Unit description

The law of contracts is a fundamental area of study for an undergraduate degree in law and serves as the basis for a variety of later core and elective units. This unit equips students with a knowledge of essential doctrinal principles of contract law and the capacity to apply legal problem solving skills to the resolution of contractual disputes. It covers the formation of contracts, the contents and interpretation of contractual terms, the vitiating factors affecting contract formation, the discharge of contractual liabilities and other related issues such as formal requirements, illegality and privity of contract. In addition, the unit conveys an understanding of the main competing philosophies of contract and the practical role of contracts in a broader social and historical context.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Describe the legal principles relating to contract law.

ULO2: Explain the role of contracts in an historical and social context.

ULO3: Formulate, present and evaluate oral and written arguments about contract law, drawing upon relevant precedent and policy considerations.

ULO4: Analyse hypothetical fact situations, identify legal and factual issues involving the law relating to contract law, and apply relevant principles to solve legal problems, including analysis under domestic contract law and international contract law.

General Assessment Information

All written assessments must be submitted electronically through the link provided in iLearn. This unit will utilise Turnitin plagiarism detection software. Students should carefully check that they submit the correct file for an assessment, as re-submissions will not be accepted after the due date and time, including instances where students upload an incorrect file in error.

The design, moderation and feedback of all assessments is in accordance with the Macquarie University Assessment Procedure (link provided under 'Policies and Procedures' below).

Late Submission Policy

A maximum penalty of five (5) percentage points of the total possible marks will be applied per day to late submissions for up to a maximum of seven calendar days. Tasks that have not been submitted within the maximum number of additional late days will receive a mark of zero. This provision does not apply to online exams or other assessments with a time limit of less than 24 hours.

Penalties for late submission will be applied consistently and equitably to all students enrolled in the unit. Where short-term, serious and unavoidable circumstances have affected their ability to submit an assessment task, a student must submit a formal application for Special Consideration as per the Special Consideration Policy. Students should not request an informal arrangement from their tutor, lecturer or Unit Convenor.

Where an application for Special Consideration is approved, and the outcome is an extension to the due date of a task, submissions that are received after the new due date will be subject to late penalties that are calculated from the new due date. This only applies where the outcome is an extension to the due date – see the Special Consideration Policy for a schedule of all possible outcomes.

Special Consideration

Students should submit applications for Special Consideration electronically via the Service Connect portal, along with the supporting documentation. Before submitting their applications, students should refer to the Special Consideration Policy (link provided under 'Policies and Procedures' below).
