Learning Outcomes

On successful completion of this unit, you will be able to:

- Analyse and evaluate approaches to performance in contemporary contexts
- Locate performance practitioners and approaches within a field of practice
- Conceive and plan projects for performance within production deadlines and resource constraints
- Collaborate and communicate with others in creative contexts and incorporate peer feedback
- Evaluate the work of peers and provide constructive feedback
Produce creative work within resource and time constraints

**General Assessment Information**

**Attendance** You are required to attend all workshops. As participation in the process of learning is linked to and underpins the unit learning Outcomes, you will need to either apply for Disruption to Studies to cover any missed workshop (if the disruption is greater than three consecutive days) or supply appropriate documentation to your unit convenor for any missed workshop (if less than three consecutive days).

**Group Exercises** Students are expected to work in groups for Tutorials. Students in this unit must be willing to work within a group and to assume responsibility for the group’s process. Students are encouraged to wear comfortable clothes and shoes for practical exercises and workshops.

**Independent Work** Students are expected to work independently outside of scheduled workshop times when they are working on their creative practice. MECO850 students will need to do their own reading of relevant texts outside class time.

**Referencing Style** preferred Style for this Unit is APA. Other styles such as Harvard may be used as long as all necessary information is provided and a consistent approach is taken.

Project Proposal
Due: Week 6
Weighting: 20%

The student will present a proposal outlining their individual performance project in the form of an oral presentation (15 minutes) plus a written proposal (1,500 words or equivalent). The proposal should include: title, brief project summary, aims of the project, research questions, methodology, artistic/performance rationale, context and significance in relation to other works (by yourself and/or others). Supporting material should include: bibliography of work informing the project, viability - including detailed timetable, resources required. The written proposal is to be submitted following the in-class presentation (via Turnitin).

Assessment Criteria:
1. Coherently structured proposal with clear aims and research questions.
2. Significance and innovation with respect to the work’s chosen performance parameters.
