Unit description
This unit incorporates both specialist theory and practice in early childhood education by combining university-based study with practical teaching experience in an early childhood organisation. The 20 day practical experience component is based on an understanding that students will be operating at a level reasonably expected of a postgraduate student teacher undertaking a block of professional experience as a teacher of young children for the first time. Unit content will focus on examining and reflecting on the student's role in teaching and learning with children from two to five years.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://students.mq.edu.au/important-dates
