Assessment Tasks

Name	Weighting	Hurdle	Due
Online discussion and statement	30%	No	Week 7 & Week 9
Placement evaluation	40%	No	Week 12
Learning contract	30%	No	Week 4

Online discussion and statement

Assessment Type ¹: Project

Indicative Time on Task ²: 10 hours

Due: **Week 7 & Week 9**

Weighting: **30%**

You will contribute posts to two online discussions held in weeks 6-7 and 8-9. The discussions are related to graduate capabilities. Discussion questions, word length along with tips for participating in online discussion will be provided.

On successful completion you will be able to:

- Analyse and interpret information while observing and participating in ethical practice in the context of your internship or project.
- Identify and assess strategies to develop communication skills through active participation in learning, internship or project activities and assessment tasks.

Placement evaluation

Assessment Type ¹: Reflective Writing

Indicative Time on Task ²: 10 hours

Due: **Week 12**

Weighting: **40%**

This task includes your supervisor's evaluation (10%) and a 1500-1800 word critical reflection (30%). In order to complete the unit, you will need to submit the placement evaluation form which includes the supervisor's placement evaluation marking guide. Your supervisor has agreed to complete this evaluation as part of their agreement to host your internship or project. You will need to provide your supervisor with a copy of the placement evaluation form, giving your supervisor enough time to complete their evaluation. During your internship or project your supervisor will assess your performance using the supervisor's placement evaluation marking guide included in the placement evaluation form. If your performance is rated unsatisfactory at any time during your internship or project, you will be invited to a meeting to discuss your performance. You may be given an opportunity to improve your performance or the internship or project may be discontinued. In this case, you may be required to complete the remainder of your placement hours within the Macquarie Business School or PACE. In these cases, the PACE team will identify a project, an appropriate supervisor and specify the number of hours required to meet the learning outcomes of this unit. If your supervisor gives a fail for your placement evaluation at the end of session, penalties may be applied to Task 3. In the critical reflection you will critically reflect on your progress towards achieving learning objectives identified in Task 1, with reference to your internship or project experience and assigned readings, incorporating any feedback from your supervisor and/or feedback on Task 1.

On successful completion you will be able to:

- Develop professional capabilities and demonstrate commitment to learning from your internship or project experience with reference to relevant organisational, ethical and professional standards.
- Analyse and interpret information while observing and participating in ethical practice in the context of your internship or project.
- Critically assess your developing capabilities as relevant to your discipline or industry.

Learning contract

Assessment Type ¹: Work-integrated task

Indicative Time on Task ²: 10 hours

Due: **Week 4**

Weighting: **30%**

You will create a learning contract for your internship or project, identifying appropriate learning objectives in consultation with your supervisor. Objectives should be linked to graduate capabilities and developed with reference to assigned readings and relevant organisational and professional standards. A template for this task, a reading list, and links to a range of professional standards are provided on iLearn.

On successful completion you will be able to:

- Develop professional capabilities and demonstrate commitment to learning from your internship or project experience with reference to relevant organisational, ethical and professional standards.
