Unit description

This unit will enable students to attain the key legal skills (legal research, reasoning, and writing; applying precedent; statutory interpretation; and legal problem solving) and to acquire the foundational legal knowledge (Australia legal institutions; legal theory; comparative legal systems; parliamentary process; role of the judiciary) necessary for further study in law. This unit will challenge students to apply their skills and knowledge to examine a contemporary socio-legal issue through a collaborative group project. Students will also engage in reflective practice.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Define, describe and relate sources of legal norms and foundational elements of the Australian legal system.

ULO2: Apply principles of academic honesty and rules for correct legal citation.

ULO3: Apply principles of statutory interpretation and the doctrine of precedent to

interpret primary legal sources (case law and legislation) for the purpose of deriving legal rules and principles.

ULO4: Locate relevant primary and secondary sources through legal research using online databases, library resources and internet sources.

ULO5: Analyse legal problems in their broader social context

General Assessment Information

All written assessments submitted electronically must be submitted through the link provided in iLearn. This unit will utilise Turnitin plagiarism detection software. Students should carefully check that they submit the correct file for an assessment, as re-submissions will not be accepted after the due date and time, including instances where students upload an incorrect file in error.

The design, moderation and feedback of all assessments is in accordance with the Macquarie University Assessment Procedure (link provided under 'Policies and Procedures' below).

Late Submission Policy

A maximum penalty of five (5) percentage points of the total possible marks will be applied per day to late submissions, for up to a maximum of seven calendar days. Tasks that have not been submitted within the maximum number of additional late days will receive a mark of zero. This provision does not apply to online exams or other assessment with a time limit of less than 24 hours.

Penalties for late submission will be applied consistently and equitably to all students enrolled in the unit. Where short-term, serious and unavoidable circumstances have affected their ability to submit an assessment task, a student must submit a formal application for Special Consideration as per the Special Consideration Policy. Students should not request an informal arrangement from their tutor, lecturer or Unit Convenor.

Where an application for Special Consideration is approved, and the outcome is an extension to the due date of a task, submissions that are received after the new due date will be subject to late penalties that are calculated from the new due date. This only applies where the outcome is an extension to the due date – see the Special Consideration Policy for a schedule of all possible outcomes.

Special Consideration

Students should submit applications for Special Consideration electronically via the Service Connect portal, along with the supporting documentation. Before submitting their applications, students should refer to the Special Consideration Policy (link provided under 'Policies and Procedures' below).
