Unit description

This unit gives students the opportunity to develop their expertise in an area of interest through sourcing, reading, synthesising and communicating evidence from research and professional literature. This unit is designed to enable students to acquire depth of knowledge in their chosen topic area and to consolidate their study and research skills. The unit also highlights the value of professional learning and lifelong learning. At the end of this unit, it is expected that students will be able to communicate with confidence and authority about their chosen topic area.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Justify the relevance of their special interest topic with reference to the contemporary context of early childhood education.

ULO2: Locate and synthesise ideas relevant to their chosen topic contained in relevant theoretical and research literature.

ULO3: Demonstrate a depth of understanding of their special interest topic as it applies to early childhood education.

ULO4: Create a professional resource which successfully translates the findings of the research literature for an early childhood professional audience.

General Assessment Information

All written assessments must be submitted electronically. Please format assessments using 12-point font and 1.5 spacing. Submissions must meet the required file type and formatting specifications outlined in the assessment guidelines. If you are unsure about the file format or have technical difficulties, it is your responsibility to seek assistance before the submission deadline. Students should be careful to check that they submit the correct file for an assessment as no re-submissions will be accepted after the due date and time, including instances where students upload an incorrect file. It is not the responsibility of unit staff to contact students who have failed to submit assessments. If you have any missing items of assessment, it is your responsibility to contact the unit convenor.

Turnitin plagiarism detection software is used to check all written assessments. It is the responsibility of all students to ensure that their submitted work is in a format compatible with Turnitin software for plagiarism checking. Students can use Turnitin's Originality Report as a learning tool to improve their academic writing if this option is made available in the unit.

Word limits are strictly applied, with + or – 10% applicable. Work above the word limit will not be marked.

Academic Integrity

Students should be aware of and apply the University policy on academic integrity (see: <https://policies.mq.edu.au/document/view.php?id=3>).

Artificial Intelligence

Special Consideration / Late Penalties

Unless a Special Consideration request has been submitted and approved, **a 5% penalty (of the total possible mark) will be applied each day to late submissions, up until the 7th calendar day (including weekends). After the 7th day, a mark of '0' (zero) will be awarded even if the**

assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

Important to note:

Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs) will be addressed by the unit convenor in a Special consideration application.

Students should not request an informal arrangement from their tutor, lecturer or Unit Convenor (or equivalent).

Where an application for Special Consideration is approved and the outcome is an extension to the due date of a task, submissions that are received after the new due date will be subject to late penalties that are calculated from the new due date. This only applies where the outcome is an extension to the due date – see the [Special Consideration Policy](#) for a schedule of all possible outcomes.

A Special Consideration outcome may result in a new question or topic.

Applications must be made via [Service Connect](#).

University Policy on Grading

Assignments will be awarded grades ranging from HD to F according to guidelines set out in the [University's Grading System](#) and [University Assessment Policy](#).

Results

Results shown in iLearn, or released directly by your Unit Convenor, are not confirmed because they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit [Service Connect](#).

Withdrawing from this unit

If you are considering withdrawing from this unit, please seek academic advice via [Service Connect](#) before doing so as this unit may be a co-requisite or prerequisite for units in the following sessions and may impact your course progression.

Assessment Tasks

Name	Weighting	Hurdle	Due	Groupwork/Individual	Short Extension	AI Approach

Literature search and thematic analysis

Assessment Type ¹: Written Submission

Indicative Time on Task ²: 45 hours

Due: **25/09/2026**

Weighting: **50%**

Groupwork/Individual: Individual

Short extension ³: No

AI Approach: Open

Students will source relevant literature (peer-reviewed research articles, academic book chapters, government websites) to compose a literature review of their chosen topic. This assignment expects students to synthesise the results of their literature search and critically examine the information (2200 words).

On successful completion you will be able to:

- Justify the relevance of their special interest topic with reference to the contemporary context of early childhood education.
- Locate and synthesise ideas relevant to their chosen topic contained in relevant theoretical and research literature.
- Demonstrate a depth of understanding of their special interest topic as it applies to early childhood education.

Professional resource

Indicative Time on Task ²: 60 hours

Due: **06/11/2026**

Weighting: **50%**

Groupwork/Individual: Individual

Short extension ³: No

AI Approach: Open

Students will create a professional resource that demonstrates deep understanding, an ability to relate research and professional perspectives, and an ability to communicate effectively to the early childhood sector (2000 words).

On successful completion you will be able to:

- Demonstrate a depth of understanding of their special interest topic as it applies to early childhood education.
- Create a professional resource which successfully translates the findings of the research literature for an early childhood professional audience.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- [Academic Success](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation.

³ An automatic short extension is available for some assessments. Apply through the [Service Connect Portal](#).

Delivery and Resources

Resources

There are no required and recommended texts for this unit.

This unit has a full web presence through iLearn. Information for students about access to the online component of this unit is available at <https://ilearn.mq.edu.au/login/index.php>. You will need to enter your student username and password.

Please do NOT contact the Unit Convenor regarding iLearn technical help. Assistance is available from IT Helpdesk: via email onehelp@mq.edu.au or Ph: 9850 4357 or 1800 67 4357. On Campus: Ground floor at 18 Wally's Walk.

Unit Schedule

This Unit is divided into three Modules each with two components:

- 1. Establishing a project:** In Module 1, students develop a critical understanding of how to develop their special interest project. Students will formulate their interest and the question to be addressed, and will develop their project proposal
- 2. Deepening expertise:** In Module 2, students systematically search for scholarly and policy information about their special interest topic. Students then use thematic analysis approaches to identify relevant themes to be covered in their literature review.
- 3. Creating a professional resource:** In Module 3, students work independently to develop and complete their special interest professional resource. Two 'check in' meetings are scheduled during which students present on their progress and gain feedback on their project.

schedule of tutorials and readings for this Unit is available through i-Learn.

Policies and Procedures

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.

School of Education Procedures

In addition, the following policies and procedures for the Macquarie School of Education apply to this unit.

Academic Progression Policy

This unit is a part of a professional course listed on Schedules 2 and 3 of the [Academic Progression Policy](#). This course has additional requirements that are applicable for the full duration of the course, including course-specific Inherent Requirements, Fitness to Practice requirements and other compulsory course requirements. It also has rigorous academic progression standards.

Inability to meet these requirements may result in a withdrawal of offer of admission and/or permanent exclusion from the course in accordance with the General Coursework Rules.

Communication

It is the student's responsibility to check all electronic communication on a weekly basis. Communication may occur via:

- Official MQ Student Email Address
- The Dialogue function on iLearn
- Other iLearn communication functions

Attendance and Participation

See the University timetable for information about when classes begin in this unit. [Creating your timetable - Enrolling | Macquarie University, Sydney \(mq.edu.au\)](#). Students are required to attend the tutorial in which they are enrolled. Any changes to tutorial enrolments must be completed officially through e-Student. Please do not contact the unit convenor to request a change.

There is an attendance requirement in this unit. Initial Teacher Education (ITE) degrees must ensure that teacher education students meet unit learning outcomes, course learning outcomes and the Graduate level of the Australian Professional Standards for Teachers. Since units are within an accredited ITE degree, Macquarie School of Education is required to demonstrate these outcomes and standards have been taught, practised and assessed. To meet 'taught, practiced and assessed' accreditation requirements, ITE units have mandatory attendance, with an expectation of at least 80% attendance at tutorials. Please see your unit iLearn site for details of how to meet attendance requirements in this unit.
