Prerequisites
Admission to MPICT or PGDipPICT or MPICTMIntSecSt or MIntSecStud or PGDipIntSecStud and GPA of 3.0 (out of 4.0) and permission of Executive Dean of Faculty

Corequisites

Co-badged status

Unit description
This unit provides students the opportunity to complete an approximately 12 week internship program and engage in critical academic reflection of practice-based pedagogies. The internship integrates practical experience and learning for postgraduate students within a business or organization, either private or public that focuses on an aspect of security. All students will be required to engage in at least one substantial piece of self-reflective evaluation and one major analytical research project. The placement and academic exercises will allow students to explore issues internal to the organization such as its goals, structure, management and work practices. In addition, they will be expected to investigate in what ways their workplace experience draws on, reinforces or otherwise, the academic material delivered in their wider program. Students will be considered for enrolment into this unit after the successful completion of a minimum of three units with a 70% Credit average in all units completed to date.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://students.mq.edu.au/important-dates.
Learning Outcomes

1. Synthesise learning from professional and academic sources in order to produce a research paper integrating contextualised practice and academic research.

2. Develop professional technical competence, and appraise workplace learning using reflective practice and academic literature.

3. Apply knowledge gained during student's program of study to complex workplace situations; work independently and to professional standards.

Organisational Review
Due: End of Week 4 - 27 March 2016
Weighting: 15%

Detailed information about this assessment item can be found on the iLearn site for this unit.

This Assessment Task relates to the following Learning Outcomes:
- Develop professional technical competence, and appraise workplace learning using reflective practice and academic literature.
- Apply knowledge gained during student's program of study to complex workplace situations; work independently and to professional standards.

Placement Report
Due: End of Week 8 - 8 May 2016
Weighting: 15%

Detailed information about this assessment item can be found on the iLearn site for this unit.

This Assessment Task relates to the following Learning Outcomes:
- Develop professional technical competence, and appraise workplace learning using
reflective practice and academic literature.

Research Essay
Due: **End of Week 11 - 29 May 2016**
Weighting: **40%**

Detailed information about this assessment item can be found on the iLearn site for this unit.

This Assessment Task relates to the following Learning Outcomes:
- Synthesise learning from professional and academic sources in order to produce a research paper integrating contextualised practice and academic research.
- Apply knowledge gained during student's program of study to complex workplace situations; work independently and to professional standards.

Workplace Supervisor's Report
Due: **End of Week 13 - 12 June 2016**
Weighting: **30%**

Detailed information about this assessment item can be found on the iLearn site for this unit.

This Assessment Task relates to the following Learning Outcomes:
- Apply knowledge gained during student's program of study to complex workplace situations; work independently and to professional standards.

**Delivery and Resources**

**UNIT REQUIREMENTS AND EXPECTATIONS**

There are no lectures for this subject, however, regular attendance of twelve full days at the student's host organisation for the duration of the internship is required. The unit convenor will liaise on a fortnightly basis with both the student and the workplace to assess progress. Contact with the student's workplace supervisor allows PICT to monitor the experience from both perspectives. Students are required to submit all major assessment tasks in order to pass the unit.

**REQUIRED READINGS**

* There are no required readings for this unit.

**TECHNOLOGY USED AND REQUIRED**

* Personal PC and internet access are essential for this unit. Basic computer skills and skills in word processing are also a requirement. * This unit has an online presence. Login is via: https://ilearn.mq.edu.au/
* Students are required to have regular access to a computer and the internet. Mobile devices alone are not sufficient.

* For technical support go to: http://mq.edu.au/about_us/offices_and_units/informatics/help

* For student quick guides on the use of iLearn go to: http://mq.edu.au/iLearn/student_info/guides.htm

SUBMITTING ASSESSMENT TASKS

* All assessment tasks are to be submitted, marked and returned electronically. This will only happen through the unit iLearn site.

* Assessment tasks must be submitted either as a PDF or MS word document by the due date.

* Most assessment tasks will be subject to a ‘TurnitIn’ review as an automatic part of the submission process.

* The granting of extensions of up to one week are at the discretion of the unit convener. Any requests for extensions must be made in writing before the due date for the submission of the assessment task. Extensions beyond one week are subject to the university’s Disruptions Policy (http://www.mq.edu.au/policy/docs/disruption_studies/policy.html#purpose).

LATE SUBMISSION OF ASSESSMENT TASKS

* If an assignment is submitted late, 5% of the available mark will be deducted for each day (including weekends) the paper is late.

* For example, if a paper is worth 20 marks, 1 mark will be deducted from the grade given for each day that it is late (i.e. a student given 15/20 who submitted 4 days late will lose 4 marks = 11/20).

* The same principle applies if an extension is granted and the assignment is submitted later than the amended date.

WORD LIMITS FOR ASSESSMENT TASKS

* Stated word limits do not include references, bibliography, or title page.

* Word limits can generally deviate by 10% either over or under the stated figure.

* If the number of words exceeds the limit by more than 10%, then penalties will apply. These penalties are 5% of the awarded mark for every 100 words over the word limit. If a paper is 300 words over, for instance, it will lose 3 x 5% = 15% of the total mark awarded for the assignment. This percentage is taken off the total mark, i.e. if a paper was graded at a credit (65%) and was
300 words over, it would be reduced by 15 marks to a pass (50%).

* The application of this penalty is at the discretion of the course convener.

**REASSESSMENT OF ASSIGNMENTS DURING THE SEMESTER**

* Macquarie University operates a Grade Appeal Policy in cases where students feel their work was graded inappropriately (http://mq.edu.au/policy/docs/gradeappeal/policy.html). This process involves all assignments submitted for that unit being reassessed. However, in exceptional cases students may request that a single piece of work is reassessed.

**Unit Schedule**

There are no classes for this subject however student attendance at their partnered workplace is required. At a minimum, students enrolled in the internship program should be present at their host organisation for the equivalent of one day per week for 12 weeks, however the specific structure of their attendance is a matter for negotiation between the two parties, as are the specific workplace activities the student engages in during their placement. At all times students should be working towards the assessable requirements of the unit.

This is a 4 credit point unit with significant assessment requirements. In accordance with normal Macquarie University expectations this means the student should spend on average at least 12 hours per week on this unit (i.e. three hours per credit point).

**Policies and Procedures**

Macquarie University policies and procedures are accessible from Policy Central. Students should be aware of the following policies in particular with regard to Learning and Teaching:

- **Academic Honesty Policy** http://mq.edu.au/policy/docs/academic_honesty/policy.html
- **Grading Policy prior to Session 2 2016** http://mq.edu.au/policy/docs/grading/policy.html
- **Grade Appeal Policy** http://mq.edu.au/policy/docs/gradeappeal/policy.html
- **Complaint Management Procedure for Students and Members of the Public** http://www.mq.edu.au/policy/docs/complaint_management/procedure.html
- **Disruption to Studies Policy** http://www.mq.edu.au/policy/docs/disruption_studies/policy.html. The Disruption to Studies Policy is effective from March 3 2014 and replaces the Special Consideration Policy.

In addition, a number of other policies can be found in the Learning and Teaching Category of Policy Central.
Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: [https://students.mq.edu.au/support/student_conduct/](https://students.mq.edu.au/support/student_conduct/)

Results

Results shown in iLearn, or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit [ask.mq.edu.au](http://ask.mq.edu.au).

Student Support

Macquarie University provides a range of support services for students. For details, visit [http://students.mq.edu.au/support/](http://students.mq.edu.au/support/)

Learning Skills

Learning Skills ([mq.edu.au/learningskills](http://mq.edu.au/learningskills)) provides academic writing resources and study strategies to improve your marks and take control of your study.

- Workshops
- StudyWise
- Academic Integrity Module for Students
- Ask a Learning Adviser

Student Enquiry Service

For all student enquiries, visit Student Connect at [ask.mq.edu.au](http://ask.mq.edu.au)

Equity Support

Students with a disability are encouraged to contact the Disability Service who can provide appropriate help with any issues that arise during their studies.

IT Help

For help with University computer systems and technology, visit [http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/](http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/).

When using the University's IT, you must adhere to the Acceptable Use of IT Resources Policy. The policy applies to all who connect to the MQ network including students.

Graduate Capabilities

PG - Critical, Analytical and Integrative Thinking

Our postgraduates will be capable of utilising and reflecting on prior knowledge and experience, of applying higher level critical thinking skills, and of integrating and synthesising learning and knowledge from a range of sources and environments. A characteristic of this form of thinking is
the generation of new, professionally oriented knowledge through personal or group-based critique of practice and theory.

This graduate capability is supported by:

**Learning outcomes**

- Synthesise learning from professional and academic sources in order to produce a research paper integrating contextualised practice and academic research.
- Develop professional technical competence, and appraise workplace learning using reflective practice and academic literature.
- Apply knowledge gained during student's program of study to complex workplace situations; work independently and to professional standards.

**Assessment tasks**

- Organisational Review
- Research Essay
- Workplace Supervisor's Report

**PG - Capable of Professional and Personal Judgment and Initiative**

Our postgraduates will demonstrate a high standard of discernment and common sense in their professional and personal judgment. They will have the ability to make informed choices and decisions that reflect both the nature of their professional work and their personal perspectives.

This graduate capability is supported by:

**Learning outcomes**

- Develop professional technical competence, and appraise workplace learning using reflective practice and academic literature.
- Apply knowledge gained during student's program of study to complex workplace situations; work independently and to professional standards.

**Assessment tasks**

- Placement Report
- Workplace Supervisor's Report

**PG - Discipline Knowledge and Skills**

Our postgraduates will be able to demonstrate a significantly enhanced depth and breadth of knowledge, scholarly understanding, and specific subject content knowledge in their chosen fields.

This graduate capability is supported by:
Learning outcomes

• Synthesise learning from professional and academic sources in order to produce a research paper integrating contextualised practice and academic research.
• Apply knowledge gained during student's program of study to complex workplace situations; work independently and to professional standards.

Assessment tasks

• Research Essay
• Workplace Supervisor's Report

PG - Research and Problem Solving Capability

Our postgraduates will be capable of systematic enquiry; able to use research skills to create new knowledge that can be applied to real world issues, or contribute to a field of study or practice to enhance society. They will be capable of creative questioning, problem finding and problem solving.

This graduate capability is supported by:

Learning outcomes

• Synthesise learning from professional and academic sources in order to produce a research paper integrating contextualised practice and academic research.
• Develop professional technical competence, and appraise workplace learning using reflective practice and academic literature.
• Apply knowledge gained during student's program of study to complex workplace situations; work independently and to professional standards.

Assessment tasks

• Organisational Review
• Research Essay
• Workplace Supervisor's Report

PG - Effective Communication

Our postgraduates will be able to communicate effectively and convey their views to different social, cultural, and professional audiences. They will be able to use a variety of technologically supported media to communicate with empathy using a range of written, spoken or visual formats.

This graduate capability is supported by:

Learning outcomes

• Synthesise learning from professional and academic sources in order to produce a
research paper integrating contextualised practice and academic research.
• Develop professional technical competence, and appraise workplace learning using reflective practice and academic literature.
• Apply knowledge gained during student's program of study to complex workplace situations; work independently and to professional standards.

Assessment tasks
• Organisational Review
• Placement Report
• Research Essay
• Workplace Supervisor's Report

PG - Engaged and Responsible, Active and Ethical Citizens
Our postgraduates will be ethically aware and capable of confident transformative action in relation to their professional responsibilities and the wider community. They will have a sense of connectedness with others and country and have a sense of mutual obligation. They will be able to appreciate the impact of their professional roles for social justice and inclusion related to national and global issues

This graduate capability is supported by:

Learning outcomes
• Develop professional technical competence, and appraise workplace learning using reflective practice and academic literature.
• Apply knowledge gained during student's program of study to complex workplace situations; work independently and to professional standards.

Assessment tasks
• Placement Report
• Workplace Supervisor's Report
