Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

Understand and appreciate changes in the global financial market that impact on international financial management.
Demonstrate an understanding of new investment techniques, markets and risk management models.
Critically evaluate advanced concepts relating to foreign exchange, financial derivatives,
transaction exposure, capital structure and international portfolio theory.

**General Assessment Information**

“It is the responsibility of students to view their marks for each within session assessment on iLearn within 20 working days of posting. If there are any discrepancies, students must contact the unit convenor immediately. Failure to do so will mean that queries received after the release of final results regarding assessment marks (not including the final exam mark) will not be addressed.”

**Assignment**

*Due: Friday 27 May 1pm*

*Weighting: 25%*

No extensions will be granted. Late tasks will be accepted up to 72 hours after the submission deadline. There will be a deduction of 10% of the total available marks made from the total awarded mark for each 24 hour period or part thereof that the submission is late (for example, 25 hours late in submission – 20% penalty). This penalty does not apply for cases in which an application for special consideration is made and approved.

This assessment is composed of two parts.

In groups, students will be asked to prepare a presentation of one of the topics covered this semester. They are expected to be able to use real life examples of the content and explain in necessary detail. This is worth 5%

The groups will also be used to complete a group assignment based on an assessment of the financial management of a major Australian multinational. This is worth 20%.

On successful completion you will be able to:

- Understand and appreciate changes in the global financial market that impact on international financial management.
- Demonstrate an understanding of new investment techniques, markets and risk management models.
Critically evaluate advanced concepts relating to foreign exchange, financial derivatives, transaction exposure, capital structure and international portfolio theory.

**Class Test**

**Due:** Week 6  
**Weighting:** 15%

The class test will be held in lectures in week 6 and include written and or multiple choice style questions.

There will be no supplementary test.

Students who have applied for special consideration and it has been approved will receive a verbal examination by two staff members.

You are permitted ONE A4 page of paper containing reference material printed on both sides. The material must be handwritten. The page will not be returned at the end of the examination.

More details regarding the exam will be made on iLearn closer to the exam date.

On successful completion you will be able to:

- Understand and appreciate changes in the global financial market that impact on international financial management.
- Demonstrate an understanding of new investment techniques, markets and risk management models.
- Critically evaluate advanced concepts relating to foreign exchange, financial derivatives, transaction exposure, capital structure and international portfolio theory.

**Quizzes**

**Due:** Refer to iLearn  
**Weighting:** 10%

There shall be 5 quizzes worth 1% each.

There will also be an additional 5% allocated for the creation of topic relevant questions in peerwise to prove their understanding of the material.

No extensions will be granted. Students who have not submitted the task prior to the deadline will be awarded a mark of 0 for the task, except for cases in which an application for special consideration is made and approved. In this case the average score will be awarded.

On successful completion you will be able to:

- Understand and appreciate changes in the global financial market that impact on international financial management.
• Demonstrate an understanding of new investment techniques, markets and risk management models.
• Critically evaluate advanced concepts relating to foreign exchange, financial derivatives, transaction exposure, capital structure and international portfolio theory.

Final Exam
Due: **Saturday 11 June**
Weighting: **50%**

To be eligible to pass the unit, a pass is required in the final examination.

You are permitted ONE A4 page of paper containing reference material printed on both sides. The material must be handwritten. The page will not be returned at the end of the examination.

The final exam will consist of an envelgilated online exam.

On successful completion you will be able to:
• Understand and appreciate changes in the global financial market that impact on international financial management.
• Demonstrate an understanding of new investment techniques, markets and risk management models.
• Critically evaluate advanced concepts relating to foreign exchange, financial derivatives, transaction exposure, capital structure and international portfolio theory.

Delivery and Resources

Classes
• Students should attend one 3 hour class per week.
• The timetable for classes can be found on the University web site at: [http://www.timetables.mq.edu.au/](http://www.timetables.mq.edu.au/)

• Prizes for this unit (if applicable). [http://www.businessandeconomics.mq.edu.au/undergraduate_degrees/prizes_scholarships](http://www.businessandeconomics.mq.edu.au/undergraduate_degrees/prizes_scholarships)

Required and Recommended texts and/or materials
• International Financial Management: 7th Edition Eun & Resnick, Publisher: McGraw-Hill Irwin Copyright
• Set chapters for each topic’s lecture are drawn from this text and identified in the lecture topic table below. Students should read these chapters prior to the lecture, so that they are familiar
with the material to be covered. This will greatly enhance your learning experience.

- Required texts can be purchased from the Macquarie University Co-op Bookshop.

### Technology Used and Required

- Financial non-programmable calculators can be used in the unit. A financial calculator is not essential as a scientific non-programmable calculator should meet all your needs (calculation of the Internal Rate of Return (IRR) is not required in any of the assessment tasks). Note: Only non-programmable calculators without text retrieval functionality are allowed for use in the unit’s assessments tasks.
- Excel or similar spreadsheeting tool will be required to complete the assignment.
- Students should have access to the internet.

### Unit Web Page

- Course material and announcements are available on the learning management system (iLearn).
