Prerequisites
(ACCG611 or ACCG861) and (admission to MAcc(Prof) or MAcc(CPA) or MAcc(Prof)MCom or MIIntAccg)

Corequisites

Co-badged status

Unit description
This unit focuses on the generation of information for internal decision making and examines how cost information is developed and used within organisations. To this end, a number of different costing and budgeting techniques are explained and demonstrated in seminars and students are required to apply those techniques to case study scenarios and develop a sophisticated level of understanding of which technique is most appropriate in a particular situation. Research findings will be used to underpin theories in management accounting.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

Demonstrate an understanding of management accounting concepts and apply such concepts to real-life case scenarios.
Critically analyse data to determine the relevant information and costing techniques required to make decisions.
Demonstrate effective written and oral communication skills.
Demonstrate an understanding of and the ability to apply Excel spreadsheet functions to solve management accounting problems.
Understand the principles of management accounting research.

General Assessment Information

Participation
Due: Ongoing
Weighting: 15%
Submission: Students are expected to attend the weekly seminars, have completed the weekly assignment questions, and actively participate in the activities conducted during the seminars. This assessment mark will be awarded in line with the ability of student's to meet the criteria outlined in the unit assessment guide.
Extension: No extension will be granted, except in circumstances where a disruption to studies is made and approved.
Penalties: A mark of zero will be awarded for non-attendance. Students must attend the seminars to receive marks for participation.

Class Tests
Due: Two closed book class tests will be conducted during the Week 4 and Week 10 seminars. Each test will consist of 25 multiple choice questions. The duration of each test will be 40 minutes.
Weighting: 20%
Submission: Students must attend their normal weekly seminar class to sit the tests.
Extension: No extension will be granted, except in circumstances where a disruption to studies is made and approved.
Penalties: A mark of zero will be awarded for non-attendance.

Excel assignment
Due: Students must attend a three hour session on Excel. This session will be conducted in the computer labs at the North Ryde campus. Details of how to enrol in these sessions will be provided to students in the first seminar.
Weighting: 5%
Submission: Students will be provided instructions regarding this assessment task during the three hour Excel session.
Extension: No extension will be granted, except in circumstances where a disruption to studies is
made and approved.

Penalties: A mark of zero will be awarded for non-attendance. Students must attend the Excel session to receive marks for this assignment.

Final Examination

Due: During the university examination period (14th June to 1st July)

Weighting: 60%

Submission: A three hour invigilated closed book final exam will be held during the university final examination period. Dictionaries are not permitted. Non-programmable calculators with no text retrieval capacity are allowed.

It is essential for students to pass their final examination in order to achieve a passing grade.

If a supplementary examination is granted as a result of "Disruption to Studies" application the examination will be scheduled as per the Supplementary Examination timetable of the Faculty. Please note that the supplementary examination will be of a similar format to the final examination.

Extension: No extension will be granted, except in circumstances where a disruption to studies is made and approved.

Penalties: A mark of zero will be awarded for non-attendance.

Participation

Due: On going

Weighting: 15%

Students are expected to actively participate in the seminars. The assessment mark will be awarded based on the criteria outlined in the unit assessment guide.

On successful completion you will be able to:

- Demonstrate an understanding of management accounting concepts and apply such
concepts to real-life case scenarios.

• Critically analyse data to determine the relevant information and costing techniques required to make decisions.

• Demonstrate effective written and oral communication skills.

Class Tests
Due: **Week 4 and 10 seminars**
Weighting: **20%**

Two class tests will be conducted during the Week 4 and 10 seminars. Details are provided in the assessment guide.

On successful completion you will be able to:

• Demonstrate an understanding of management accounting concepts and apply such concepts to real-life case scenarios.

• Critically analyse data to determine the relevant information and costing techniques required to make decisions.

• Demonstrate effective written and oral communication skills.

Excel Assignment
Due: **Weeks 5-9**
Weighting: **5%**

Students are required to attend a three hour session on excel. Details of the assessment task will be provided during this session.

On successful completion you will be able to:

• Demonstrate an understanding of and the ability to apply Excel spreadsheet functions to solve management accounting problems.

Final Examination
Due: **Examination period**
Weighting: **60%**

A three hour final exam will be conducted during the university examination period.

On successful completion you will be able to:

• Demonstrate an understanding of management accounting concepts and apply such concepts to real-life case scenarios.

• Critically analyse data to determine the relevant information and costing techniques
required to make decisions.

• Demonstrate effective written and oral communication skills.
• Understand the principles of management accounting research.

Delivery and Resources

Classes

This unit is structured around attendance at one 3 hour seminar per week. The class timetable can be found on the university web site [https://timetables.mq.edu.au/2016/](https://timetables.mq.edu.au/2016/)

Required and recommended texts and/or materials

Prescribed text

This textbook is available from the Co-op Bookshop on campus.

Access to this text is essential for seminar references and for weekly assignment questions. There have been substantial changes from previous editions of the text so DO NOT RELY ON PREVIOUS EDITIONS.

Unit Web Page

The web page for this unit can be found at [http://ilearn.mq.edu.au](http://ilearn.mq.edu.au)

You should contact the IT helpdesk if you need assistance with using the website. Alternatively you can use the help feature provided. Please make sure that you logout after using the website as failure to do so could allow unauthorised access to your account.

The following information will be available on the website:

* Assessment guide
* Important announcements
* Seminar notes
* Staff contact details and consultation hours
* Solutions to weekly assignment questions
* Other relevant material

You are encouraged to check the website regularly and use it as an information and resource centre to assist your learning.

Policies and Procedures

Macquarie University policies and procedures are accessible from Policy Central. Students should be aware of the following policies in particular with regard to Learning and Teaching:

In addition, a number of other policies can be found in the Learning and Teaching Category of Policy Central.

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: [https://students.mq.edu.au/support/student_conduct/](https://students.mq.edu.au/support/student_conduct/)

Results

Results shown in iLearn, or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit [ask.mq.edu.au](http://ask.mq.edu.au).

Student Support

Macquarie University provides a range of support services for students. For details, visit [http://students.mq.edu.au/support/](http://students.mq.edu.au/support/)

Learning Skills

Learning Skills ([mq.edu.au/learningskills](http://mq.edu.au/learningskills)) provides academic writing resources and study strategies to improve your marks and take control of your study.

- Workshops
Student Services and Support

Students with a disability are encouraged to contact the Disability Service who can provide appropriate help with any issues that arise during their studies.

Student Enquiries

For all student enquiries, visit Student Connect at ask.mq.edu.au

IT Help

For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/.

When using the University's IT, you must adhere to the Acceptable Use of IT Resources Policy. The policy applies to all who connect to the MQ network including students.

Graduate Capabilities

PG - Discipline Knowledge and Skills

Our postgraduates will be able to demonstrate a significantly enhanced depth and breadth of knowledge, scholarly understanding, and specific subject content knowledge in their chosen fields.

This graduate capability is supported by:

Learning outcomes

- Demonstrate an understanding of management accounting concepts and apply such concepts to real-life case scenarios.
- Critically analyse data to determine the relevant information and costing techniques required to make decisions.
- Demonstrate an understanding of and the ability to apply Excel spreadsheet functions to solve management accounting problems.

Assessment tasks

- Participation
- Class Tests
- Excel Assignment
- Final Examination
PG - Critical, Analytical and Integrative Thinking

Our postgraduates will be capable of utilising and reflecting on prior knowledge and experience, of applying higher level critical thinking skills, and of integrating and synthesising learning and knowledge from a range of sources and environments. A characteristic of this form of thinking is the generation of new, professionally oriented knowledge through personal or group-based critique of practice and theory.

This graduate capability is supported by:

**Learning outcomes**

- Demonstrate an understanding of management accounting concepts and apply such concepts to real-life case scenarios.
- Critically analyse data to determine the relevant information and costing techniques required to make decisions.
- Demonstrate effective written and oral communication skills.

**Assessment tasks**

- Participation
- Final Examination

PG - Research and Problem Solving Capability

Our postgraduates will be capable of systematic enquiry; able to use research skills to create new knowledge that can be applied to real world issues, or contribute to a field of study or practice to enhance society. They will be capable of creative questioning, problem finding and problem solving.

This graduate capability is supported by:

**Learning outcomes**

- Demonstrate an understanding of management accounting concepts and apply such concepts to real-life case scenarios.
- Critically analyse data to determine the relevant information and costing techniques required to make decisions.
- Demonstrate effective written and oral communication skills.
- Understand the principles of management accounting research.

**Assessment tasks**

- Participation
- Class Tests
- Final Examination
