Unit description

In this unit, students integrate and synthesise advanced discipline-specific knowledge and experiences from across the full range of child and adult speech pathology practice. Using scenario based learning, the unit assists students to critically evaluate professional practices, creatively solve clinical problems, and work in a collaborative, client-centred model of care. In particular, it addresses knowledge-practice gaps in speech pathology, and advanced clinical reasoning and communication in complex, multidisciplinary practice contexts.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Identify and critically analyse knowledge-practice gaps in speech pathology.

**ULO2:** Conduct and critically report on searches of published literature relevant for speech pathology practice, incorporating systematic reviews where available.

**ULO3:** Identify and critically analyse barriers to service provision for individual clients and client populations, and apply sound clinical reasoning in designing solutions for them.

**ULO4:** Adopt a range of sound strategies for successfully collaborating with other parties

relevant to client care, including (but not limited to) other professionals, family members, and communities.

**ULO5:** Select and implement a repertoire of interpersonal communication skills to support ethical, evidence-based, and client-centred speech pathology practice in complex clinical scenarios.

## General Assessment Information

Grade descriptors and other information concerning grading are contained in the [Macquarie University Assessment Policy](#).

All final grades are determined by a grading committee, in accordance with the Macquarie University Assessment Policy, and are not the sole responsibility of the Unit Convenor.

Students will be awarded a final grade and a mark which must correspond to the grade descriptors specified in the [Assessment Procedure](#) (clause 128).

To pass this unit, you must demonstrate sufficient evidence of achievement of the learning outcomes, meet any ungraded requirements, and achieve a final mark of 50 or better.

Further details for each assessment task will be available on iLearn.

## Late Submissions

Unless a Special Consideration request has been submitted and approved, a 5% penalty (OF THE TOTAL POSSIBLE MARK) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For example:

| Number of days (hours) late | Total Possible Marks | Deduction | Raw mark | Final mark |
|-----------------------------|----------------------|-----------|----------|------------|
| 1 day (1-24 hours)          | 100                  | 5         | 75       | 70         |
| 2 days (24-48 hours)        | 100                  | 10        | 75       | 65         |
| 3 days (48-72 hours)        | 100                  | 15        | 75       | 60         |
| 7 days (144-168 hours)      | 100                  | 35        | 75       | 40         |
| >7 days (>168 hours)        | 100                  | -         | 75       | 0          |

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to

submit an application for Special Consideration.

## Word limits

Assessment submissions with excessive word counts will receive a penalty commensurate with the amount the submission has exceeded the word limit stated in the assessment description. Excessive word counts will result in the following penalties:

- From 11 to 20% over the word limit = reduction by one grading band.
- More than 20% over the word limit = reduction by **at least** two grading bands, with further penalties applied at the discretion of the unit convenor.

For example: Word limit = 2000 words; Submission word count = 2240, i.e., 12% over the limit, and therefore a penalty is applied as follows:

- Initial grade = D
- Penalty = reduction of one grading band
- Final grade = C

## Assessment Tasks

| Name                                                        | Weighting | Hurdle | Due         | Groupwork/Individual | Short Extension | AI Approach |
|-------------------------------------------------------------|-----------|--------|-------------|----------------------|-----------------|-------------|
| <a href="#">Knowledge-practice gaps in speech pathology</a> | 50%       | Yes    | 18/09/2026  | Individual           | Yes             | Open        |
| <a href="#">Simulated case conference</a>                   | 50%       | Yes    | Weeks 12-14 | Individual           | No              | Observed    |

### Knowledge-practice gaps in speech pathology

Assessment Type <sup>1</sup>: Professional task

Indicative Time on Task <sup>2</sup>: 39 hours

Due: **18/09/2026**

Weighting: **50%**

Groupwork/Individual: Individual

Short extension <sup>3</sup>: Yes

AI Approach: Open

**This is a hurdle assessment task (see [assessment policy](#) for more information on hurdle assessment tasks)**

In this assessment task, students will identify, critically discuss, and design possible solutions for addressing knowledge practice gaps in speech pathology. Students will conduct comprehensive literature searches on self-selected topics, report on knowledge-practice gaps with reference to their own professional experiences and client outcomes, and design possible solutions to them.

This hurdle assessment task assures competency in speech pathology practice, as required for the external accreditation of the Master of Speech and Language Pathology course.

On successful completion you will be able to:

- Identify and critically analyse knowledge-practice gaps in speech pathology.
- Conduct and critically report on searches of published literature relevant for speech pathology practice, incorporating systematic reviews where available.
- Identify and critically analyse barriers to service provision for individual clients and client populations, and apply sound clinical reasoning in designing solutions for them.

## Simulated case conference

Assessment Type <sup>1</sup>: Professional task

Indicative Time on Task <sup>2</sup>: 38 hours

Due: **Weeks 12-14**

Weighting: **50%**

Groupwork/Individual: Individual

Short extension <sup>3</sup>: No

AI Approach: Observed

**This is a hurdle assessment task (see [assessment policy](#) for more information on hurdle assessment tasks)**

In this assessment, students will participate in a simulated case conference. Case conference members will be given a specific professional scenario and aligned roles to carry out. Students will be required to carry out pre-specified objectives in the case conference, with a focus on client case management. Students will also submit a video-recording of their plans and strategies for the case conference and professional documentation emerging from the case conference.

This hurdle assessment task assures competency in speech pathology practice, as required for the external accreditation of the Master of Speech and Language Pathology course.

On successful completion you will be able to:

- Identify and critically analyse barriers to service provision for individual clients and client populations, and apply sound clinical reasoning in designing solutions for them.
- Adopt a range of sound strategies for successfully collaborating with other parties relevant to client care, including (but not limited to) other professionals, family members, and communities.
- Select and implement a repertoire of interpersonal communication skills to support ethical, evidence-based, and client-centred speech pathology practice in complex clinical scenarios.

---

<sup>1</sup> If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this

type of assessment

- [Academic Success](#) for academic skills support.

<sup>2</sup> Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation.

<sup>3</sup> An automatic short extension is available for some assessments. Apply through the [Service Connect Portal](#).

## Delivery and Resources

As a student enrolled in this unit, you will engage in a range of independent and collaborative learning activities. In particular, students will participate in 2 hour seminar classes blending teaching-fronted delivery with small group activities. Students will be expected to engage with learning materials and activities before attending and participating in weekly classes, and then to complete learning activities following class. All scheduled learning activities will take place over the standard 13 weeks of the session. Full details can be found on the iLearn site for this unit.

### Technology Used

Active participation in the learning activities throughout the unit will require students to have access to a tablet, laptop or similar device. Students who do not own their own laptop computer may borrow one from the university library.

## Unit Schedule

Please see iLearn site for class schedule document.

## Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central](https://policies.smq.edu.au) (<https://policies.smq.edu.au>). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- [Academic Appeals Policy](#)
- [Academic Integrity Policy](#)
- [Academic Progression Policy](#)
- [Assessment Policy](#)
- [Fitness to Practice Procedure](#)
- [Assessment Procedure](#)
- [Complaints Resolution Procedure for Students and Members of the Public](#)
- [Special Consideration Policy](#)

Students seeking more policy resources can visit [Student Policies](https://students.smq.edu.au/support/study/policies) (<https://students.smq.edu.au/support/study/policies>). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit [Policy Central \(https://policies.mq.edu.au\)](https://policies.mq.edu.au) and use the [search tool](#).

## Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: <https://students.mq.edu.au/admin/other-resources/student-conduct>

## Results

Results published on platform other than [eStudent](#), (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit [connect.mq.edu.au](https://connect.mq.edu.au) or if you are a Global MBA student contact [globalmba.support@mq.edu.au](mailto:globalmba.support@mq.edu.au)

## Academic Integrity

At Macquarie, we believe [academic integrity](#) – honesty, respect, trust, responsibility, fairness and courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free [online writing and maths support](#), [academic skills development](#) and [wellbeing consultations](#).

## Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

## Academic Success

[Academic Success](#) provides resources to develop your English language proficiency, academic writing, and communication skills.

- [Ask a Study Coach](#)
- [Access StudyWISE](#)
- [Upload an assignment to Studiosity](#)
- [Complete the Academic Integrity Module](#)

The Library provides online and face to face support to help you find and use relevant information resources.

- [Subject and Research Guides](#)
- [Ask a Librarian](#)

## Student Services and Support

Macquarie University offers a range of [Student Support Services](#) including:

- [IT Support](#)

- [Accessibility and disability support](#) with study
- Mental health [support](#)
- [Safety support](#) to respond to bullying, harassment, sexual harassment and sexual assault
- [Social support including information about finances, tenancy and legal issues](#)
- [Student Advocacy](#) provides independent advice on MQ policies, procedures, and processes

## Student Enquiries

Got a question? Ask us via the [Service Connect Portal](#), or contact [Service Connect](#).

## IT Help

For help with University computer systems and technology, visit <https://students.mq.edu.au/support/technology/service-desk>.

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.

## Inclusion and Diversity

Social inclusion at Macquarie University is about giving everyone who has the potential to benefit from higher education the opportunity to study at university, participate in campus life and flourish in their chosen field. The University has made significant moves to promote an equitable, diverse and exciting campus community for the benefit of staff and students. It is your responsibility to contribute towards the development of an inclusive culture and practice in the areas of learning and teaching, research, and service orientation and delivery. As a member of the Macquarie University community, you must not discriminate against or harass others based on their sex, gender, race, marital status, carers' responsibilities, disability, sexual orientation, age, political conviction or religious belief. All staff and students are expected to display appropriate behaviour that is conducive to a healthy learning environment for everyone.

## Professionalism

In the Faculty of Medicine, Health and Human Sciences, professionalism is a key capability embedded in all our courses.

As part of developing professionalism, students are [expected to attend all small group interactive sessions](#) including clinical, practical, laboratory, work-integrated learning (e.g., PACE placements), and team-based learning activities. Some learning activities are recorded (e.g., face-to-face lectures), however you are encouraged to avoid relying upon such material as they do not recreate the whole learning experience and technical issues can and do occur. As an adult learner, we respect your decision to choose how you engage with your learning, but we would remind you that the learning opportunities we create for you have been done so to enable your success, and that by not engaging you may impact your ability to successfully complete this unit. We equally expect that you show respect for the academic staff who have worked hard to

develop meaningful activities and prioritise your learning by communicating with them in advance if you are unable to attend a small group interactive session.

Another dimension of professionalism is having respect for your peers. It is the right of every student to learn in an environment that is free of disruption and distraction. Please arrive to all learning activities on time, and if you are unavoidably detained, please join activity as quietly as possible to minimise disruption. Phones and other electronic devices that produce noise and other distractions must be turned off prior to entering class. Where your own device (e.g., laptop) is being used for class-related activities, you are asked to close down all other applications to avoid distraction to you and others. Please treat your fellow students with the utmost respect. If you are uncomfortable participating in any specific activity, please let the relevant academic know.
