Unit description
Genre fiction often features distinctive storyworlds ranging from gritty realism to the whimsically fantastical. This unit explores the ways in which genre helps writers explore complex themes and issues through the lens of these genre-driven worlds. Rather than viewing genre conventions as restrictive to the creative process, students will investigate how genre conventions can be utilised (and, in some cases, challenged or subverted) to help writers build exciting and immersive worlds. Students will have the opportunity to experiment with writing memorable characters, creating unique fictional worlds, and structuring engaging plots through a range of popular genres.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Identify, analyse, critique, and apply different definitions and conventions of genre writing.

ULO2: Apply practical and theoretical knowledge of characterisation, structure, and world-building for genre fiction.

ULO3: Analyse and evaluate different readerships and reader expectations for genre

fiction.

ULO4: Apply specialised research skills and creative language skills to produce a narrative or other textual forms of creative writing.

General Assessment Information

Late submission penalty

Unless a Special Consideration request has been submitted and approved, **a 5% penalty (of the total possible mark) will be applied each day to late submissions, up until the 7th calendar day (including weekends)**. After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

Important to note:

- Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs) will be addressed by the unit convenor in a Special consideration application.
- Students should not request an informal arrangement from their tutor, lecturer or Unit Convenor (or equivalent).
- Where an application for Special Consideration is approved and the outcome is an extension to the due date of a task, submissions that are received after the new due date will be subject to late penalties that are calculated from the new due date. This only applies where the outcome is an extension to the due date – see the [Special Consideration Policy](#) for a schedule of all possible outcomes.
