideration given to the nature and validity of the exceptional circumstances that significantly affected their performance in the initial assessment. A statement of fact cannot suffice as evidence in such cases.

Assessment Tasks

Name	Weighting	Hurdle	Due
Resume	30%	No	Week 7 Friday 6th September
Job Application	30%	No	Week 10 Friday 11th October
Job Interview	40%	No	In exam period

Resume

Assessment Type ¹: Report

Indicative Time on Task ²: 20 hours

Due: **Week 7 Friday 6th September**

Weighting: **30%**

Prepare a resume suitable for an exercise scientist.

On successful completion you will be able to:

- Apply effective verbal and nonverbal communication skills within a work context
- Develop a professional profile suitable for the exercise and sports science industry including an electronic presence and resume
- Demonstrate problem solving and effective communication skills appropriate to the workplace of an exercise scientist

Job Application

Assessment Type ¹: Report

Indicative Time on Task ²: 20 hours

Due: **Week 10 Friday 11th October**

Weighting: **30%**

Prepare a job application suitable for an exercise scientist.

On successful completion you will be able to:

- Apply effective verbal and nonverbal communication skills within a work context
- Develop a professional profile suitable for the exercise and sports science industry including an electronic presence and resume
- Demonstrate employability skills, essential to the exercise and sports science industry
- Demonstrate problem solving and effective communication skills appropriate to the workplace of an exercise scientist

Job Interview

Assessment Type ¹: Simulation/role play

Indicative Time on Task ²: 20 hours

Due: **In exam period**

Weighting: **40%**

Undertake a mock job interview suitable for an exercise scientist.

On successful completion you will be able to:

- Apply effective verbal and nonverbal communication skills within a work context
- Demonstrate employability skills, essential to the exercise and sports science industry
- Demonstrate problem solving and effective communication skills appropriate to the workplace of an exercise scientist

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

Multi-modal delivery of content, on campus and online delivery.

Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central \(https://policies.mq.edu.au\)](https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- [Academic Appeals Policy](#)
- [Academic Integrity Policy](#)
- [Academic Progression Policy](#)
- [Assessment Policy](#)
- [Fitness to Practice Procedure](#)
- [Assessment Procedure](#)
- [Complaints Resolution Procedure for Students and Members of the Public](#)
- [Special Consideration Policy](#)

Students seeking more policy resources can visit [Student Policies \(https://students.mq.edu.au/support/study/policies\)](https://students.mq.edu.au/support/study/policies). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit [Policy Central \(https://policies.mq.edu.au\)](https://policies.mq.edu.au) and use the [search tool](#).

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: <https://students.mq.edu.au/admin/other-resources/student-conduct>

Results

Results published on platform other than [eStudent](#), (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au

Academic Integrity

At Macquarie, we believe [academic integrity](#) – honesty, respect, trust, responsibility, fairness and courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free [online writing and maths support](#), [academic skills development](#) and [wellbeing consultations](#).

Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

The Writing Centre

[The Writing Centre](#) provides resources to develop your English language proficiency, academic writing, and communication skills.

- [Workshops](#)
- [Chat with a WriteWISE peer writing leader](#)
- [Access StudyWISE](#)
- [Upload an assignment to Studiosity](#)
- [Complete the Academic Integrity Module](#)

The Library provides online and face to face support to help you find and use relevant information resources.

- [Subject and Research Guides](#)
- [Ask a Librarian](#)

Student Services and Support

Macquarie University offers a range of [Student Support Services](#) including:

- [IT Support](#)
- [Accessibility and disability support](#) with study
- Mental health [support](#)
- [Safety support](#) to respond to bullying, harassment, sexual harassment and sexual assault
- [Social support including information about finances, tenancy and legal issues](#)
- [Student Advocacy](#) provides independent advice on MQ policies, procedures, and processes

Student Enquiries

Got a question? Ask us via [AskMQ](#), or contact [Service Connect](#).

IT Help

For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/.

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.

Changes from Previous Offering

This is the first offering for this unit, esps3200.

Inclusion and Diversity

Social inclusion at Macquarie University is about giving everyone who has the potential to benefit from higher education the opportunity to study at university, participate in campus life and flourish in their chosen field. The University has made significant moves to promote an equitable, diverse and exciting campus community for the benefit of staff and students. It is your responsibility to contribute towards the development of an inclusive culture and practice in the areas of learning and teaching, research, and service orientation and delivery. As a member of the Macquarie University community, you must not discriminate against or harass others based on their sex, gender, race, marital status, carers' responsibilities, disability, sexual orientation, age, political conviction or religious belief. All staff and students are expected to display appropriate behaviour that is conducive to a healthy learning environment for everyone.

Professionalism

Fitness to Practice (FTP) is the demonstration of professional competence, acceptable professional behaviour, freedom from impairment and compliance with course-specific requirements needed for a student to practice properly and safely throughout their course and to appropriately practice within a professional environment as a future Exercise Scientist.

Students undertaking the Bachelor of Exercise and Sports Science are required to demonstrate they meet requirements of the four attributes of FTP – Conduct, Performance, Health and Compliance throughout their entire program of study so that they can meet the requirements of the exercise science profession.

Students must also meet the inherent requirements to complete their degree, course, or unit and graduate. To meet the inherent requirements of the Bachelor of Exercise and Sport Science, full participation in practical classes which involve observation, manual handling, undertaking exercise for the purposes of instruction and demonstration is expected.

In the Faculty of Medicine, Health and Human Sciences, professionalism is a key capability embedded in all our courses.

As part of developing professionalism, students are expected to attend all small group interactive sessions including clinical, practical, laboratory, work-integrated learning (e.g., PACE placements), and team-based learning activities. Some learning activities are recorded (e.g., face-to-face lectures), however you are encouraged to avoid relying upon such material as they do not recreate the whole learning experience and technical issues can and do occur. As an adult learner, we respect your decision to choose how you engage with your learning, but we

would remind you that the learning opportunities we create for you have been done so to enable your success, and that by not engaging you may impact your ability to successfully complete this unit. We equally expect that you show respect for the academic staff who have worked hard to develop meaningful activities and prioritise your learning by communicating with them in advance if you are unable to attend a small group interactive session.

Another dimension of professionalism is having respect for your peers. It is the right of every student to learn in an environment that is free of disruption and distraction. Please arrive to all learning activities on time, and if you are unavoidably detained, please join activity as quietly as possible to minimise disruption. Phones and other electronic devices that produce noise and other distractions must be turned off prior to entering class. Where your own device (e.g., laptop) is being used for class-related activities, you are asked to close down all other applications to avoid distraction to you and others. Please treat your fellow students with the utmost respect. If you are uncomfortable participating in any specific activity, please let the relevant academic know.

Unit information based on version 2024.03 of the [Handbook](#)
