Delivery and Resources

Classes

There are 3 hours of face-to-face teaching per week consisting of a 3-hour seminar. Please refer to the following webpage for the specific seminar day and time http://timetables.mq.edu.au.

Students are required to attend all classes.

Required and Recommended texts and/or Materials

Required texts

CPA Program: Advanced Taxation, Deakin University, January 2016 materials (provided to you by CPA Australia)

Recommended texts

Students will need to refer to legislation throughout the course. No legislation reference is prescribed as compulsory, but students would find useful:

Alternatively, students can access tax legislation at www.comlaw.gov.au. Additional references

The following books are not required to be purchased, but students would benefit from reference to any of the following as additional reading:

Students would also benefit from referring to the 25th edition of the OUP Australian Taxation Study Manual (Nethercott, Richardson and Devos) which provides questions and suggested solutions to tax problems for the 2014/15 tax year.

Many of the recommended texts and additional references are available in the Library and for purchase from the Macquarie University Co-op Bookshop.

Unit Web Page

Course material is available on iLearn.

Teaching and Learning Activities

The unit is broken up into seminars in which students and the lecturer discuss readings, case studies and assigned questions on specified taxation topics that correlate with the 13 modules.
Each seminar will be held on the scheduled date for 3 hours. In between these seminars, students are required to work through and complete nominated modules in the CPA program, as well as work on assessment tasks.

In preparation for a seminar, students should work through the relevant modules in the CPA program, as well as work on assessment tasks and self-assessment tests.

Each seminar will consist of a mixture of activities based around the CPA program modules. These will include:

- discussion of case studies, examples and questions relating to the previous week’s module, and
- review of the main concepts and content, and their practical application, arising from the current week's module.

Group work is required in completing the assignment and associated presentation. Workload in completing this unit is 150 hours.

**Technology Used and Required**

Students are expected to have:

- proficiency in Word, Excel and Powerpoint
- knowledge of Macquarie University's online system for downloading materials, and
- knowledge of the library resource database for accessing additional research material.

**Assessment tasks**

- Class test 1
- Class Test 2
- Assignment
- Final exam

**Changes from Previous Offering**

The written assignment is now graded on a pass/fail basis. Students must also receive a pass grade (or higher) in the internal assessment.

**Research & Practice, Global & Sustainability**

This unit addresses global and sustainability issues and the relevant implications arising from the materials, assessment, academic discussion and debate in classes/seminars. This unit promotes sustainability by developing the ability in students to research and locate information relating to recent developments in taxation law.

The CPA Australia Advanced Taxation Study Guide includes a reference list at the end of each module containing a number of references that students may use and provides some guidance to references that could be used to research particular issues.
