Unit description

This unit will deepen students' understandings of the practices of settler colonial education and the impact of colonialism in mainstream schooling. Lectures and tutorials discuss research-informed and relational approaches to effectively teach Indigenous students, embed Indigenous perspectives and build respectful and reciprocal relationships with Indigenous communities. Students will engage with Indigenous scholarship to rethink deficit perspectives and develop an understanding of the complexities involved in 'Indigenous education' in relation to policies, curriculum, resources and pedagogies. At its core, this unit will require students to critically reflect on their own positionality and knowledges to overturn the harm of schooling for many Indigenous children and young people. This unit incorporates a professional experience placement where students apply and are assessed on their understanding of 'Indigenous Education'.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

General Assessment Information

Important Assessment Information

Please note that there are three (3) weighted Assessments for this unit. The Research Portfolio is separated into two assessments (see due dates above). Students will submit one prior to their placement, and complete the second half of the assessment after their placement. More detail and specific guidelines will be available on iLearn.

General Submission Information

Please format assessments using 12-point font and 1.5 spacing. All assessments must be submitted electronically. Turnitin plagiarism detection software is used to check all written assessments. It is the responsibility of all students to ensure that their submitted work is in a format compatible with Turnitin software for plagiarism checking. Submissions must meet the required file type and formatting specifications outlined in the assessment guidelines. Failure to submit work in an acceptable format may result in delays in processing your submission and potential penalties for non-compliance with assessment requirements. If you are unsure about the file format or have technical difficulties, it is your responsibility to seek assistance before the submission deadline. Students should be careful to check that they submit the correct file for an assessment as no re-submissions will be accepted after the due date and time, including instances where students upload an incorrect file. It is not the responsibility of unit staff to contact students who have failed to submit assessments. If you have any missing items of assessment, it is your responsibility to contact the unit convenor. Students can use Turnitin's Originality Report as a learning tool to improve their academic writing if this option is made available in the unit. Word limits are strictly applied. Work above the word limit will not be marked.

Use of Artificial Intelligence (AI)

Students should be aware of and apply the University [policy on academic integrity](#). Any student suspected of using unauthorised AI in an assignment will be referred to the Faculty of Arts Discipline Committee. Penalties can include reduced marks for an assessment, being awarded '0' for a task, failing an entire unit, being excluded from a course of study. Please see each assessment task description/rubric for expectations about AI.

Special Consideration / Late Penalties

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day an assessment is not submitted, up until the 7th day (including weekends) (see: <https://students.mq.edu.au/study/assessment-exams/special-consideration>). Applications for extensions must be made via [Service Connect](#). After the 7th day, a mark of 0 (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11:55pm. A 1-hour grace period is provided to students who experience a technical issue. This late penalty will apply to non-timed sensitive assessments (incl. essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special Consideration application. A Special Consideration outcome may result in a new question or topic.

Marking

All assessments are marked using a rubric. Marking of all assessments is moderated by the Unit Convenor.

University Policy on Grading

Assignments will be awarded grades ranging from HD to F according to guidelines set out in the [University's Grading System](#) and [University Assessment Policy](#).

Results

Results shown in iLearn, or released directly by your Unit Convenor, are not confirmed because they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit [Service Connect](#).

Communication

It is the student's responsibility to check all electronic communication on a weekly basis. Communication may occur via:

- Official MQ Student Email Address
- The Dialogue function on iLearn
- Other iLearn communication functions

Attendance and Participation

See the University timetable for information about when classes begin in this unit. [Creating your timetable - Enrolling | Macquarie University, Sydney](#).

Attendance at all synchronous activities, completion of non-synchronous formative/diagnostic class tasks and involvement in professional forums is expected as the Degree is a professional qualification. Activities completed during weekly tutorials (DAY or ONLINE DAY mode) or on campus days (INFQ mode) are essential for building the core knowledge and/or skills required to demonstrate the learning outcomes of this unit and to meet the AITSL Graduate Teacher Standards and/or ACECQA requirements. Attendance at all tutorials and/or on campus days is expected and will be recorded. Make up tasks may be given if attendance is missed to ensure all content is covered to meet accreditation requirements.

Students are required to attend the tutorial in which they are enrolled. Any changes to tutorial enrolments must be completed officially through e-Student. Please do not contact the unit convenor to request a change.

Professional Experience Unit Expectation

- Important Professional Experience information can be found on Education Commons – see iLearn for details of how to self-enrol in Education Commons
- Students must be able to present evidence of completion of mandatory requirements prior to session census date (or as otherwise advised) to receive a placement for Professional Experience. Please check your email from the Work Integrated Learning (WIL) Office. Requirements are outlined here: <https://education.nsw.gov.au/teaching-and-learning/professional-learning/pl-resources/pre-service-teacher-resources/induction-for-pre-service-teachers/mandatory-pre-requisites-for-pre-service-teachers-participating->
- Students must have submitted all written assessment tasks and/or completed associated unit requirements scheduled prior to the commencement of the block.
- Students who are completing a unit offered by another Department are expected to inform and negotiate with that unit convenor about their professional experience block dates and discuss how that unit's requirements can be met. For some situations it may mean that a student is enrolled externally for that unit so that attendance for tutorials for that unit is not impacted.
- Feedback from Placement Support Team and/or Tertiary Supervisors and/or Supervising Teachers is of a general nature. It is incumbent on the student to check the requirements of any assessments or Professional Experience written tasks prior to submission.
- Students may not be able to commence their placement until all alleged academic honesty breaches have been investigated and resolved.
- The timing of placements can vary. For placements early in the session, fail grades may be approved by the university prior to the end of session for students who do not meet the placement expectations of the unit.
- If a Student is identified as being In Need of Additional Support (INAS) for Professional Practice and/or Professional Experience written tasks, the [Macquarie School of Education's 'Additional Support' procedure](#) will be activated.
