On successful completion of this unit, you will be able to:

i) Recognize and recall ancient Hebrew script and phonetic structure

ii) Identify and recall Hebrew grammatical structures at elementary level

iii) Recognize and memorize foundational Hebrew vocabulary

iv) Assess the grammar required for the translation of simple Hebrew texts

v) Explore relevant grammatical and lexical reference tools

vi) Recognize and recall linguistic metalanguage

vii) Integrate knowledge of grammar and vocabulary in reading and/or writing simple
viii) Explore the significance of Hebrew for the study of relevant ancient cultures

General Assessment Information

Each assessment task will be judged by the number of actual correct answers expressed as a percentage of possible correct answers.

The grades are as follow: High distinction ≥ 85%; Distinction ≥ 75%; Credit ≥ 65%; and Pass ≥ 50%

To successfully complete the unit the student will need to gain a Pass or better.

Vocabulary and class tests will be collected during the lesson. The final examination will be held in the exam period at the end of term and will be centrally administered. If a student is unable to attend or complete an in-class assessment task, (s)he should show cause why and speak to the tutor to determine whether an alternate time should be arranged to sit the test.

**Delivery and Resources**

Three hours of face-to-face teaching is scheduled throughout the semester.

Teaching is not recorded, as an interactive approach as well as pair work and group work will be used instead of lectures. It is also important for students to learn to read the Hebrew aloud, and this requires face-to-face teaching. Students are, therefore, strongly advised to attend all classes.

iLearn will be set up, however, to allow discussion and to provide extra learning materials. Students are required to have regular access to a computer and the internet. Mobile devices alone are not sufficient. For technical support go to: [http://mq.edu.au/about_us/offices_and_units/informatics/help](http://mq.edu.au/about_us/offices_and_units/informatics/help). For student quick guides on the use of iLearn go to: [http://mq.edu.au/iLearn/student_info/guides.htm](http://mq.edu.au/iLearn/student_info/guides.htm).

The text to be used is Jo Ann Hackett, *A Basic Introduction to Biblical Hebrew*.

**Policies and Procedures**

Macquarie University policies and procedures are accessible from [Policy Central](http://mq.edu.au/policy/docs/academic_honesty/policy.html). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- Complaint Management Procedure for Students and Members of the Public [http://www.mq.edu.au](http://www.mq.edu.au)
Disruption to Studies Policy [http://www.mq.edu.au/policy/docs/di}
Graduate Capabilities

Creative and Innovative

Our graduates will also be capable of creative thinking and of creating knowledge. They will be imaginative and open to experience and capable of innovation at work and in the community. We want them to be engaged in applying their critical, creative thinking.

This graduate capability is supported by:

Learning outcomes

- vi) Recognize and recall linguistic metalanguage
- vii) Integrate knowledge of grammar and vocabulary in reading and/or writing simple Hebrew texts
- viii) Explore the significance of Hebrew for the study of relevant ancient cultures

Assessment tasks

- Class test 1
- Class test 2
- Final Examination

Capable of Professional and Personal Judgement and Initiative

We want our graduates to have emotional intelligence and sound interpersonal skills and to demonstrate discernment and common sense in their professional and personal judgement. They will exercise initiative as needed. They will be capable of risk assessment, and be able to handle ambiguity and complexity, enabling them to be adaptable in diverse and changing environments.

This graduate capability is supported by:

Learning outcomes

- v) Explore relevant grammatical and lexical reference tools
- vi) Recognize and recall linguistic metalanguage
- vii) Integrate knowledge of grammar and vocabulary in reading and/or writing simple Hebrew texts
- viii) Explore the significance of Hebrew for the study of relevant ancient cultures

Assessment tasks

- Class test 1
- Class test 2
- Final Examination
Commitment to Continuous Learning

Our graduates will have enquiring minds and a literate curiosity which will lead them to pursue knowledge for its own sake. They will continue to pursue learning in their careers and as they participate in the world. They will be capable of reflecting on their experiences and relationships with others and the environment, learning from them, and growing - personally, professionally and socially.

This graduate capability is supported by:

Learning outcomes

- v) Explore relevant grammatical and lexical reference tools
- vi) Recognize and recall linguistic metalanguage
- viii) Explore the significance of Hebrew for the study of relevant ancient cultures

Assessment tasks

- Class test 1
- Class test 2

Discipline Specific Knowledge and Skills

Our graduates will take with them the intellectual development, depth and breadth of knowledge, scholarly understanding, and specific subject content in their chosen fields to make them competent and confident in their subject or profession. They will be able to demonstrate, where relevant, professional technical competence and meet professional standards. They will be able to articulate the structure of knowledge of their discipline, be able to adapt discipline-specific knowledge to novel situations, and be able to contribute from their discipline to inter-disciplinary solutions to problems.

This graduate capability is supported by:

Learning outcomes

- i) Recognize and recall ancient Hebrew script and phonetic structure
- iii) Recognize and memorize foundational Hebrew vocabulary
- iv) Assess the grammar required for the translation of simple Hebrew texts
- v) Explore relevant grammatical and lexical reference tools
- vii) Integrate knowledge of grammar and vocabulary in reading and/or writing simple Hebrew texts

Assessment tasks

- Assignments
- Class test 1
- Class test 2
Critical, Analytical and Integrative Thinking

We want our graduates to be capable of reasoning, questioning and analysing, and to integrate and synthesise learning and knowledge from a range of sources and environments; to be able to critique constraints, assumptions and limitations; to be able to think independently and systemically in relation to scholarly activity, in the workplace, and in the world. We want them to have a level of scientific and information technology literacy.

This graduate capability is supported by:

Learning outcomes

• ii) Identify and recall Hebrew grammatical structures at elementary level
• iv) Assess the grammar required for the translation of simple Hebrew texts
• v) Explore relevant grammatical and lexical reference tools
• vi) Recognize and recall linguistic metalanguage
• vii) Integrate knowledge of grammar and vocabulary in reading and/or writing simple Hebrew texts

Assessment tasks

• Class test 1
• Class test 2
• Final Examination

Problem Solving and Research Capability

Our graduates should be capable of researching; of analysing, and interpreting and assessing data and information in various forms; of drawing connections across fields of knowledge; and they should be able to relate their knowledge to complex situations at work or in the world, in order to diagnose and solve problems. We want them to have the confidence to take the initiative in doing so, within an awareness of their own limitations.

This graduate capability is supported by:

Learning outcomes

• iv) Assess the grammar required for the translation of simple Hebrew texts
• v) Explore relevant grammatical and lexical reference tools
• vi) Recognize and recall linguistic metalanguage
• vii) Integrate knowledge of grammar and vocabulary in reading and/or writing simple Hebrew texts

Assessment tasks

• Class test 1
Effective Communication

We want to develop in our students the ability to communicate and convey their views in forms effective with different audiences. We want our graduates to take with them the capability to read, listen, question, gather and evaluate information resources in a variety of formats, assess, write clearly, speak effectively, and to use visual communication and communication technologies as appropriate.

This graduate capability is supported by:

**Learning outcomes**

- i) Recognize and recall ancient Hebrew script and phonetic structure

Engaged and Ethical Local and Global citizens

As local citizens our graduates will be aware of indigenous perspectives and of the nation's historical context. They will be engaged with the challenges of contemporary society and with knowledge and ideas. We want our graduates to have respect for diversity, to be open-minded, sensitive to others and inclusive, and to be open to other cultures and perspectives: they should have a level of cultural literacy. Our graduates should be aware of disadvantage and social justice, and be willing to participate to help create a wiser and better society.

This graduate capability is supported by:

**Learning outcome**

- viii) Explore the significance of Hebrew for the study of relevant ancient cultures
Socially and Environmentally Active and Responsible

We want our graduates to be aware of and have respect for self and others; to be able to work with others as a leader and a team player; to have a sense of connectedness with others and country; and to have a sense of mutual obligation. Our graduates should be informed and active participants in moving society towards sustainability.
