Unit description

Organisations have an ethical and legal responsibility to safeguard customer data in a constantly evolving cyber security environment. This unit is designed for students to gain an understanding of cyber security governance frameworks and ethical issues relating to the complex issues relating to cyber security. The primary objectives of the unit are for students to be able to evaluate cyber security trade-offs, use relevant governance frameworks to develop a cyber security road map and to be able to examine and provide recommendations for cyber security ethical dilemmas.

#### Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

### **Learning Outcomes**

On successful completion of this unit, you will be able to:

**ULO1:** Evaluate the trade-offs between cyber security, cost/resources and business opportunities/competitive advantage.

**ULO2:** Develop a cyber security road map for a specific organisation.

**ULO3:** Explain the governance principles and frameworks relevant to cyber security.

**ULO4:** Examine and provide recommendations for potential ethical dilemmas of the work of cyber security experts.

#### **General Assessment Information**

#### Late Assessment Submission Penalty

Unless an application for <u>Special Consideration</u> has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For any late submissions of time-sensitive tasks, such as scheduled tests, exams, performance assessments, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration\_
