Unit description

This unit builds on knowledge and skills developed in EDST8206 and EDST8207. The unit extends students' understanding of teaching principles and strategies for promoting the language and literacy skills of diverse learners across the later primary school years, including students with English as an Additional Language or Dialect (EAL/D). Building on EDST8207, the focus of EDST8208 moves from 'learning to read' and 'learning to write' to 'reading to learn' and composing effective written and multimodal texts for a range of purposes and audiences. The unit also examines research-informed ways teachers can use oral language interactions and a range of quality children's literature and everyday texts in Stage 2 and Stage 3 classrooms. The pedagogic emphasis is on a continuous cycle of explicit, systematic, and evidence-based instruction in vocabulary, comprehension, and the composition of written and multimodal texts across the curriculum for students of all capabilities. Collegial, co-operative configurations and relationships underpin work in this unit, and autonomous learning scaffolds skills and reflective capacity needed for continued development as a teacher of English in primary schools.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

General Assessment Information

General Submission Information

Please format assessments using 12-point font and 1.5 spacing. All assessments must be submitted electronically. Turnitin plagiarism detection software is used to check all written assessments. It is the responsibility of all students to ensure that their submitted work is in a format compatible with Turnitin software for plagiarism checking. Submissions must meet the required file type and formatting specifications outlined in the assessment guidelines. Failure to submit work in an acceptable format may result in delays in processing your submission and potential penalties for non-compliance with assessment requirements. If you are unsure about the file format or have technical difficulties, it is your responsibility to seek assistance before the submission deadline. Students should be careful to check that they submit the correct file for an assessment as no re-submissions will be accepted after the due date and time, including instances where students upload an incorrect file. It is not the responsibility of unit staff to contact students who have failed to submit assessments. If you have any missing items of assessment, it is your responsibility to contact the unit convenor. Students can use Turnitin's Originality Report as a learning tool to improve their academic writing if this option is made available in the unit. Word limits are strictly applied. Work above the word limit will not be marked.

Use of Artificial Intelligence (AI)

Students should be aware of and apply the University policy on academic integrity (see: <https://policies.mq.edu.au/document/view.php?id=3>). Any student suspected of using unauthorised AI in an assignment will be referred to the Faculty of Arts Discipline Committee. Penalties can include reduced marks for an assessment, being awarded '0' for a task, failing an entire unit, being excluded from a course of study. Please see each assessment task description/rubric for

expectations about AI.

Special Consideration / Late Penalties

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day an assessment is not submitted, up until the 7th day (including weekends) (see: <https://students.mq.edu.au/study/assessment-exams/special-consideration>). Applications for extensions must be made via [Service Connect](#). After the 7th day, a mark of 0 (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11:55pm. A 1-hour grace period is provided to students who experience a technical issue. This late penalty will apply to non-timed sensitive assessments (incl. essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special Consideration application. A Special Consideration outcome may result in a new question or topic.

Marking

All assessments are marked using a rubric.

Marking of all assessments is moderated by the Unit Convenor.

University Policy on Grading

Assignments will be awarded grades ranging from HD to F according to guidelines set out in the [University's Grading System](#) and [University Assessment Policy](#).

To attain a pass or higher grade in Professional Experience a student must obtain a satisfactory in both the Professional Experience component **and** a pass or higher grade in the academic component. For Professional Experience units the Professional Experience Evaluation Report is marked as Satisfactory or Unsatisfactory. The Macquarie Teaching Performance Assessment (MQTPA - in final WIL/PEX units) is marked as Not met, Met or Exceeds.

Results

Results shown in iLearn, or released directly by your Unit Convenor, are not confirmed because they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit [Service Connect](#).

Information about the unit iLearn site

This unit has a full web presence through iLearn. Information for students about access to the online component of this unit is available at <https://ilearn.mq.edu.au/login/index.php>. You will need to enter your student username and password. Please do NOT contact the Unit Convenor regarding iLearn technical help. Assistance is available from IT Helpdesk: via email onehelp@mq.edu.au or Ph: 9850 4357 or 1800 67 4357. On Campus: Ground floor at 18 Wally's Walk.

Lectures

Lectures will be available on the web through the Echo360 component. You must *listen to and view* all lectures. PowerPoint slides will be available in the Echo360 section. You are encouraged to create your own notes, however, rather than only downloading slides.

Structure

The unit structure can be found in the university timetable: [Creating your timetable - Enrolling | Macquarie University, Sydney \(mq.edu.au\)](#)

The unit will be delivered using a combination of lectures and tutorials. There will be a weekly 1-hour lecture. All lectures will be recorded and available in Echo360. Weekly 2-hour tutorials/workshops will be held for 'weekday attendance' [internal] students, while 'infrequent attendance' [external] students will have one full-day on-campus session and one full-day online session (divided into manageable sections).

In tutorials and at the on-campus session and online session (as relevant to their enrolment mode), students will discuss issues and questions arising from the lectures and prescribed readings. They are expected to base their arguments/discussions on evidence from published research and other relevant material. Students are required to participate in small group activities and whole class discussion, to read the weekly material in advance, and to complete brief tasks either as individuals or in pairs. Sometimes short 'homework' tasks will be set, which also need to be completed as tutorial preparation. The weekly program for the unit of study with the accompanying readings/ preparation will be available on the unit iLearn site.

Unit Schedule

Module 1 Introduction: Language, literacy and children's literature

This module will provide an orientation to the unit, and revisit some of the key knowledge that students are expected to bring to this unit from earlier ones, with a focus on this knowledge as foundational for supporting students to engage with and create effective imaginative, persuasive and informative texts in Years 3-6.

Module 2 Reading for learning and student engagement

This module helps students understand the explicit teaching and assessment of reading comprehension appropriate to learners in Years 3-6. Based on research evidence related to teaching reading, students develop ability to design units of work and teaching plans that incorporate children's literature alongside other quality multimodal texts and the effective use of literacy teaching strategies, including ICT that cater to learner diversity.

Module 3 Writing in the later primary school years

This module draws on research evidence about writing pedagogies to help students understand the explicit teaching of writing appropriate to the level of young learners. It also develops students' knowledge of a range of resources and strategies, including ICT to support literacy learning and provide additional support to cater for student diversity.

Module 4 English teaching for all capabilities, and revision

This unit focuses on understanding the pervasive nature of literacy and its role in everyday situations, and the importance of home and community literacy practice. It will raise students' awareness of specific strategies to cater for students of diverse abilities, including students with EALD (English as an Additional Language or Dialect).

For further details, please refer to the iLearn site, where a detailed unit schedule with readings will be made available.
