Unit description

Skills in the social sciences can be applied in diverse circumstances, opening opportunities across a range of employment, civic and activism sites. In this unit, students work with a variety of types of organisations on a project which addresses a real-world issue. This opportunity provides students with practical experience and the chance to work directly with advocacy groups, non-governmental organisations, think tanks, and other public or private organisations. Students will demonstrate their ability to conceptualise and execute a social science project in response to stakeholder concerns. On completion of this unit, students will possess tangible skills and experience of working in a professional setting that they can apply in their future careers.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

General Assessment Information

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue. This late penalty will apply to non-time sensitive assessment (incl. essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special Consideration application.
