General Assessment Information

This information is to be read in conjunction with the Professional Experience Handbook 2016 and the ECHP323 Professional Experience Expectations.
Detailed information for each individual assessment can be found on the ECHP323 iLearn site under Assessment.

All assessments must be submitted and Professional Experience completed satisfactorily in order to be considered for a passing grade in this unit.

It is expected that students will select literature appropriate to the primary school context and age of children.

**IEC Assessment Presentation & Submission Guidelines**

Please follow these guidelines when you submit each assignment:

- Allow a left and right-hand margin of at least 2cm in all assignments.
- Please type all assignments using 12-point font and 1.5 spacing.
- All assessments must be submitted through turnitin in .doc or .pdf format for submission.
- Faculty assignment cover sheets are **NOT** required for this unit.

**Draft Submissions & Turnitin Originality Reports**

- Students may use Turnitin’s Originality Report as a learning tool to improve their academic writing. This option is available in this unit for Assessment 1 only.
- Students are strongly encouraged to upload a draft copy of the first assessment to Turnitin at least one week prior to the due date to obtain an Originality Report.
- The Originality Report provides students with a similarity index that may indicate if plagiarism has occurred. Students will be able to make amendments to their drafts prior to their final submission on the due date.
- Generally, one Originality Report is generated every 24 hours up to the due date.
- Originality Reports will not be available for assessments 2 and 3.

**When preparing your assignments, it is essential that you note the following:**

- Students are responsible for ensuring that the assessment has been submitted through TURNITIN successfully.
- Students are responsible for the content that is submitted for the assessment and will be marked on what has been received.
- Students retain a copy of all assignments before submission, and retain the copy until your final grade for the unit has been received.
- Marks will be deducted if you submit your assessment late (refer to the ‘late assessments’ section below for more details).
- No assessment will be accepted after the date that the assessment has been returned to other students.
- If an assessment is considered to be below passing standard, another staff member on
the unit will provide a second opinion. No failed assessment may be re-submitted.

• There are changes to requirements for becoming a teacher in the primary school setting. From 2016 students will be required to complete a literacy and numeracy test prior to completing the final placement. Further information can be found: http://www.nswteachers.nsw.edu.au/future-returning-teachers/become-a-teacher/literacy-and-numeracy-tests/

In response to this, in this unit students are expected to demonstrate a professional standard of English expression in all assessable work which includes correct spelling, punctuation and grammar. Students who fail to meet this criterion will receive a failing grade overall for the particular assessment. Students who are concerned about their literacy skills are strongly urged to seek support via the library http://www.mq.edu.au/on_campus/library/research/researching_your_assignment/#Study%20and%20Writing%20Skills and also assistance with study and writing skills: http://students.mq.edu.au/support/learning_skills

Late Assessments:

A deduction of 5% of the total possible mark allocated for that assessment would be made for each day or part day that the assessment is late, weekends counting as two days. For example, if an assessment is worth 20 marks and you submit it 2 days late, you will have 2 marks (2 x 5% of 20 marks) subtracted from your awarded mark.

Extensions:

In extenuating circumstances, students may apply to the unit coordinator for an extension to the assessment due date. Reasons for the extension need to be documented through the Disruption to Studies form accessible through ask.mq.edu.au under "Disruption" and supported (e.g., a Professional Authority Form must be used in the case of illness). Note that:

• Students MUST speak with the unit coordinator prior to submitting their request through https://ask.mq.edu.au
• Extensions will only be granted in receipt of the completed form submitted through ask.mq.edu.au plus supporting documentation.
• Emails are not appropriate means of extension requests.
• It is essential that you plan ahead and organise your study time effectively. Poor time management is not grounds for an extension.
• In the case of computer malfunction, a draft of your assignment may be requested. Please ensure that you print out a draft regularly, so that it is available for submission on request.
• Extensions are usually not granted on the due date.

IEC Professional Experience Unit Placement Expectations

https://unitguides.mq.edu.au/unit_offerings/56131/unit_guide/print
• Students are required to complete 20 days of Professional Experience at a school on a specified grade.

• To be eligible to commence the block placement component of this unit, students:
  ◦ Must have submitted all written assessment tasks and/or associated unit component requirements prior to the commencement of the block;
  ◦ Must meet the attendance requirements for the unit.

• Students must be able to present evidence of the following prior to semester census date (26 March 2016 further information see: http://www.mq.edu.au/study/postgraduate-study/fees-and-costs/census-dates) in order to receive a placement for Professional Experience. Students may need to withdraw from this unit if this has not been obtained in time:
  ◦ A Working with Children Check or State/ Territory equivalent
  ◦ Anaphylaxis certificate for training (practical and on line training)
  ◦ Child Protection certificate from online training.

• Students are expected to negotiate with the supervising teacher to complete five (5) observation days at times that do not impact on attendance at tutorials for this or other units. Students who are completing a unit offered by another department are expected to inform and negotiate with that unit convener about their professional experience block dates and to discuss how that unit’s requirements can be met. For some situations, it may mean that you are enrolled externally for that unit so that your attendance for tutorials for that unit is not impacted.

• Feedback from Tertiary Supervisors and/or Supervising Teachers is of a general nature. It is incumbent on the student to check the requirements of assessments against the marking criteria and unit outcomes prior to submission.

• In order to meet the Professional Experience expectations of this unit, students must:
  ◦ attain a ‘Satisfactory’ grade for their Professional Experience Practical Work in their Evaluation Report
  ◦ attain a ‘Satisfactory’ grade for their Professional Experience Folder in their Evaluation Report

Withdrawing from this UG Unit

If you are considering withdrawing from this unit, please seek academic advice by emailing iecc@mq.edu.au to obtain an appointment with an academic adviser before withdrawing. This unit may be a co-requisite or prerequisite for units in the following semesters and may impact on your progression through the degree.
Family and Children’s Records at IEC

Some assessment tasks require students to submit records about families and about children and their learning. It is expected that the records submitted are original, authentic, adhere to the ethical practices of the Early Childhood Australia Code of Ethics (2006) and is the work of the student. Issues with the authenticity of such records will be investigated for possible forgery (see Academic Honesty Policy http://www.mq.edu.au/policy/docs/academic_honesty/policy.html for further information). Please note that submitted records can only be used once for assessment purposes.

Confidentiality

Students must respect the need for sensitivity and confidentially and ensure that privacy obligations are met. There should be nothing in assessment submissions that identifies school. Use only the first name for children, parents and staff. Do not record details that enable identification of the site, and of the adults or children.

IEC Academic Honesty Guidelines:

All assignments should cite and provide full bibliographical details of all material that you have used to inform or support your ideas. At the Institute of Early Childhood, students are required to use the American Psychological Association (APA) referencing procedures. Full details about how to cite and reference correctly can be found in Perrin (2015) and in the IEC Academic Honesty Handbook.

Grades

The final grade a student receives signifies their overall performance in meeting the learning outcomes for the unit. The number assigned to a grade (Standard Numerical Grade or SNG) reflects the extent to which student attainment matches the grade descriptors.

Your raw mark for the unit (i.e., the total of your marks for each assessment item) may not be the same as the SNG which you receive. Results may be scaled to ensure there is a degree of comparability across the university, so that units with the same past performances of their students should achieve similar results. The process of scaling does not change the order of marks among students. A student who receives a higher raw score mark than another will also receive a higher final scaled mark.

Grades will be awarded at the completion of the unit according to the following criteria.

HD    High Distinction  85-100%

Provides consistent evidence of deep and critical understanding in relation to the learning outcomes. There is substantial originality and insight in identifying, generating and communicating competing arguments, perspectives or problem solving approaches; critical evaluation of problems, their solutions and their implications; creativity in application as appropriate to the discipline.

**Delivery and Resources**

It is the responsibility of individual students to be aware of pre and co requisites throughout their program. If you are considering withdrawing from this unit please seek academic advice as this may impact on your progression throughout the degree.
Students in this unit should read this unit outline carefully at the start of semester. It contains important information about the unit. If anything in it is unclear, please consult the Unit Coordinator.

Students having difficulty at an time throughout the semester for example, with unit content, assessment queries or placement concerns are urged to contact the Unit Coordinator EARLY to discuss issues.

This unit will introduce the student teacher to the school curriculum and the importance of the relationships across schools and early childhood settings. This unit will also provide opportunities to explore appropriate ways to guide children’s behaviour and to refine and articulate a philosophy of professional practice.

Like all Reflective Practice units, this unit incorporates theory and practice by combining university-based study with professional experience in a school setting (K-6). It reflects an understanding that teaching is a complex undertaking, not a simple, straightforward series of skills to be learnt by copying another teacher. The unit is based on a belief that student teachers develop professionally through opportunities to make decisions and to act upon these decisions. The student teacher’s decision making will be informed by thoughtful analysis of relevant factors, careful consideration of possible outcomes and implications of actions, and on-going reflection about personal practice.

This unit does not directly teach curriculum content (http://www.boardofstudies.nsw.edu.au/k-6/). Students are expected to use syllabuses (http://syllabus.bos.nsw.edu.au) for KLAs in line with their school placement.

It is expected that students have a working knowledge of KLAs for Kindergarten to Year 6 from completion of prior units and from personal study.

Classes

The timetable for classes can be found on the University web site at: https://timetables.mq.edu.au/2016/

- 1 hour lectures will be held Thursday mornings from 10am –11am.
- 2 hour tutorials will be held weekly for internal students. Tutorials are timetabled for Thursdays and Fridays. Students are to attend the tutorial that they have registered for. Students will not be accepted in alternate tutorials under any circumstances.
- Those students enrolled in the Thursday tutorial which follows the lecture are expected to attend the lecture. This is when the roll will be taken. It is expected that students attending the other tutorials will either attend the lecture or listen online prior to coming to class. For external students it is expected that students listen weekly online.
- Students are not able to swap between tutorials throughout the semester. Tutorial groups are established in the first two weeks of semester and students must remain in this tutorial until the end of semester.
- External students are to attend on campus day, Wednesday 20th April from 9am – 5pm.
In order to be eligible for a passing grade, students must meet the following attendance requirements:

- Internal students must attend at least 80% of all tutorials
- External students must attend all of the compulsory on-campus session on Wednesday 20th April.

External Students

External students are strongly advised to make use of the support services available. These include: Students are to download the lecture from the iLearn website (via Echo). Students need to set aside time weekly to work through the tasks on iLearn and listen to the lecture. It is important to also read as widely as possible. Weekly tasks: External students will be expected to access and complete tutorial tasks listed under Learning Modules via the iLearn website.

Compulsory on-campus session: The compulsory on-campus session is scheduled for Wednesday 20th April from 9.00am – 5.00pm. Students will have the opportunity to discuss the unit content and weekly tasks provided on iLearn. Students will also have the opportunity to discuss issues associated with Professional Experience.

Requirements prior to placement notification (Working with Children check or equivalent, anaphylaxis and child protection)

Further information with regards to requirements for placement can be found in the 2016 Professional Experience Handbook. The link to this is located on the iLearn site. Approval processes for working with Children checks: All students are required to complete the appropriate approval processes for working with children before commencing any observation days in school settings. Students are responsible for ensuring they have completed the necessary documentation for their State/ Territory. Students must be able to present evidence of completion prior to semester census date in order to receive a placement. Specific school placement requirements: Prior to commencing any school based Professional Experience placements (including observation days), students must complete two training sessions and present appropriate documentation prior to semester census date, in order to be eligible for a placement: • Child protection training: https://www.det.nsw.edu.au/proflearn/cpat/cpat.html (online training only) • Anaphylaxis training: http://etraining.allergy.org.au/mod/resource/view.php?id=97 (online training and practical training requirements) Anaphylaxis practical sessions will be conducted through the Professional Experience Office.
