Unit description

This unit introduces you to the linguistics of signed languages, with particular reference to Auslan as it relates to interpreting. The unit includes language structure (phonology, morphology, syntax, semantics, and discourse) based on the Auslan corpus, starting with the semiotic elements available to all languages. The use of space, depicting signs and constructed action are a major applied focus at the on-campus sessions. You will apply your linguistic knowledge to the computerised annotation and analysis of an Auslan text.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Explain the similarities and differences between how signed languages and spoken languages are used during face-to-face communication

**ULO2:** Describe the acquisition of signed language as a first language and key issues in Deaf people's bilingualism

**ULO3:** Identify key characteristics of Auslan phonology, morphology and lexicogrammar

**ULO4:** Describe aspects of simultaneity in signed language structure

**ULO5:** Demonstrate the ability to gloss and annotate Auslan data using ELAN software.

## General Assessment Information

### General Assessment Information

#### Grades

Grade descriptors and other information concerning grading are contained in the [Macquarie University Assessment Policy](#).

All final grades are determined by a grading committee, in accordance with the Macquarie University Assessment Policy, and are not the sole responsibility of the Unit Convenor.

Students will be awarded a final grade and a mark which must correspond to the grade descriptors specified in the [Assessment Procedure](#) (clause 128).

To pass this unit, you must demonstrate sufficient evidence of achievement of the learning outcomes, meet any ungraded requirements, and achieve a final mark of 50 or better.

Further details for each assessment task will be available on iLearn.

#### Late Submissions

Unless a Special Consideration request has been submitted and approved, a 5% penalty (OF THE TOTAL POSSIBLE MARK) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For example:

Number of days (hours) late	Total Possible Marks	Deduction	Raw mark	Final mark
1 day (1-24 hours)	100	5	75	70
2 days (24-48 hours)	100	10	75	65
3 days (48-72 hours)	100	15	75	60
7 days (144-168 hours)	100	35	75	40
>7 days (>168 hours)	100	-	75	0

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration.

- Identify key characteristics of Auslan phonology, morphology and lexicogrammar
- Describe aspects of simultaneity in signed language structure

### Online posting

Assessment Type <sup>1</sup>: Practice-based task

Indicative Time on Task <sup>2</sup>: 16 hours

Due: **throughout semester**

Weighting: **20%**

online posting tasks related to unit content throughout semester

On successful completion you will be able to:

- Explain the similarities and differences between how signed languages and spoken

languages are used during face-to-face communication

- Identify key characteristics of Auslan phonology, morphology and lexicogrammar
- Demonstrate the ability to gloss and annotate Auslan data using ELAN software.

## ELAN annotation & analysis

Assessment Type <sup>1</sup>: Report

Indicative Time on Task <sup>2</sup>: 32 hours

Due: **part 1 wk 10, part 2 wk 14**

Weighting: **50%**

two-stage annotation and analysis of an Auslan source text using ELAN.

On successful completion you will be able to:

- Identify key characteristics of Auslan phonology, morphology and lexicogrammar
- Describe aspects of simultaneity in signed language structure
- Demonstrate the ability to gloss and annotate Auslan data using ELAN software.

## Inclusion & Diversity

Social inclusion at Macquarie University is about giving everyone who has the potential to benefit from higher education the opportunity to study at university, participate in campus life and flourish in their chosen field. The University has made significant moves to promote an equitable,

diverse and exciting campus community for the benefit of staff and students. It is your responsibility to contribute towards the development of an inclusive culture and practice in the areas of learning and teaching, research, and service orientation and delivery. As a member of the Macquarie University community, you must not discriminate against or harass others based on their sex, gender, race, marital status, carers' responsibilities, disability, sexual orientation, age, political conviction or religious belief. All staff and students are expected to display appropriate behaviour that is conducive to a healthy learning environment for everyone.

## **Professionalism**

### ***Attendance and participation***

In the Translation and Interpreting program, professionalism is a key capability embedded in all our courses. As part of developing professionalism, students are expected to attend all classes and small group interactive sessions including tutorials. As an adult learner, we respect your decision to choose how you engage with your learning, but we would remind you that the learning opportunities we create for you have been done to enable your success, and that by not engaging you may impact your ability to successfully complete this unit. We equally expect that you show respect for the academic staff who have worked hard to develop meaningful activities and prioritise your learning by communicating with them in advance if you are unable to attend a small group interactive session.

Another dimension of professionalism is having respect for your peers. It is the right of every student to learn in an environment that is free of disruption and distraction. Please arrive to all learning activities on time, and if you are unavoidably detained, please join activity as quietly as possible to minimise disruption. Phones and other electronic devices that produce noise and other distractions must be turned off prior to entering class. Where your own device (e.g., laptop) is being used for class-related activities, you are asked to close down all other applications to avoid distraction to you and others. Please treat your fellow students with the utmost respect. If you are uncomfortable participating in any specific activity, please let the relevant academic know.
