Unit description
Creativity lies at the core of the contemporary performing arts and entertainment industries. This unit explores a variety of creative approaches and students develop key practical and conceptual skills necessary for undertaking independent creative practice. Students will explore performance processes across a wide range of forms and disciplines so that they are able to develop a performance project, using production elements such as live performance, sound, light, and video. No prior experience of the performing arts and entertainment industries is required.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: synthesise ideas, concepts and processes in order to interpret and devise a creative project.

ULO2: evaluate projects for performance within production deadlines and resource

constrain

ULO3: integrate critical self-reflexive methods and skills to assess own work and effort.

ULO4: communicate in creative contexts, evaluate and respond to peer feedback.

General Assessment Information

Attendance Students are expected to view all lectures for MMCC2125. Lectures are not optional: they are a central component of meeting the learning outcomes in this unit and deliver important content that is directly assessed. Students who elect to not view lectures will miss out on important unit content and do so at their own risk. Students are likewise expected to attend all tutorials for MMCC2125. Tutorials are not optional: they deliver important content through practical application and are a central component of meeting the learning outcomes in this unit. Tutorials provide an environment where students can discuss ideas and learn from each other, building important networks and group work skills. In tutorials, you will also have the opportunity to ask for assistance from your tutor and receive informal feedback on work in progress. Students who do not attend tutorials will miss out on important unit content and learning activities and do so at their own risk.

Group Exercises Students in this unit must be willing to work within a group and to assume responsibility for the group's process. Students are required to wear comfortable clothes and shoes for practical exercises and tutorials.

Independent Work Students are expected to work independently outside of scheduled Class times when they are working on all assessments. MMCC2125 students will need to do their own reading of relevant texts and preparation of devised performance outside class time.

Assessment standards by which the tasks are evaluated are described in the assessment rubrics. Detailed information will be provided in class and available from iLearn.

Referencing Style The referencing style for this Unit is APA7. See: <https://apastyle.apa.org/instructional-aids/reference-examples.pdf>

Electronic Submissions Assessments for this unit are to be submitted online via the 'Turnitin' software that can be accessed through the MMCC2125 iLearn website. Detailed information will be provided in class and available from iLearn.

Feedback will be given to students via the following ways:

Whole class: Consolidated feedback on whole of class assignment performance, summarising key strengths and weaknesses from the unit convenor in class discussions and unit activities. Through the 'announcement' function in iLearn, if there are points of relevance to the whole class.

Individual: The ongoing opportunity to discuss assignment progress with the convenor via email or face to face student consultation. This provides a mechanism to provide feedback on progress made, prior to submission.

Formal: Text based or voice comments attached to assignments marked in Turnitin/GradeMark. Marks are made available through the Gradebook function in iLearn.

Late submission penalty

Unless a Special Consideration request has been submitted and approved, **a 5% penalty (of the total possible mark) will be applied each day to late submissions, up until the 7th calendar day (including weekends)**. After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

Important to note:

- Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs) will be addressed by the unit convenor in a Special consideration application.
- Students should not request an informal arrangement from their tutor, lecturer or Unit Convenor (or equivalent).
- Where an application for Special Consideration is approved and the outcome is an extension to the due date of a task, submissions that are received after the new due date will be subject to late penalties that are calculated from the new due date. This only applies where the outcome is an extension to the due date – see the [Special Consideration Policy](#) for a schedule of all possible outcomes.

Assessment Tasks

Name	Weighting	Hurdle	Due
Tutorial Exercises	50%	No	Wk5 in-class + 23:55 28/03/25; Wk7 in-class + 23:55 11/04/25
Performance	50%	No	w11 in-class; w12 in-class + 23:55 30/5/25

Tutorial Exercises

Assessment Type ¹: Reflective Writing

Indicative Time on Task ²: 47 hours

Due: **Wk5 in-class + 23:55 28/03/25; Wk7 in-class + 23:55 11/04/25**

Weighting: **50%**

Individual engagement with course content will be demonstrated through writing tasks in response to in-class practical exercises and readings.

* A template will be provided. Methodology for this assessment will be discussed in class and full details can be found on ilearn.

On successful completion you will be able to:

- synthesise ideas, concepts and processes in order to interpret and devise a creative project.
- communicate in creative contexts, evaluate and respond to peer feedback.

Performance

Assessment Type ¹: Performance

Indicative Time on Task ²: 48 hours

Due: **w11 in-class; w12 in-class + 23:55 30/5/25**

Weighting: **50%**

Students will produce an individual performance with an emphasis on its aesthetic, creative and innovative qualities. This includes a written reflection of the process of the performance, as well as the performance itself. Examples may include dance composition, musical work and theatrical performance. Refer to iLearn for further information.

On successful completion you will be able to:

- evaluate projects for performance within production deadlines and resource constrain
- integrate critical self-reflexive methods and skills to assess own work and effort.
- communicate in creative contexts, evaluate and respond to peer feedback.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

PLEASE NOTE:

MMCC2125 Lecture will commence in Week 1 live on campus. The lecture will also be live on zoom. A recording of the lecture will be available.

MMCC2125 Tutorials will commence in Week 1 enrol in EITHER live on campus OR online tutorial.
