Unit description

We study criminology not just to understand crime, but to shape how we respond to it. This unit bridges the gap between academic insight and professional practice, preparing students to apply their knowledge in real-world settings where critical thinking, ethical judgment, and practical skills matter most. This unit adopts an experiential, practice-based approach. Students will apply their criminological skills in settings that foster collaboration, critical reflection, and engagement with contemporary justice challenges. Students will engage with contemporary justice challenges through scenario-based learning and collaborative problem-solving. They will explore how criminological insights are used to inform decision-making and drive innovation in practice. Emphasis is placed on building connections with leading stakeholders and experts across the sector, and on developing the skills to contribute meaningfully to ethical, effective, and forward-thinking justice solutions. Students will gain confidence and experience in applying criminological theory to practice, developing the skills to navigate complex justice environments, engage with diverse stakeholders, and contribute to ethical, evidence-informed decision-making.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Apply criminological knowledge and theory to real-world contexts.

ULO2: Collaborate with peers, practitioners and stakeholders to address contemporary criminal justice challenges.

ULO3: Communicate complex and evidence-based criminological understandings to diverse audiences.

ULO4: Critically reflect on your role, values, and impact in professional justice settings.

ULO5: Propose practical and ethically informed responses to address contemporary societal challenges.

General Assessment Information

Rubrics and indicative samples are provided in iLearn as additional guidance on standards of achievement for different assessment types. Submission of most tasks is via iLearn, but there may be use of other submission platforms, such as an e-book. All assessment tasks are compulsory and must be submitted on time. Assignment tasks handed in early will not be marked and returned before the due date. Late Assessment Submission Penalty Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue. This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special Consideration application. Special Consideration outcome may result in a new question or topic. The granting of extensions is subject to the university's Special Consideration Policy. Extensions will not be granted by unit conveners or tutors, but must be lodged through Special Consideration: <https://students.mq.edu.au/study/my-study-program/special-consideration> Reassessment of Assignments during the semester Macquarie University operates a Grade Appeal Policy in cases where students feel their work was graded inappropriately: <http://www.mq.edu.au/policy/docs/gradeappeal/policy.html> In accordance with the Grade Appeal Policy, individual works are not subject to regrading.
