Unit description
The unit provides a foundational overview of the theoretical perspectives that have contributed to the history and philosophy of early childhood education. It examines philosophies, theories and theorists over time that have helped shape our views of children and children’s learning. Students learn about social and political changes and their impact on curriculum and early childhood provisions in Australia today. Students recognise the importance of philosophy in early childhood education and care as they read research and engage with philosophical ideas.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

- Demonstrate an understanding of the historical basis of early childhood philosophy
- Discuss the theoretical influences underpinning early childhood pedagogies and practices
- Identify how history and philosophy have impacted Australian early childhood education
- Develop the skills of researching, writing, presenting and submitting academic work
General Assessment Information

Department of Educational Studies (EC) Assessment Presentation & Submission Guidelines

Please follow these guidelines when you submit each assignment:

- Allow a left and right-hand margin of at least 2cm in all assignments.
- Please type all assignments using 12-point font and 1.5 spacing.
- All assessments must be submitted through Turnitin in .doc or .pdf format for submission.
- It is the onus of the student to ensure that all assessments are successfully submitted through Turnitin.
- Faculty assignment cover sheets are NOT required for this unit.

Draft Submissions & Turnitin Originality Reports

- Students may use Turnitin’s Originality Report as a learning tool to improve their academic writing if this option is made available in the unit.
- Students are strongly encouraged to upload a draft copy of each assessment to Turnitin at least one week prior to the due date to obtain an Originality Report.
- The Originality Report provides students with a similarity index that may indicate if plagiarism has occurred. Students will be able to make amendments to their drafts prior to their final submission on the due date.
- Generally, one Originality Report is generated every 24 hours up to the due date.

When preparing your assignments, it is essential that:

- Students must retain a copy of all assignments before submission, and retain the copy until your final grade for the subject has been received;
- Marks will be deducted if you submit your assessment late (refer to the 'late assessments' section below for more details);
- Unless there are exceptional circumstances, no assessment will be accepted after the date that the assessment has been returned to other students.
- If an assessment is considered to be below passing standard, another staff member on the unit will provide a second opinion. No failed assessment may be re-submitted.

Final Submissions
Students are responsible for checking that their submission has been successful and has been submitted by the due date and time.

Late submissions due to last minute technical difficulties will incur a lateness penalty.*

Assignment extensions and late penalties

Applications for extensions must be made via AskMQ at https://ask.mq.edu.au as a "Disruption to Studies" request before the submission date. Students who experience a disruption to their studies through ill-health or misadventure are able to apply for this request. Extensions can only be granted if they meet the Disruption to Studies policy and are submitted via ask.mq.edu.au. This will ensure consistency in the consideration of such requests is maintained.

In general, there should be no need for extensions except through illness or misadventure that would be categorised as unavoidable disruption according to the University definition of same, and currently available at:

http://students.mq.edu.au/student_admin/exams/disruption_to_studies/

Late submissions without extension will receive a penalty of 5% reduction of the total possible mark for each day late (including weekends and public holidays). You are reminded that submitting even just 1 day late could be the difference between passing and failing a unit. Late penalties are applied by unit convenors or their delegates after tasks are assessed.

No assessable work will be accepted after the return/release of marked work on the same topic. If a student is still permitted to submit on the basis of unavoidable disruption, an alternative topic may be set.

Students should keep an electronic file of all assessments. Claims regarding "lost" assessments cannot be made if the file cannot be produced. It is also advisable to keep an electronic file of all drafts and the final submission on a USB untouched/unopened after submission. This can be used to demonstrate easily that the assessment has not been amended after the submission date.

Please notify the unit coordinator of your intention to request an extension (via Dialogue in iLearn), however, an extension will only be granted on receipt of the completed form submitted through ask.mq.edu.au, plus documentation.

Emails are not appropriate means of extension requests.

It is essential that you plan ahead and organise your study time effectively. Poor time management is not grounds for an extension.

Department of Educational Studies (EC) Academic Honesty Guidelines:
All assignments should cite and provide full bibliographical details of all material that you have used to inform or support your ideas. Early Childhood students are required to use the American Psychological Association (APA) referencing procedures. Full details about how to cite and reference correctly can be found in Perrin (2015) and in the Academic Honesty Handbook.

The following guide can be purchased from the Co-op Bookshop. This is a required text: *

**Units with Quiz Assessments**

Online quizzes are an individual assessment task and **MUST BE COMPLETED by each student individually**. Similarities in responses between students will be checked and investigated for possible collusion. Please see the Academic Honesty Handbook for more information.

**Assessment 1**

**Due:** See ilearn (various dates)

**Weighting:** 15%

Students will **choose one theory/theorist to present** in a creative way. External students will present on the on campus days (18/4/ or 27/5/2017). More details on how external students will choose their theorist will be provided in the ilearn site.

External students can work in pairs or alone for this presentation and they are welcome to use a variety of media/ways to deliver their presentation.

All students will also be able to consult with the convenor before their presentation.

On successful completion you will be able to:
Unit guide ECHE120 History and Philosophy of Early Childhood

- Demonstrate an understanding of the historical basis of early childhood philosophy
- Discuss the theoretical influences underpinning early childhood pedagogies and practices
- Develop the skills of researching, writing, presenting and submitting academic work

Assessment 2
Due: 28/4/2017
Weighting: 10%

A short online quiz to revise weeks 1-6 (10 multiple choice questions - one attempt - quiz will be open on FRIDAY the 28th of April (from 6 pm to 8 pm).

See ilearn for more details

On successful completion you will be able to:
- Demonstrate an understanding of the historical basis of early childhood philosophy

Assessment 3
Due: 31/5/2017
Weighting: 35%

This assignment requires you to research and write about one (or more) of the early childhood theorists discussed in weeks 7 - 11 (800-1000 words). Submitted via Turnitin. You will need the compulsory readings and at least two more academic readings on your chosen theorist. The assignment will need to follow the APA referencing system.

The ilearn outline will have more details on more specific questions you will need to cover for this assignment.

On successful completion you will be able to:
- Demonstrate an understanding of the historical basis of early childhood philosophy
- Discuss the theoretical influences underpinning early childhood pedagogies and practices
- Identify how history and philosophy have impacted Australian early childhood education
- Develop the skills of researching, writing, presenting and submitting academic work

Assessment 4
Due: Exam period
Weighting: 40%

Open book exam. Students to reply to four out of possible eight questions covering the unit content (lectures; readings; presentations; discussions; activities etc). Please note that you will be able to have your textbook and some notes with you during the exams. However, this type of
exams demand your critical thinking and synthesising skills (not memorization). Deep understanding of the revised theories would be vital for passing the exams. This can be achieved via your weekly engagement with the readings/lectures and tutorial activities - working systematically throughout the session and not just before the exams.

See ilearn for more details.

On successful completion you will be able to:

- Demonstrate an understanding of the historical basis of early childhood philosophy
- Identify how history and philosophy have impacted Australian early childhood education

**Delivery and Resources**

**Lectures:** ECHE 120 involves one 1 hour lecture per week (on-line pre-recorded). The weekly lecture will be recorded and available every week via ECHO on the unit iLearn site.

**Internal Students:** Weekly face to face tutorials run on THURSDAY afternoons (starting the second week of the session, 10/3, see STUDY SCHEDULE and iLearn guide for more details).

- Thursday 9.00 -11.00 am C5A 232
- Thursday 2.00 - 4.00 pm W6B 320

**External Students:** compulsory attendance for TWO on campus days (18/4/2017 + 27/5/2017, 9.00 am - 4.00 pm).

**Department of Educational Studies Electronic Communication**

During semester time, staff may contact students using the following ways:

- Dialogue function on iLearn

https://unitguides.mq.edu.au/unit_offerings/73139/unit_guide/print
• Official MQ Student Email Address

It is the student’s responsibility to check all electronic communication on a regular weekly basis.

**Department of Educational Studies (EC) Unit Expectations** *

• In order to be eligible for a passing grade, students must meet the following attendance requirements:
  ◦ Internal Students: Participate in at least 80% of all tutorials – punctuality is expected. Consistent lateness or absence will jeopardise a passing grade
  ◦ External Students: Participate in all on-campus sessions – punctuality is expected.
• Students are required to contribute to all online and tutorials tasks
• Students are expected to read weekly readings before completing tasks and attending tutorials
• Students are expected to listen/attend weekly lectures before completing tasks and attending tutorials
• All assessment tasks must be submitted

**Withdrawing from this UG Unit** *

If you are considering withdrawing from this unit, please seek academic advice by writing to ie c@mq.edu.au before doing so as this unit may be a co-requisite or prerequisite for units in the following semesters and may impact on your progression through the degree.

Graduate Capabilities

Creative and Innovative

Our graduates will also be capable of creative thinking and of creating knowledge. They will be imaginative and open to experience and capable of innovation at work and in the community. We want them to be engaged in applying their critical, creative thinking.
This graduate capability is supported by:

**Learning outcomes**
- Demonstrate an understanding of the historical basis of early childhood philosophy
- Discuss the theoretical influences underpinning early childhood pedagogies and practices
- Develop the skills of researching, writing, presenting and submitting academic work

**Assessment task**
- Assessment 1

**Commitment to Continuous Learning**
Our graduates will have enquiring minds and a literate curiosity which will lead them to pursue knowledge for its own sake. They will continue to pursue learning in their careers and as they participate in the world. They will be capable of reflecting on their experiences and relationships with others and the environment, learning from them, and growing - personally, professionally and socially.

This graduate capability is supported by:

**Learning outcome**
- Demonstrate an understanding of the historical basis of early childhood philosophy

**Assessment tasks**
- Assessment 2
- Assessment 3
- Assessment 4

**Discipline Specific Knowledge and Skills**
Our graduates will take with them the intellectual development, depth and breadth of knowledge, scholarly understanding, and specific subject content in their chosen fields to make them competent and confident in their subject or profession. They will be able to demonstrate, where relevant, professional technical competence and meet professional standards. They will be able to articulate the structure of knowledge of their discipline, be able to adapt discipline-specific knowledge to novel situations, and be able to contribute from their discipline to inter-disciplinary solutions to problems.

This graduate capability is supported by:

**Learning outcomes**
- Demonstrate an understanding of the historical basis of early childhood philosophy
- Discuss the theoretical influences underpinning early childhood pedagogies and practices
• Identify how history and philosophy have impacted Australian early childhood education
• Develop the skills of researching, writing, presenting and submitting academic work

Assessment tasks
• Assessment 1
• Assessment 2
• Assessment 3
• Assessment 4

Critical, Analytical and Integrative Thinking
We want our graduates to be capable of reasoning, questioning and analysing, and to integrate and synthesise learning and knowledge from a range of sources and environments; to be able to critique constraints, assumptions and limitations; to be able to think independently and systemically in relation to scholarly activity, in the workplace, and in the world. We want them to have a level of scientific and information technology literacy.

This graduate capability is supported by:

Learning outcomes
• Demonstrate an understanding of the historical basis of early childhood philosophy
• Develop the skills of researching, writing, presenting and submitting academic work

Assessment tasks
• Assessment 1
• Assessment 3
• Assessment 4

Problem Solving and Research Capability
Our graduates should be capable of researching; of analysing, and interpreting and assessing data and information in various forms; of drawing connections across fields of knowledge; and they should be able to relate their knowledge to complex situations at work or in the world, in order to diagnose and solve problems. We want them to have the confidence to take the initiative in doing so, within an awareness of their own limitations.

This graduate capability is supported by:

Learning outcomes
• Demonstrate an understanding of the historical basis of early childhood philosophy
• Discuss the theoretical influences underpinning early childhood pedagogies and practices
• Identify how history and philosophy have impacted Australian early childhood education
• Develop the skills of researching, writing, presenting and submitting academic work
Assessment tasks

- Assessment 1
- Assessment 2
- Assessment 3
- Assessment 4

Effective Communication

We want to develop in our students the ability to communicate and convey their views in forms effective with different audiences. We want our graduates to take with them the capability to read, listen, question, gather and evaluate information resources in a variety of formats, assess, write clearly, speak effectively, and to use visual communication and communication technologies as appropriate.

This graduate capability is supported by:

Learning outcomes

- Demonstrate an understanding of the historical basis of early childhood philosophy
- Discuss the theoretical influences underpinning early childhood pedagogies and practices
- Identify how history and philosophy have impacted Australian early childhood education
- Develop the skills of researching, writing, presenting and submitting academic work

Assessment task

- Assessment 1

Engaged and Ethical Local and Global citizens

As local citizens our graduates will be aware of indigenous perspectives and of the nation's historical context. They will be engaged with the challenges of contemporary society and with knowledge and ideas. We want our graduates to have respect for diversity, to be open-minded, sensitive to others and inclusive, and to be open to other cultures and perspectives: they should have a level of cultural literacy. Our graduates should be aware of disadvantage and social justice, and be willing to participate to help create a wiser and better society.

This graduate capability is supported by:
