Delivery and Resources

DELIVERY

Internal students

Students attend 2 x 2 hour tutorials per week: 4 hours of class. There are no lectures for FREN 1010. Please go to eStudent to register in one practical and one tutorial on offer.

Classes start at five minutes past the hour. We recommend that you arrive 5 minutes before the start of class so you do not miss out on important information given at the start of a class. We encourage students to come to as many classes as possible to facilitate the best learning experience possible.

External students

External students do not need to register in any particular classes and just need to make sure you are enrolled in FREN 1010 on eStudent. External students will have access to instruction videos that cover content for each class. These are accessible via iLearn on Echo.

Your only timetabled activities will involve the attendance of a live **video-conferencing** speaking test at the end of the unit at specific times allocated by the unit tutor. More details will be provided then.

External students will need to have access to a **webcam for the test**, headphones as well as a microphone for use during the video-conferencing sessions with *Zoom* which they will need to download for free from the internet. We recommend you use **Firefox** which has been reliable with respect to media files used in the course. The correct functioning of internet connection and network is the student's sole responsibility.

All students

The course is of a very intensive nature. FREN 1010 aims to prepare students for FREN 1020 in session 2.

The work required for FREN 1010 is two-fold, involving:

- 4 contact hours in class (or recorded on Echo 360 for external students). These will be organised around oral participation, explanation of new grammar points, practice and reinforcement of new language (or listening to the Echo 360 recordings).
- Approximately 8 hours of weekly home study, consisting of written, oral and aural practice using the CDs/audio files that accompany the textbook and exercise books - **Défi 1/A1 by *Maison des Langues* publisher. All students MUST have bought a copy of this text book with the accompanying exercise book (cahier d'exercices) for week 1 classes.**

External students are encouraged to find a French speaking partner in the unit with whom to practice spoken French to compensate for not being in the interactive language learning classroom. The forum on iLearn called "Je cherche un copain/copine de classe" (I'm looking for a

study partner) will allow you to connect with other external students online.

IT and iLearn assistance is available via the iLearn login page or by clicking on the words "Help me" under the iLearn logo at the top right hand side of every iLearn window.

Please note that all new threads will be sent to your University account. You are encouraged to use the University account rather than a private e-mail account and to check this account regularly for announcements from the convenor and emails from your tutor.

how the convenor will communicate with you throughout the session.
