Unit description

This is an advanced legal research unit for Bachelor of Laws students intending to graduate with Honours. In this unit, students work under the close supervision of the academic convenor of the unit and their research supervisor to develop a 10,000 word thesis that addresses a contemporary legal problem. This unit requires advanced legal research skills, the ability to engage in self-directed research under supervision and superior legal writing ability. Students will learn to design research projects with rigorous research methodologies, to proffer good written analyses with sound argumentation, and to reflect on legal scholarship and on the law critically while conducted ethical research.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Independently undertake an advanced legal research project under the supervision of a legal academic

ULO2: Execute a legal research methodology appropriate for the research plan

ULO3: Identify and apply the ethics of legal research scholarship to the execution of a research project

ULO4: Critically analyse complex legal problems by identifying, researching, evaluating and synthesising relevant factual, legal and policy issues

General Assessment Information

All written assessments submitted electronically must be submitted through the link provided in iLearn. This unit will utilise Turnitin plagiarism detection software. Students should carefully check that they submit the correct file for an assessment, as re-submissions will not be accepted after the due date and time, including instances where students upload an incorrect file in error.

The design, moderation and feedback of all assessments is in accordance with the Macquarie University Assessment Procedure (link provided under 'Policies and Procedures' below).

Late Submission Policy

A maximum penalty of five (5) percentage points of the total possible marks will be applied per day to late submissions, for up to a maximum of seven calendar days. Tasks that have not been submitted within the maximum number of additional late days will receive a mark of zero. This provision does not apply to online exams or other assessment with a time limit of less than 24 hours.

Penalties for late submission will be applied consistently and equitably to all students enrolled in the unit. Where short-term, serious and unavoidable circumstances have affected their ability to submit an assessment task, a student must submit a formal application for Special Consideration as per the Special Consideration Policy. Students should not request an informal arrangement from their tutor, lecturer or Unit Convenor.

Where an application for Special Consideration is approved, and the outcome is an extension to the due date of a task, submissions that are received after the new due date will be subject to late penalties that are calculated from the new due date. This only applies where the outcome is an extension to the due date – see the Special Consideration Policy for a schedule of all possible outcomes.

Special Consideration

Students should submit applications for Special Consideration electronically via the Service Connect portal, along with the supporting documentation. Before submitting their applications, students should refer to the Special Consideration Policy (link provided under 'Policies and Procedures' below).
