Unit description
Lectures and tutorials in this unit are organised around key issues in intercultural communication such as identity, power, globalisation, culture transition, taboo, and intercultural communication problems. Selected readings introduce key theories in the field and identify areas where intercultural communication takes place (business, multicultural communities, politics). In class, we draw upon current affairs in exploring particular settings in which intercultural skills are of vital importance. The unit reader presents a collection of key texts but there is strong emphasis on practical work where strategies of successful intercultural communication in interpersonal and international situations are being assessed.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://students.mq.edu.au/important-dates

Learning Outcomes

1. Demonstrate the disciplinary knowledge of the meaning of ‘culture’, and reflect that knowledge in an awareness of students’ own cultural identity and development of intercultural empathy
2. Analyse critically and evaluate the differences in verbal and non-verbal communication styles across cultures
3. Demonstrate a clear understanding and broad knowledge of the key theories, scholars and debates in the field of intercultural communication
4. Identify, interpret and communicate the broad and specific arguments contributing to intercultural knowledge and experience.
5. Apply the theoretical modes of understanding the broad arguments underpinning the key theories, to everyday life
6. Apply intercultural theory and research techniques to specific field work

**General Assessment Information**

Please note: Dates and times for assignment submission are in the **due dates document** on ilearn. You essay needs to be uploaded to turnitin as well as handed in as hard copy with signed coversheet to the appropriate box in W6A by the due date. There will be a link where your presentation summaries can be uploaded on ilearn. You can do this until one week after your group presentation. There is no link for your Intercultural Sydney project, you can hand it in directly to me in class on or before the due date. Extensions for any assignment due to serious disruption of study need to be applied for online via student portal.

Late assignments will be penalized 5 percent of the mark for the first day and 2 percent per subsequent day. In cases of illness and misadventure students must submit official documentation including original copies of medical certificates through the Student Enquiry Service. Advice of Absence forms are available from the Student Enquiry Service or online at the Registrar's website (www.reg.mq.edu.au) and should be submitted by the last day of classes each semester. This is for any assessment during semester. Disruption to Studies forms (for assignments submitted after semester ends) can also be downloaded from the Registrar's website or obtained from the Academic Program Section, located on level 4 of the Lincoln Building.

**Group Presentation**

Due: **TBA**

Weighting: **30%**

Group Presentation on a subject within our 5 key areas of study (identity, taboo, intercultural
competence, power, intercultural conflict) plus short individual summary of your contribution to the presentation (300w). You may refer to the reader in preparation of your group presentation, but you need to consult additional materials. Ideally your presentation (no electronic support) takes no more than 1hr of the tutorial time. Each member of the group may present for 5-7 minutes. Make sure to involve the rest of the class in your presentation; this can be achieved by giving them a task to do in class or by introducing a game. In the written summary, you may want to comment on how your group went about putting the presentation together and anything about the group work that you find interesting, but you also need to include your most important findings and indicate the sources you consulted. Your summary needs to be referenced.

This Assessment Task relates to the following Learning Outcomes:

- Demonstrate the disciplinary knowledge of the meaning of ‘culture’, and reflect that knowledge in an awareness of students’ own cultural identity and development of intercultural empathy
- Analyse critically and evaluate the differences in verbal and non-verbal communication styles across cultures
- Demonstrate a clear understanding and broad knowledge of the key theories, scholars and debates in the field of intercultural communication
- Apply intercultural theory and research techniques to specific field work

**Participation**

**Due:** Ongoing  
**Weighting:** 10%

Participation in tutorials is compulsory. You also need to attend lectures regularly, it will affect your participation mark if you do not attend lectures.

Criteria: to achieve full marks students need to regularly attend lectures and tutorials (80% each), complete essential readings for each week as outlined in the reader and add to group discussions during tutorials. Informed comments/questions are more important than the quantity of comments made in class.

Intercultural Sydney

Due: **Week 12**
Weighting: **20%**

In groups of 2 or 3, find a situation where intercultural communication takes place and show how it is used. You may analyse a website that promotes a language institute, look at the promotion of an intercultural event, compare Sydney suburbs, analyse multicultural events organised by the council, or choose to analyse intercultural communication in a company. You may want to pick an intercultural event and attend it yourselves, and interview others who also visit the event. In the end, connect your findings to a theoretical framework we have discussed in class. Your summary needs to reflect your research method and has to be referenced. Note: you need to inform me about the nature of your project in advance because you may need information and consent forms approved by the university’s ethics committee. Put your findings into a short paper (there is no word limit, usually students write around 1,500 words for a group of 3).
