A Few Useful Suggestions

Try to do some Croatian every day, even if it is only half an hour. Remember that learning the language is a process of acquiring a skill, rather like learning to swim, and progress can be made only if the learner practices. Knowing in theory what to do with one’s arms and legs is not the same as being able to swim, and the same applies to languages. Knowing the rules will certainly help you understand, speak and write the language, but practice will make you fluent and confident. It is worth remembering that, with a bit of ingenuity, it should be possible to listen to your CD regularly while you are engaged in other necessary activities, i.e. housework, gardening, long car trips, etc.

I suggest you use the following procedure for studying each lesson. First, listen to the dialogue at least two or three times, trying to understand what it is about, in general at first and later in detail. Next, check in the vocabulary and grammar section whether your understanding of the content is correct.

When you feel you understand the text, listen to it again, this time paying attention to the pronunciation. Try to mouth the words and sentences, silently at first. Listen to the text again, this time repeating loudly after the recorded voices.

On-campus Session

The on-campus session will be held at Macquarie University on Saturday 15th April (Room W6A 104) 9:30 am - 4:00 pm. You are urged to attend if at all possible. The on-campus session will provide a lecture on grammar, conversation, tutorials and reading exercises. There will be drills on grammar and vocabulary as covered in the course text-book.

The on-campus session is not compulsory but it is strongly recommended.
