Unit description
In competitive business environments, developing and managing superior value offerings for customers is vital. Managing the marketing offering of a firm is central to market success. To that end, practitioners need to own a set of skills and be able to utilise a mix of tools to target and satisfy their consumers' needs. This unit develops students' knowledge and skills to identify target markets, shape a product mix, deliver value to target markets through a communication mix, identify distribution channels, and formulate a pricing mix. Students develop skills of setting objectives, identifying problems, identifying and evaluating alternatives, and implementing an optimal decision.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

- ULO1:** Identify and discuss marketing concepts, individually and in collaboration.
- ULO2:** Critically analyse and communicate marketing management problems and opportunities.

ULO3: Apply and communicate actionable solutions to identify opportunities and solve marketing problems.

General Assessment Information

Late Assessment Submission Penalty (written assessments)

Unless a *Special Consideration* request has been submitted and approved, a **5% penalty (of the total possible mark)** will be applied each day a written assessment is not submitted, **up until the 7th day (including weekends)**.
